SOCIAL WORK IN LONDON, 1869 TO 1912

A HISTORY OF THE CHARITY ORGANISATION SOCIETY (CLASSIC REPRINT)

Forgotten Books Excerpt from Social Work in London, 1869 to 1912: A History of the Charity Organisation Society The first part of the record has been devoted to chronicling the origin and internal development of the Society itself. It is in a certain sense a domestic record, a sort of family history, which may naturally be of more interest to members of the family than to the outside world. It must lack, too, the human appeal which attends upon revelations of the private life of individuals; we all like to read about a man's early struggles to establish himself in life, especially when he is encom passed about by the machinations of enemies and rivals; and our sympathies are easily roused by his subsequent difficulties with his family - with the sons who get into debt or repudiate his authority, and the daughters who fall in love with the wrong curate or demand a latchkey. It is less stimulating to hear how a Society achieves success in the face of manifold difficulties, and how its committees become insolvent or do bad case work, or take up with unorthodox views, or set themselves up as rivals to their parent; although to those who have taken part in these various crises the anxieties and passions involved may be intensely keen. Our appeal, therefore, is to an inner and an outer circle of readers, and should any find himself upon the wrong track it will be easy for him to move to more congenial ground. Palgrave Macmillan This volume challenges many widely held beliefs about the efficacy of the London Charity Organisation Society. Politicians, social administrators, sociologists, economists, biographers and historians have been swayed by the strength of their propaganda. The Charity Organisation Society continues to be used as an institutional model to illustrate the alleged advantages of voluntarism over state benefits. *Poor Relief and Charity 1869-1945* exposes the misleading nature of many of its claims. It explains why they were shunned by other charities, treated with suspicion by parish clergy, disregarded by poor law guardians and seen as little different from the stigmatized poor law by those in need.

STANNARY BAND OF HOPE MONTHLY VISITOR**OCTOBER, 1869 SEPTEMBER, 1872 (CLASSIC REPRINT)**

Forgotten Books Excerpt from *Stannary Band of Hope Monthly Visitor: October, 1869 September, 1872* A bundle was soon made up, with which Norris departed. Several days elapsed, and the work not being returned, Mr. B. Sent to his residence to ask the reason. Alas! It was the same old tale of sorrow. The husband and father had gone on a drinking frolic, leaving a sick wife and three starving children. Mr. B.'s generous heart prompted him to go to their relief at once. He entered the miserable dwelling, and found the sick woman lying in a room almost bare of furniture; while the children, sitting on the oor by the bedside, were crying for bread. A few kind words and a promise of something to eat, soon dried their tears and hastening to the grocery, he returned with an ample supply, which he broke among the famishing children. ENGLISH PATENTS OF INVENTIONS, SPECIFICATIONS**1869, 2840 - 2911****BELGRAVIA, VOL. 8****A LONDON MAGAZINE; JUNE 1869 (CLASSIC REPRINT)**

Forgotten Books Excerpt from *Belgravia, Vol. 8: A London Magazine; June 1869* Sheridan was daring in his denials. He asserted loudly all through his life that he had never read a line of Wycherley, had never seen Garrick act, and had never sat a play out since he was hem. One thing is singular - he never published in England a corrected edition of *The School for Scandal*, and told Mr. Ridgway as an excuse (having been paid for the copyright), that he had been nineteen years trying to satisfy himself with the style, and had never succeeded. Our Eng lish play-writers borrow so remorselessly from the Gauls, that it is a satisfaction to note that Sheridan's comedy has been translated into French in countless versions, and under many different names. There is a stage tradition that Sheridan was, as usual, terribly procrastinating in producing the play. On the last slip he wrote, Finished at last; thank God I - R. B. Sheridan. Below this the prompter added his devout response, Amen - W. Hopkins. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. BANDITRY IN WEST JAVA

1869-1942

NUS Press Banditry was rife around Batavia (modern Jakarta) during the late colonial period, with at least one major robbery committed every day. Banditry in West Java identifies the bandits and describes their working methods and their motives, which often went beyond simple self-enrichment. It also explores the world of the robbers' victims, city-dwellers for whom the robbers were the antithesis of civilization, convenient objects onto which respectable citizens projected their own preoccupations with sex, violence, and magic. The colonial police force in the Dutch East Indies was reformed in the early 1920s, and banditry was subsequently brought under control. However, the bandit tradition lived on in Javanese popular imagination and folk culture, not least in tales of Si Pitung, a Robin Hood figure who flourished in nineteenth-century Batavia. The author argues that banditry in Batavia was closely linked with the modernization process, particularly the ready availability of firearms and the rise of a money economy. However, her findings do little to support suggestions that banditry should be seen as part of the revolutionary struggle for independence in Indonesia. Banditry in West Java is a translation of 'Batavia bij Nacht: Bloei en ondergang van het Indonesisch roverswezen in Batavia en de Ommelanden, 1869-1942. (Amsterdam: Uitgeverij Aksant, 2006).
