KEY=XPRO - KALEIGH GRETCHEN

WORDS WITHOUT PICTURES

Words Without Pictures was originally conceived of by curator Charlotte Cotton as a means of creating spaces for thoughtful and urgent discourse around current issues in photography. Every month for a year, beginning in November 2007, an artist, educator, critic, art historian, or curator was invited to contribute a short, un-illustrated, and opinionated essay about an aspect of photography that, in his or her view, was either emerging or in the process of being rephrased. Each piece was available on the Words Without Pictures website for one month and was accompanied by a discussion forum focused on its specific topic. Over the course of its month-long life, each essay received both invited and unsolicited responses from a wide range of interested parties: students, photographers active in the commercial sector, bloggers, critics, historians, artists of all kinds, educators, publishers, and photography enthusiasts alike all coming together to consider the issues at hand. All of these essays, responses, and other provocations are gathered together in a volume designed by David Reinfurt of Dexter Sinister. Previously issued as a print-on-demand title, Aperture is pleased to present Words Without Pictures to the trade for this first time as part of the Aperture Ideas series.

ADVANCING YOUR PHOTOGRAPHY

A HANDBOOK FOR CREATING PHOTOS YOU'LL LOVE

Mango Media Inc. **VALUABLE PHOTOGRAPHY TIPS** Jumpstart your photography: Take your photography to the next level with this easy to understand and use handbook that is packed with tips from some of the

world's best photographers. Find out how you can apply their secrets for capturing outstanding photos. With this book you will understand all steps needed to be a fantastic photographer. Buy it, read it and use it to create photos that you and others will love! - Tips on mastering the key points of operating your camera like a pro
- Secrets to processing your images to professional standards
- Compact design that will easily fit in your camera bag

FINE ART PRINTING FOR PHOTOGRAPHERS

EXHIBITION QUALITY PRINTS WITH INKJET PRINTERS

"O'Reilly Media, Inc." Today's digital cameras provide image data files allowing large-format output at high resolution. At the same time, printing technology has moved forward at an equally fast pace bringing us new inkjet systems capable of printing in high precision at a very fine resolution, providing an amazing tonality range and longtime stability of inks. Moreover, these systems are now affordable to the serious photographer. In the hands of knowledgeable and experienced photographers, these new inkjet printers can help create prints comparable to the highest quality darkroom prints on photographic paper.

This book provides the necessary foundation for fine art printing: The understanding of color management, profiling, paper and inks. It demonstrates how to set up the printing workflow as it guides the reader step-by-step through this process from an image file to an outstanding fine art print.

THE SWORD AND THE SHIELD

THE REVOLUTIONARY LIVES OF MALCOLM X AND MARTIN LUTHER KING JR.

Hachette UK This dual biography of Malcolm X and Martin Luther King upends longstanding preconceptions to transform our understanding of the twentieth century's most iconic African American leaders. To most Americans, Malcolm X and Martin Luther King Jr. represent contrasting ideals: self-defense vs. nonviolence, black power vs. civil rights, the sword vs. the shield. The struggle for black freedom is wrought with the same contrasts. While nonviolent direct action is remembered as an unassailable part of American democracy, the movement's militancy is either vilified or erased outright. In *The Sword and the Shield*, Peniel E. Joseph upends these misconceptions and reveals a nuanced portrait of two men who, despite markedly different backgrounds, inspired and pushed each other throughout their adult lives. This is a strikingly revisionist biography, not only of Malcolm and Martin, but also of the movement and era they came to define.

LOST IN A GOOD GAME

WHY WE PLAY VIDEO GAMES AND WHAT THEY CAN DO FOR US

Icon Books 'Etchells writes eloquently ... A heartfelt defence of a demonised pastime' The Times 'Once in an age, a piece of culture comes along that feels like it was specifically created for you, the beats and words and ideas are there because it is your life the creator is describing. *Lost In A Good Game* is exactly that. It will touch your heart and mind. And even if Bowser, Chun-li or Q-Bert weren't crucial parts of your youth, this is a flawless victory for everyone' Adam Rutherford When Pete Etchells was 14, his father died from motor neurone disease. In order to cope, he immersed himself in a virtual world - first as an escape, but later to try to understand what had happened. Etchells is now a researcher into the psychological effects of video games, and was co-author on a recent paper explaining why WHO plans to classify 'game addiction' as a danger to public health are based on bad science and (he thinks) are a bad idea. In this, his first book, he journeys through the history and development of video games - from Turing's chess machine to mass multiplayer online games like *World of Warcraft*- via scientific study, to investigate the highs and lows of playing and get to the bottom of our relationship with games - why we do it, and what they really mean to us. At the same time, *Lost in a Good Game*

is a very unusual memoir of a writer coming to terms with his grief via virtual worlds, as he tries to work out what area of popular culture we should classify games (a relatively new technology) under.

THE FUJIFILM X-T1

111 X-PERT TIPS TO GET THE MOST OUT OF YOUR CAMERA

Rocky Nook, Inc. In this book, popular Fuji Rumors "X-Pert Corner" columnist Rico Pfisteringer teaches about the little-known capabilities of the X-T1, which he's discovered through months of in-depth research and experimentation with the camera. After a brief overview of the camera's basic functions, Rico cuts to the chase and provides a plethora of tips and practical instructions not found in the user's manual. With this knowledge, you will be able to fully exploit the capabilities of the X-T1. The Fujifilm X-series cameras have amazing features but may require an adjustment period for those new to using these cameras, even photographers who have been lifetime DSLR shooters. This guide will help you to quickly feel comfortable using your camera so that you can achieve excellent results. Topics covered include: Menu shortcuts Long exposures Firmware upgrades Hybrid autofocus system Auto and manual focusing Face detection Infrared imaging Film simulations Custom settings Burst mode Panoramas Movies Self-timer Flash Adapted lenses And much more... This book includes complete coverage of the camera's new firmware features that were introduced in December 2014.

INNOVATING OUT OF CRISIS

HOW FUJIFILM SURVIVED (AND THRIVED) AS ITS CORE BUSINESS WAS VANISHING

Stone Bridge Press CEO Shigetaka Komori's own story of why Fujifilm succeeded where Kodak failed, with hard-won lessons for managers and employees everywhere

PAGAN AND CHRISTIAN ROME

A well-illustrated study of the famous places and buildings in Rome in the early Christian period.

SCANNERS FOR DUMMIES

John Wiley & Sons

LOGIC PRO X FOR DUMMIES

John Wiley & Sons Spend less time learning and more time recording Logic Pro X offers Mac users the tools and power they need to create recordings ready to share with the world. This book provides the know-how for navigating the interface, tweaking the settings, picking the sounds, and all

the other tech tasks that get in the way of capturing the perfect take. Written by a Logic Pro X trainer who's used the software to further his own music career, Logic Pro X For Dummies cuts back on the time needed to learn the software and allows for more time making amazing recordings. Record live sound sources or built-in virtual instruments Arrange your tracks to edit, mix, and master Discover tips to speed the process and record on an iPad Make sense of the latest software updates A favorite among Logic Pro X beginners, this book is updated to reflect the ongoing changes added to enhance Logic Pro X's recording power.

LINUX ESSENTIALS

John Wiley & Sons Learn Linux, and take your career to the next level! Linux Essentials, 2nd Edition provides a solid foundation of knowledge for anyone considering a career in information technology, for anyone new to the Linux operating system, and for anyone who is preparing to sit for the Linux Essentials Exam. Through this engaging resource, you can access key information in a learning-by-doing style. Hands-on tutorials and end-of-chapter exercises and review questions lead you in both learning and applying new information—information that will help you achieve your goals! With the experience provided in this compelling reference, you can sit down for the Linux Essentials Exam with confidence. An open source operating system, Linux is a UNIX-based platform that is freely updated by developers. The nature of its development means that Linux is a low-cost and secure alternative to other operating systems, and is used in many different IT environments. Passing the Linux Essentials Exam prepares you to apply your knowledge regarding this operating system within the workforce. Access lessons that are organized by task, allowing you to quickly identify the topics you are looking for and navigate the comprehensive information presented by the book Discover the basics of the Linux operating system, including distributions, types of open source applications, freeware, licensing, operations, navigation, and more Explore command functions, including navigating the command line, turning commands into scripts, and more Identify and create user types, users, and groups Linux Essentials, 2nd Edition is a critical resource for anyone starting a career in IT or anyone new to the Linux operating system.

FUCK YEAH, VIDEO GAMES

THE LIFE AND EXTRA LIVES OF A PROFESSIONAL NERD

Unbound Publishing As Daniel Hardcastle careers towards thirty, he looks back on what has really made him happy in life: the friends, the romances... the video games. Told through encounters with the most remarkable - and the most mind-boggling - games of the last thirty-odd years, Fuck Yeah, Video Games is also a love letter to the greatest hobby in the world. From God of War to Tomb Raider, Pokémon to The Sims, Daniel

relives each game with countless in-jokes, obscure references and his signature wit, as well as intricate, original illustrations by Rebecca Maughan. Alongside this march of merriment are chapters dedicated to the hardware behind the games: a veritable history of Sony, Nintendo, Sega and Atari consoles. Joyous, absurd, personal and at times swears, Daniel's memoir is a celebration of the sheer brilliance of video games.

A HISTORY OF THE PHOTOGRAPHIC LENS

Academic Press Contents: Introduction. Meniscus Landscape Lenses; Portrait Lenses; Early Double Objectives; Optical Glass; The First Anastigmats; The Triplet Lens and Its Modifications; Meniscus Anastigmats; Telephoto Lenses; Reversed Telephoto Lenses; Varifocal and Zoom Lenses; Catadioptric (Mirror) Systems; Lens Attachments; Brief Biographies. Appendix: A Glossary of Optical Terms. Index. In this book, author Kingslake traces the historical development of the various types of lenses from Daguerre's invention of photography in 1839 through lenses commonly used today. Provides valuable information to anyone interested in the evolution of lens design.

TELEPHOTO WORK

TUBE OF PLENTY

THE EVOLUTION OF AMERICAN TELEVISION

Oxford University Press Based on the classic History of Broadcasting in the United States, Tube of Plenty represents the fruit of several decades' labor. When Erik Barnouw--premier chronicler of American broadcasting and a participant in the industry for fifty years--first undertook the project of recording its history, many viewed it as a light-weight literary task concerned mainly with "entertainment" trivia. Indeed, trivia such as that found in quiz programs do appear in the book, but Barnouw views them as part of a complex social tapestry that increasingly defines our era. To understand our century, we must fully comprehend the evolution of television and its newest extraordinary offshoots. With this fact in mind, Barnouw's new edition of Tube of Plenty explores the development and impact of the latest dramatic phases of the communications revolution. Since the first publication of this invaluable history of television and how it has shaped, and been shaped by, American culture and society, many significant changes have occurred. Assessing the importance of these developments in a new chapter, Barnouw specifically covers the decline of the three major networks, the expansion of cable and satellite television and film channels such as HBO (Home Box Office), the success of channels catering to special audiences such as ESPN (Entertainment and Sports Programming Network) and MTV (Music Television), and the arrival of VCRs in America's living rooms. He also includes an appendix entitled "questions

for a new millennium," which will challenge readers not only to examine the shape of television today, but also to envision its future.

SLEAZOID EXPRESS

A MIND-TWISTING TOUR THROUGH THE GRINDHOUSE CINEMA OF TIMES SQUARE

Touchstone Books 'Sleazoid Express' reproduces the experience of watching a movie in the grindhouse setting. Each chapter focuses on a unique exploitation genre (blood horror, celebrity crime, etc.) and paints a close, intimate portrait of its directors, stars and showcases.

OYDSSEY

This book is designed to make you successful in your quest to photograph birds and create stunning bird images Tim Boyer is a graduate of the Seattle Audubon Master Birder Program, an award-winning photographer, an experienced instructor and bird photography workshop leader.

ARTHUR ASHE

A LIFE

Simon & Schuster A NEW YORK TIMES NOTABLE BOOK A "thoroughly captivating biography" (The San Francisco Chronicle) of American icon Arthur Ashe—the Jackie Robinson of men's tennis—a pioneering athlete who, after breaking the color barrier, went on to become an influential civil rights activist and public intellectual. Born in Richmond, Virginia, in 1943,

by the age of eleven, Arthur Ashe was one of the state's most talented black tennis players. He became the first African American to play for the US Davis Cup team in 1963, and two years later he won the NCAA singles championship. In 1968, he rose to a number one national ranking. Turning professional in 1969, he soon became one of the world's most successful tennis stars, winning the Australian Open in 1970 and Wimbledon in 1975. After retiring in 1980, he served four years as the US Davis Cup captain and was inducted into the International Tennis Hall of Fame in 1985. In this "deep, detailed, thoughtful chronicle" (The New York Times Book Review), Raymond Arsenault chronicles Ashe's rise to stardom on the court. But much of the book explores his off-court career as a human rights activist, philanthropist, broadcaster, writer, businessman, and celebrity. In the 1970s and 1980s, Ashe gained renown as an advocate for sportsmanship, education, racial equality, and the elimination of apartheid in South Africa. But from 1979 on, he was forced to deal with a serious heart condition that led to multiple surgeries and blood transfusions, one of which left him HIV-positive. After devoting the last ten months of his life to AIDS activism, Ashe died in February 1993 at the age of forty-nine, leaving an inspiring legacy of dignity, integrity, and active citizenship. Based on prodigious research, including more than one hundred interviews, Arthur Ashe puts Ashe in the context of both his time and the long struggle of African-American athletes seeking equal opportunity and respect, and "will serve as the standard work on Ashe for some time" (Library Journal, starred review).

KIRKINTILLOCH, TOWN AND PARISH

THE ECONOMICS OF BUSINESS ENTERPRISE

Edward Elgar Publishing This new edition of *The Economics of Business Enterprise* provides a comprehensive survey of the theory of the firm from the perspective of New Institutional Economics. It continues to emphasise the role of the entrepreneur within the firm and the emergence of institutional responses to rent seeking. Neoclassical, Transactions Cost, Austrian, Public Choice and Property Rights perspectives are contrasted and used to analyse private governance arrangements, contemporary developments in organisational form such as 'the sharing economy' and the regulatory framework.

THE CATHEDRAL BUILDERS

THE STORY OF A GREAT MASONIC GUILD

DigiCat "The Cathedral Builders" by Leader Scott is a book about Church architecture and the efforts of various Cathedral builders. The book explains how and why such a powerful and influential guild seemed to spring from a little island in Lake Como, and how their worldwide reputation grew, the following scraps of history, borrowed from many an

ancient source.

APPLIED ETHICS IN A TROUBLED WORLD

Springer Science & Business Media During the last two decades, applied ethics has not only developed into one of the most important philosophical disciplines but has also differentiated into so many subdisciplines that it is becoming increasingly difficult to survey it. A much-needed overview is provided by the eighteen contributions to this volume, in which internationally renowned experts deal with central questions of environmental ethics, bioethics and medical ethics, professional and business ethics, social, political, and legal ethics as well as with the aims and foundations of applied ethics in general. Thanks to a philosophical introduction and selected bibliographical references added to each chapter, the book is very well suited as a basis for courses in applied ethics. It is directed not only to philosophers and to ethicists from other disciplines but to scientists in general and to all people who are interested in the rational discussion of moral principles and their application to concrete problems in the sciences and in everyday life.

THE CAMBRIDGE DICTIONARY OF SOCIOLOGY

Cambridge University Press Providing an authoritative and comprehensive overview of the classical and the contemporary, this volume is an indispensable guide to the vibrant and expanding field of sociology. Featuring over 600 entries, from concise definitions to discursive essays, written by leading international academics, the Dictionary offers a truly global perspective, examining both American and European traditions and approaches. Entries cover schools, theories, theorists and debates, with substantial articles on all key topics in the field. While recognising the richness of historical sociological traditions, the Dictionary also looks forward to new and evolving influences such as cultural change, genetics, globalization, information technologies, new wars and terrorism. Most entries incorporate references for further reading and a cross-referencing system enables easy access to related areas. This Dictionary is an invaluable reference work for students and academics alike and will help to define the field of sociology in years to come.

SHARE THIS TOO

MORE SOCIAL MEDIA SOLUTIONS FOR PR PROFESSIONALS

John Wiley & Sons The follow up to Share This: The Social Media Handbook for PR Professionals. Share This is a practical handbook to the changes taking place in the media and was conceived and written by 24 public relations practitioners using many of the social tools and techniques that it addresses. The book covered the media and public relations industry, planning, social networks, online media relations, monitoring and

measurement, skills, industry change and the future of the industry. Share This Too is also a pragmatic guide for anyone that wants to continue working in public relations. It is a larger book with more than 30 contributors, including all of those from the highly successful first book and many of whom are successful authors in their own right. It probes more deeply into the subject and is divided into seven sections: The future of public relations Audiences and online habits Conversations New channels, new connections Professional practice Business change and opportunities for the public relations industry Future proofing the public relations industry The content entirely complements the first book rather than merely updates it. It delves deeply into what is current in the theory, delivery and evaluation of 21st century public relations and organisational communication.

LONG LIFE COOL WHITE

PHOTOGRAPHS & ESSAYS

Harvard Univ Art Museum Photographer Moyra Davey takes quiet but ravishing photographs of typically overlooked and banal objects. Newspapers, dust, books, money, empty bottles, and the things on top of refrigerators all figure in series of pictures that bring viewers into a state of increased sensitivity to their everyday lives. Long Life Cool White features forty-five of the artist's photographs from the past two decades. Davey's relationship to such traditions as street and conceptual photography and French surrealism can be seen throughout these pages. Noted scholar Helen Molesworth examines the domestic content of Davey's work as well as Davey's burgeoning career as a writer. The book also includes Davey's insightful essay "Notes on Photography and Accident," in which she discusses the themes of chance, death, and the poetic that occur in the writings of three major theorists of photography: Roland Barthes, Walter Benjamin, and Susan Sontag.

MAC 911

Peachpit Press This easy-to-use guide covers troubleshooting tips and tricks for Mac hardware and software, written by the well-known Macworld columnist and Macintosh guru Chris Breen. The book contains troubleshooting tips and techniques for both Mac OS 9 and OS X, and additional projects for making a Macintosh more productive-sharing files, making Mac OS X work more like Mac OS 9, and more.

EXTREME ALPINISM

CLIMBING LIGHT, HIGH, AND FAST

The Mountaineers Books * The book that launched a renaissance in climbing technique and remains relevant today * Techniques and mental skills needed to climb at a more challenging level * Illustrated with full-

color photos throughout Big, high routes at the edge of a climber's ability are not the places for inventing technique or relying on old habits. Complacency can lead to fatal errors. So where does the hard-core aspirant or dreamer turn? The only master class in print, *Extreme Alpinism* delivers an expert dose of reality and practical techniques for advanced climbers. Focusing on how top alpine climbers approach the world's most difficult routes, Twight centers his instruction on the ethos of climbing the hardest routes with the least amount of gear and the most speed. Throughout, Twight makes it clear that the two things he refuses to compromise are safety and his climbing ethics. In addition to the extensive chapters on advanced techniques and skills, Twight also discusses mental preparedness and attitude; strength and cardiovascular training; good nutrition; and tips on equipment and clothing.

"EZRA POUND SPEAKING"

RADIO SPEECHES OF WORLD WAR II

Praeger

ON HASHISH

Harvard University Press *On Hashish* is Walter Benjamin's posthumous collection of writings, providing a unique and intimate portrait of the man himself, of his experiences of hashish, and also of his views on the Weimar Republic.

CARING FOR YOUR SCOOTER

HOW TO MAINTAIN & SERVICE YOUR 49CC TO 125CC TWIST & GO SCOOTER

Veloce Publishing Ltd With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

THE LEICA

A HISTORY ILLUSTRATING EVERY MODEL AND ACCESSORY

IN CAMERA: HOW TO GET PERFECT PICTURES STRAIGHT OUT OF THE CAMERA

Hachette UK Understand your camera's capabilities. Master the skills of

exposure, composition and focus. Take amazing photos; no post-processing, no Photoshop, just your own vision. With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. In Camera is the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.

A WORLD IN HDR

New Riders High dynamic range (HDR) photography lets you capture the myriad colors and levels of light that you can see in the real world, and the results are amazing photographs that run the gamut from super real to surreal. Explore this fantastic realm of photography through the unique vision of renowned travel photographer Trey Ratcliff. THE COMPANY WE KEEP

AN ETHICS OF FICTION

Univ of California Press In *The Company We Keep*, Wayne C. Booth argues for the relocation of ethics to the center of our engagement with literature. But the questions he asks are not confined to morality. Returning ethics to its root sense, Booth proposes that the ethical critic will be interested in any effect on the ethos, the total character or quality of tellers and listeners. Ethical criticism will risk talking about the quality of this particular encounter with this particular work. Yet it will give up the old hope for definitive judgments of "good" work and "bad." Rather it will be a conversation about many kinds of personal and social goods that fictions can serve or destroy. While not ignoring the consequences for conduct of engaging with powerful stories, it will attend to that more immediate topic, What happens to us as we read? Who am I, during the hours of reading or listening? What is the quality of the life I lead in the company of these would-be friends? Through a wide variety of periods and genres and scores of particular works, Booth pursues various metaphors for such engagements: "friendship with books," "the exchange of gifts," "the colonizing of worlds," "the constitution of commonwealths." He concludes with extended explorations of the ethical powers and potential dangers of works by Rabelais, D. H. Lawrence, Jane Austen, and Mark Twain.

WHOLE EARTH SOFTWARE CATALOG

Garden City, N.Y. : Quantum Press/Doubleday

THE AMBITIOUS CITY

A MACNEICE MYSTERY

House of Anansi The gripping second installment of the MacNeice Mysteries reads like a crossover episode between Sons of Anarchy and Dexter, as Detective Superintendent MacNeice and his team face off against a gang of violent bikers and a bloodthirsty serial killer... As a local biker war rages — seven shrink-wrapped corpses have been found buried on a farm just outside of Dundurn — an ambitious waterfront project meant to revive the dying industrial city is underway. Dredging is nearly complete when six more bodies turn up at the bottom of the lake. With the body count rising, the situation in Dundurn escalates as a serial killer begins targeting the city's successful young women of colour. Outgunned by the bikers and outmaneuvered by the serial killer, MacNeice convinces Fiza Aziz, the young Muslim detective who burned out on their last case together, to come back to the force. Things go well until Aziz deliberately puts herself in the killer's sights...
