Reflections On A Long Life There has been rising interest in poetry in recent years, especially in America. Unfortunately, like some chamber music (written for virtuoso musicians) many poems are not understood by the average reader. In contrast, Mr. Fields writes poetry everyone can enjoy. A few poems will make you laugh. All the poems will appeal to readers looking for insights into their own feelings about life, love and the hereafter. This beautiful book is a reflection on the exciting past century where the author spent 78 years of his life, observing and experiencing the great events of that era.
