The Dedalus Book of Literary Suicides Dead Letters *Dedalus Concept Books* *Writers have been killing themselves for centuries. From Petronius in ancient Rome to the 20th Century Japanese novelist Yukio Mishima, writers, more than any other kind of artist, have taken their own lives in an extraordinary number of ways. With bullets, poison, drugs and swords, poets, playwrights, novelists and philosophers have sent themselves off into the big sleep. Others, one step shy of that last exit, have made great literature about the urge to self-destruction. For the first time, Gary Lachman investigates the many links between self-death and the written word, bringing together an unusual gallery of literary greats and a host of other fatal characters. Typically for Dedalus, the covers gorgeous. Sasha Selavie in QX International Dead Letters ultimately proves to be at once stimulating and thought-provoking and the section devoted to various suicidal writings is most diverting. Peter Burton in One80 Reviews* **The Dedalus Book of the 1960s Turn Off Your Mind** *SCB Distributors It is the 60s – yes it is magic, sex, drugs and rock and roll. In The Dedalus Book of the 1960s: Turn Off Your Mind, Gary Lachman uncovers the Love Generation's roots in occultism and explores the dark side of the Age of Aquarius. His provocative revision of the 1960s counterculture links Flower Power to mystical fascism, and follows the magical current that enveloped luminaries like the Beatles, Timothy Leary and the Rolling Stones, and darker stars like Charles Manson, Anton LaVey, and the Process Church of the Final Judgment. Acclaimed by satanists and fundamentalist Christians alike, this edition includes a revised text incorporating new material on the 'suicide cult' surrounding Carlos Castaneda; the hippy serial killer Charles Sobhraj; the strange case of Ira Einhorn, 'the Unicorn'; the CIA and ESP; the new millennialism and more. From H.P. Lovecraft to the Hell's Angels, find out how the Morning of the Magicians became the Night of the Living Dead. Around the*

Outsider Essays presented to Colin Wilson on the occasion of his 80th birthday

John Hunt Publishing In May 1956, aged just 24, Colin Wilson achieved success and overnight fame with his philosophical study of alienation and transcendence in modern literature and thought, *The Outsider*. Fifty-four years on, and never out of print in English, the book is still widely read and discussed, having been translated into over thirty languages. In a remarkably prolific career, Wilson, a true polymath, has since written over 170 titles: novels, plays and non-fiction on a variety of subjects. This volume brings together twenty essays by scholars of Colin Wilson's work worldwide and is published in his honour to mark the author's 80th birthday. Each contributor has provided an essay on their favourite Wilson book (or the one they consider to be the most significant). The result is a varied and stimulating assessment of Wilson's writings on philosophy, psychology, literature, criminology and the occult with critical appraisals of four of his most thought-provoking novels. Altogether a fitting tribute to a writer

The Caretakers of the Cosmos Living Responsibly in an Unfinished World *Floris Books* Drawing on esoteric, spiritual and philosophical thought, this book considers the all-important question -- why are we here? -- and offers a counter-argument to the current nihilism prevalent in our world.

The Return of Holy Russia Apocalyptic History, Mystical Awakening, and the Struggle for the Soul of the World *Simon and Schuster* A history of how mystical and spiritual influences have shaped Russia's identity and politics and what it means for the future of world civilization • Examines Russia's spiritual history, from its pagan origins and Eastern Orthodox mysticism to secret societies, Rasputin, Roerich, Blavatsky, and Dostoyevsky • Explains the visionary writings of the spiritual philosophers of Russia's Silver Age, which greatly influence Putin today • Explores what Russia's unique identity and its history of messianic politics and apocalyptic thought mean for its future on the world stage At the turn of the 20th century, a period known as the Silver Age, Russia was undergoing a powerful spiritual and cultural rebirth. It was a time of magic and mysticism that saw a vital resurgence of interest in the occult and a creative intensity not seen in the West since the Renaissance. This was the time of the God-Seekers, pilgrims of the soul and explorers of the spirit who sought the salvation of the world through art and ideas. These sages and their visions of Holy Russia are returning to prominence now through Russian president Vladimir Putin, who, inspired by their ideas, envisions a new "Eurasian" civilization with Russia as its leader.

Exploring Russia's long history of mysticism and apocalyptic thought, Gary Lachman examines Russia's unique position between East and West and its potential role in the future of the world. Lachman discusses Russia's original Slavic paganism and its eager adoption of mystical and apocalyptic Eastern Orthodox Christianity. He explores the Silver Age and its "occult revival" with a look at Rasputin's prophecies, Blavatsky's Theosophy, Roerich's "Red Shambhala," and the philosophies of Berdyaev and Solovyov. He looks at Russian Rosicrucianism, the Illuminati Scare, Russian Freemasonry, and the rise of other secret societies in Russia. He explores the Russian character as that of the "holy fool," as seen in the great Russian literature of the 19th century, especially Dostoyevsky. He also examines the psychic research performed by the Russian government throughout the 20th century and the influence of Evola and the esoteric right on the spiritual and political milieus in

Russia. Through in-depth exploration of the philosophies that inspire Putin's political regime and a look at Russia's unique cultural identity, Lachman ponders what they will mean for the future of Russia and the world. What drives the Russian soul to pursue the apocalypse? Will these philosophers lead Russia to dominate the world, or will they lead it into a new cultural epoch centered on spiritual power and mystical wisdom? **Revolutionaries of the Soul Reflections on Magicians, Philosophers, and Occultists** Quest Books Explorers of occult mysteries and the edges of consciousness change the way we view not only the nature of reality, but also our deepest sense of self. Insightful author Gary Lachman presents punchy, enlightening, and intriguing biographies of some of the most influential esoteric luminaries in recent history. His 16 subjects include Swedish mystical scientist Emanuel Swedenborg; H. P. Blavatsky, Russian cofounder of the Theosophical Society; Austrian philosopher Rudolf Steiner, who inspired the Waldorf School of education; Swiss visionary C. G. Jung, founder of depth psychology; notorious English ceremonial magician Aleister Crowley; Russian esotericist P. D. Ouspensky, explicator of Gurdjieff's early works; and British psychic artist Dion Fortune, who was influential in the modern revival of magical arts. **The Secret Teachers of the Western World** Penguin This epic study unveils the esoteric masters who have covertly impacted the intellectual development of the West, from Pythagoras and Zoroaster to the little-known modern icons Jean Gebser and Schwaller de Lubicz. Running alongside the mainstream of Western intellectual history there is another current which, in a very real sense, should take pride of place, but which for the last few centuries has occupied a shadowy, inferior position, somewhere underground. This "other" stream forms the subject of Gary Lachman's epic history and analysis, *The Secret Teachers of the Western World*. In this clarifying, accessible, and fascinating study, the acclaimed historian explores the Western esoteric tradition – a thought movement with ancient roots and modern expressions, which, in a broad sense, regards the cosmos as a living, spiritual, meaningful being and humankind as having a unique obligation and responsibility in it. The historical roots of our "counter tradition," as Lachman explores, have their beginning in Alexandria around the time of Christ. It was then that we find the first written accounts of the ancient tradition, which had earlier been passed on orally. Here, in this remarkable city, filled with teachers, philosophers, and mystics from Egypt, Greece, Asia, and other parts of the world, in a multi-cultural, multi-faith, and pluralistic society, a synthesis took place, a creative blending of different ideas and visions, which gave the hidden tradition the eclectic character it retains today. The history of our esoteric tradition roughly forms three parts: Part One: After looking back at the earliest roots of the esoteric tradition in ancient Egypt and Greece, the historical narrative opens in Alexandria in the first centuries of the Christian era. Over the following centuries, it traces our "other" tradition through such agents as the Hermeticists; Kabbalists; Gnostics; Neoplatonists; and early Church fathers, among many others. We examine the reemergence of the lost Hermetic books in the Renaissance and their influence on the emerging modern mind. Part Two begins with the fall of Hermeticism in the late Renaissance and the beginning of "the esoteric counterculture." In 1614, the same year that the Hermetic teachings fell from grace, a strange document appeared in Kassel, Germany announcing the existence of a mysterious fraternity: the

Rosicrucians. Part two charts the impact of the Rosicrucians and the esoteric currents that followed, such as the Romance movement and the European occult revival of the late nineteenth century, including Madame Blavatsky and the opening of the western mind to the wisdom of the East, and the fin-de-siècle occultism of the Hermetic Order of the Golden Dawn. Part Three chronicles the rise of "modern esotericism," as seen in the influence of Rudolf Steiner, Gurdjieff, Annie Besant, Krishnamurti, Aleister Crowley, R. A. Schwaller de Lubicz, and many others. Central is the life and work of C.G. Jung, perhaps the most important figure in the development of modern spirituality. The book looks at the occult revival of the "mystic sixties" and our own New Age, and how this itself has given birth to a more critical, rigorous investigation of the ancient wisdom. With many detours and dead ends, we now seem to be slowly moving into a watershed. It has become clear that the dominant, left-brain, reductionist view, once so liberating and exciting, has run out of steam, and the promise of that much-sought-after "paradigm change" seems possible. We may be on the brink of a culminating moment of the esoteric intellectual tradition of the West.

Lost Knowledge of the Imagination Floris Books The ability to imagine is at the heart of what makes us human. Through our imagination we experience more fully the world both around us and within us. Imagination plays a key role in creativity and innovation. Until the seventeenth century, the human imagination was celebrated. Since then, with the emergence of science as the dominant worldview, imagination has been marginalised -- depicted as a way of escaping reality, rather than knowing it more profoundly -- and its significance to our humanity has been downplayed. Yet as we move further into the strange new dimensions of the twenty-first century, the need to regain this lost knowledge seems more necessary than ever before. This insightful and inspiring book argues that, for the sake of our future in the world, we must reclaim the ability to imagine and redress the balance of influence between imagination and science. Through the work of Owen Barfield, Goethe, Henry Corbin, Kathleen Raine, and others, and ranging from the teachings of ancient mystics to the latest developments in neuroscience, *The Lost Knowledge of the Imagination* draws us back to a philosophy and tradition that restores imagination to its rightful place, essential to our knowing reality to the full, and to our very humanity itself.

Dark Star Rising Magick and Power in the Age of Trump Penguin Within the concentric circles of Trump's regime lies an unseen culture of occultists, power-seekers, and mind-magicians whose influence is on the rise. In this unparalleled account, historian Gary Lachman examines the influence of occult and esoteric philosophy on the unexpected rise of the alt-right. Did positive thinking and mental science help put Donald Trump in the White House? And are there any other hidden powers of the mind and thought at work in today's world politics? In *Dark Star Rising: Magick and Power in the Age of Trump*, historian and cultural critic Gary Lachman takes a close look at the various magical and esoteric ideas that are impacting political events across the globe. From *New Thought and Chaos Magick* to the far-right esotericism of Julius Evola and the Traditionalists, Lachman follows a trail of mystic clues that involve, among others, Norman Vincent Peale, domineering gurus and demagogues, Ayn Rand, Pepe the Frog, Rene Schwaller de Lubicz, synarchy, the Alt-Right, meme magic, and Vladimir Putin and his postmodern Rasputin. Come take a drop down the rabbit hole of occult politics in

the twenty-first century and find out the post-truths and alternative facts surrounding the 45th President of the United States with one of the leading writers on esotericism and its influence on modern culture. **Beyond the Robot The Life and Work of Colin Wilson** Penguin Historian Gary Lachman delivers a fascinating, rollicking biography of literary and cultural rebel Colin Wilson, one of the most adventurous, hopeful, and least understood intellects of the past century. You will embark on the intellectual ride of a lifetime in this rediscovery of the life and work of writer, rebel, and social experimenter Colin Wilson (1931-2013). Author of the classic *The Outsider*, Wilson, across his 118 books, purveyed a philosophy of mind power and human potential that made him one of the least understood and most important voices of the twentieth century. Wilson helped usher in the cultural revolution of the 1960s with his landmark work, *The Outsider*, published in 1956. *The Outsider* was an intelligent, meticulous, and unprecedented study of nonconformity in all facets of life. Wilson, finally, became a prolific and unparalleled historian of the occult, providing a generation of readers with a responsible and scholarly entry point to a world of mysteries. Now, acclaimed historian Gary Lachman, a friend of Wilson and a scholar of his work, provides an extraordinary and delightful biography that delves into the life, thought, and evolution of one of the greatest intellectual rebels and underrated visionaries of the twentieth century. **Ulysses Aleister Crowley Magick, Rock and Roll, and the Wickedest Man in the World** Penguin This definitive work on the occult's "great beast" traces the arc of his controversial life and influence on rock-and-roll giants, from the Rolling Stones to Led Zeppelin to Black Sabbath. When Aleister Crowley died in 1947, he was not an obvious contender for the most enduring pop-culture figure of the next century. But twenty years later, Crowley's name and image were everywhere. The Beatles put him on the cover of *Sgt. Pepper's Lonely Hearts Club Band*. The Rolling Stones were briefly serious devotees. Today, his visage hangs in goth clubs, occult temples, and college dorm rooms, and his methods of ceremonial magick animate the passions of myriad occultists and spiritual seekers. Aleister Crowley is more than just a biography of this compelling, controversial, and divisive figure—it's also a portrait of his unparalleled influence on modern pop culture. **Fun Home A Family Tragicomic** Random House DISCOVER the BESTSELLING GRAPHIC MEMOIR behind the 2019 Olivier Award nominated musical. 'A sapphic graphic treat' *The Times* A moving and darkly humorous family tale, pitch-perfectly illustrated with Alison Bechdel's gothic drawings. If you liked Marjane Satrapi's *Persepolis* you'll love this. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high-school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and the family babysitter. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic, and redemptive. Interweaving between childhood memories, college life and present day, and through narrative that is equally heartbreaking and fiercely funny, Alison looks back on her complex relationship with her father and finds they had more in common than she ever knew. 'A groundbreaking masterpiece' *The Independent* 'A finely woven blend of yearning and euphoric fantasy' *Evening Standard* **ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY** **The Dedalus Book of the**

Occult A Dark Muse 'The Dedalus Book of the Occult' celebrates the influence of occult thought on some of the central poets and writers of the last two centuries, beginning with the Enlightenment obsession with occult politics and leading through to the deep occult roots of the modernist movement. **The British National Bibliography A Dark Muse A History of the Occult** Basic Books The occult was a crucial influence on the Renaissance, and it obsessed the popular thinkers of the day. But with the Age of Reason, occultism was sidelined; only charlatans found any use for it. Occult ideas did not disappear, however, but rather went underground. It developed into a fruitful source of inspiration for many important artists. Works of brilliance, sometimes even of genius, were produced under its influence. In *A Dark Muse*, Lachman discusses the Enlightenment obsession with occult politics, the Romantic explosion, the futuristic occultism of the fin de siècle, and the deep occult roots of the modernist movement. Some of the writers and thinkers featured in this hidden history of western thought and sensibility are Emanuel Swedenborg, Charles Baudelaire, J. K. Huysmans, August Strindberg, William Blake, Goethe, Madame Blavatsky, H. G. Wells, Edgar Allan Poe, and Malcolm Lowry. **New York Magazine** New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. **Lúcio's Confession** Decadence from Dedalus When in 1916, Mario de Sa-Carneiro committed suicide in Paris at the age of 26, he left behind him an extraordinary body of work, which dealt obsessively with the problems of identity, madness and solitude. *Lucio's Confession* is the first of his novels to be translated into English. A brilliant and remarkable short novel of great eroticism and enigmatic beauty *Lucio's Confession* is set in the fin de siècle artist circles of Paris and Lisbon. It deals with the friendship of two young Portuguese poets, Lucio and Ricardo de Loureiro, and their search for identity through love. When the bachelor Ricardo returns to Lisbon, to everyone's surprise he is accompanied by a wife. She, Marta, seems the perfect partner, and establishes an immediate rapport with his close friend Lucio on the latter's return from Paris. Soon they become lovers. Despite the passionate nature of their relationship, Lucio suspects that Marta is sharing her favours with Ricardo's other close friends. Something is not quite right. Where did this mysterious woman meet Ricardo, and, indeed who is she? Why does she never speak of her past and why is Ricardo conniving at her infidelity? Lucio's attempts to unravel this mystery have tragic and terrible consequences. **A Once Crowded Sky A Novel** Simon and Schuster "Tom King's debut novel opens in an imaginative world of comic book superheroes struggling to take on normal lives after sacrificing their powers to save the world"-- **A Portrait of the Artist as a Young Man** The Floating Press *A Portrait of the Artist as a Young Man* is semi-autobiographical, following Joyce's fictional alter-ego through his artistic awakening. The young artist Steven Dedalus begins to rebel against the Irish Catholic dogma of his childhood and discover the great philosophers and artists. He follows his artistic calling to the continent. **Gravity's Rainbow** Random House Tyrone Slothrop, a GI in London in 1944, has a big problem. Whenever he gets an

erection, a Blitz bomb hits. Slothrop gets excited, and then, "a screaming comes across the sky," heralding an angel of death, a V 2 rocket. Soon Tyrone is on the run from legions of bizarre enemies through the phantasmagoric horrors of Germany.

Bibliography of the History of Medicine Vivo The Life of Gustav Meyrink

Dedalus Limited Here is the first English bio of the cult author of *The Golem*, written by a prize-winning scholar. The remarkable life and the fantastic legend that was Meyrink, allowing him and those who knew him to speak in their own words wherever possible. The illegitimate son of an aristocratic politician and an actress, Meyrink established himself as a banker in Prague, while achieving notoriety as a dandy and rake, while also being a successful sportsman. About to commit suicide, he chanced on a pamphlet about life after death, put his revolver away and started a lifelong interest in the occult. He unmasked false mediums and experimented with alchemy, drugs and clairvoyancy until an affair of honor led him to challenge the whole of the Prague officer corps, setting machinations in motion which resulted in his being wrongly imprisoned. His bank then collapsed and he became a writer. Stories collected around him, so that it is often difficult to distinguish fact from fiction. **The Corrections** Macmillan Enid Lambert begins to worry about her husband when he starts to withdraw and lose himself in negativity and depression as he faces Parkinson's disease. Winner of the National Book Award. Reprint. 500,000 first printing. **The Gift** Penguin UK *The Gift* is the phantasmal autobiography of Fyodor Godunov-Cherdyntsev, a writer living in the closed world of Russian intellectuals in Berlin shortly after the First World War. This gorgeous tapestry of literature and butterflies tells the story of Fyodor's pursuits as a writer. Its heroine is not Fyodor's elusive and beloved Zina, however, but Russian prose and poetry themselves. **The Song of Achilles** A&C Black **SHORTLISTED FOR THE ORANGE PRIZE FOR FICTION 2012** Greece in the age of heroes. Patroclus, an awkward young prince, has been exiled to the court of King Peleus and his perfect son Achilles. Despite their differences, Achilles befriends the shamed prince, and as they grow into young men skilled in the arts of war and medicine, their bond blossoms into something deeper - despite the displeasure of Achilles's mother Thetis, a cruel sea goddess. But when word comes that Helen of Sparta has been kidnapped, Achilles must go to war in distant Troy and fulfill his destiny. Torn between love and fear for his friend, Patroclus goes with him, little knowing that the years that follow will test everything they hold dear. **Self Impression Life-Writing, Autobiografiction, and the Forms of Modern Literature** OUP Oxford I am aware that, once my pen intervenes, I can make whatever I like out of what I was.' Paul Valéry, *Moi*. Modernism is often characterized as a movement of impersonality; a rejection of auto/biography. But most of the major works of European modernism and postmodernism engage in very profound and central ways with questions about life-writing. Max Saunders explores the ways in which modern writers from the 1870s to the 1930s experimented with forms of life-writing - biography, autobiography, memoir, diary, journal - increasingly for the purposes of fiction. He identifies a wave of new hybrid forms from the late nineteenth century and uses the term 'autobiografiction' - discovered in a surprisingly early essay of 1906 - to provide a fresh perspective on turn-of-the-century literature, and to propose a radically new literary history of Modernism. Saunders offers a taxonomy of the extraordinary

variety of experiments with life-writing, demonstrating how they arose in the nineteenth century as the pressures of secularization and psychological theory disturbed the categories of biography and autobiography, in works by authors such as Pater, Ruskin, Proust, 'Mark Rutherford', George Gissing, and A. C. Benson. He goes on to look at writers experimenting further with autobiographical fiction as Impressionism turns into Modernism, juxtaposing detailed and vivacious readings of key Modernist texts by Joyce, Stein, Pound, and Woolf, with explorations of the work of other authors - including H. G. Wells, Henry James, Joseph Conrad, Ford Madox Ford, and Wyndham Lewis - whose experiments with life-writing forms are no less striking. The book concludes with a consideration of the afterlife of these fascinating experiments in the postmodern literature of Nabokov, Lessing, and Byatt. **Self Impression** sheds light on a number of significant but under-theorized issues; the meanings of 'autobiographical', the generic implications of literary autobiography, and the intriguing relation between autobiography and fiction in the period. **The Friday Book Essays and Other Nonfiction** "...The Friday Book was the first work of nonfiction by novelist John Barth, author of *The Sot-Weed Factor*, *Giles Goat-Boy*, and *Chimera*. Taking its title from the day of the week Barth would devote to nonfiction, the three dozen essays discuss a wide range of topics from the blue crabs of Barth's beloved Chesapeake Bay to weighty literary subjects such as Borges, Homer, and semiotics..."--www.amazon.com. **The End of Books--or Books Without End? But Circe has neither the look nor the voice of divinity, and is scorned and rejected by her kin. Increasingly

isolated, she turns to mortals for companionship, leading her to discover a power forbidden to the gods: witchcraft. When love drives Circe to cast a dark spell, wrathful Zeus banishes her to the remote island of Aiaia. There she learns to harness her occult craft, drawing strength from nature. But she will not always be alone; many are destined to pass through Circe's place of exile, entwining their fates with hers. The messenger god, Hermes. The craftsman, Daedalus. A ship bearing a golden fleece. And wily Odysseus, on his epic voyage home. There is danger for a solitary woman in this world, and Circe's independence draws the wrath of men and gods alike. To protect what she holds dear, Circe must decide whether she belongs with the deities she is born from, or the mortals she has come to love. Breathing life into the ancient world, Madeline Miller weaves an intoxicating tale of gods and heroes, magic and monsters, survival and transformation." --Publisher. **Emily's Quest** Good Press "Emily's Quest" by Lucy Maud Montgomery. The 1960s were a time of revolution - political, social, psychedelic, sexual. But there was another revolution that many historians forget the rise of a powerful current that permeated pop culture and has been a central influence on it ever since. It was a magical revolution - a revival of the occult. Previously rejected and ridiculed beliefs took centre stage, reaching the Beatles and the Rolling Stones, saturating the hippies and flower power, hitting the big screen with Rosemary's Baby and the bookshelves with Lord of the Rings. The Tarot. I Ching, astrology, Kabbala, yogis, witchcraft, UFOs, Aleister Crowley. Yin Yang and the Tibetan Book of the Dead now became the common currency they are today. But the vibes went bad, the auras darkened. Did that darker undercurrent win out? Gary Lachman here charts this explosion, its rise and fall, and its enduring legacy --This text refers to an out of print or unavailable edition of this title. **The Dedalus Book of the 1960s Turn Off Your Mind** In The Dedalus Book of the 1960s: Turn Off Your Mind, Gary Lachman uncovers the Love Generation's roots in occultism and explores the dark side of the Age of Aquarius. **The Good Soldier** Wildside Press LLC The Good Soldier is considered Ford's masterpiece. This tale of adultery and deceit centers around two couples, Edward and Leonora Ashburnham, and their American friends, John and Florence Dowell. John Dowell narrates the events of Florence's affair with Edward, the "good soldier," and her subsequent suicide. Through Dowell's confused and perhaps unreliable narrative, Ford attempted to recreate real thoughts. This literary technique was a forerunner to literary techniques employed by such later writers as Samuel Beckett and J.M. Coetzee. Ford Madox Ford (Ford Madox Hueffer) was born in 1873. He was a novelist, poet, literary critic, editor, and one of the founding fathers of English Modernism. He published over eighty books, including two collaborations with Joseph Conrad (Inheritors in

1901 and *Romance in 1903*). He died in 1939. **Fahrenheit 451** A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.
