2014! **The Bicycle Wheel** **Bicycling** magazine features bikes, bike gear, equipment reviews, training plans, bike maintenance how tos, and more, for cyclists of all levels. **Big Blue Book of Bicycle Repair 4th Edition** Park Tool The BBB-4 Big Blue Book of Bicycle Repair by Calvin Jones is packed with easy-to-follow, step-by-step procedures, color photos and repair tips for keeping almost any road or off-road bike running smoothly and trouble-free. Whether it's repairing a flat tire, adjusting brakes and shifting systems, truing wheels, or maintaining hub, headset and bottom bracket bearing systems, the BBB-4 has you covered. Thoroughly researched and revised, the 4th edition of the Big Blue Book contains updated photos, torque specifications and troubleshooting tables, along with new content on wheel building, electronic shifting, 12-speed and 1X drivetrains, tubeless tires, disc brakes, headset and bottom bracket standards, and more. Truly an indispensable tool and reference source for both the novice and advanced bicycle mechanic. **The Bike I Like** A six year old boy is content with his bike until he sees others' bikes. Discontent creeps in as he alters his bike to look like theirs. Great for bibliotherapy: self-esteem, self-worth, contentment **The Midlife Cyclist The Road Map for the +40 Rider Who Wants to Train Hard, Ride Fast and Stay Healthy** Bloomsbury Publishing 'I am blown away by the level of detail Phil Cavell brings to his work.' Elinor Barker MBE, multiple world champion and Olympic gold medallist 'Phil is eminently qualified to write the Midlife Cyclist. Well, he is certainly old enough.' Fabian Cancellara, Tour de France rider and two-time Olympic champion 'An amazing accomplishment... a simple-to-understand précis of your midlife as a cyclist – you won't want to put it down.' Phil Liggett, TV cycling commentator 'I'm determined to grow old gracefully in lycra, and Phil Cavell has been helping me to do it successfully for years.' Gary Kemp Renowned cycling biomechanics pioneer, Phil Cavell, explores the growing trend of middle-aged and older cyclists seeking to achieve high-level performance. Using contributions from leading coaches, ex-professionals and pro-team doctors, he produces the ultimate manifesto for mature riders who want to stay healthy, avoid injury – and maximise their achievement levels. Time's arrow traditionally plots an incremental path into declining strength and speed for all of us. But we are different to every other generation of cyclists in human history. An ever-growing number of us are determined to scale the highest peaks of elite physical fitness into middle-age and beyond. Can the emerging medical and scientific research help us achieve the holy triumvirate of speed and health with age? The Midlife Cyclist offers a gold standard road-map for the mature cyclist who aims to train, perform and even race at the highest possible level. **Ice Blue Smoke** Createspace Independent Publishing Platform "Like one of the voices in her dazzling new poetry collection, Maya Dreamwalker continually finds herself "hearing without wanting to," as she makes her way through the haze of the "ice blue smoke" to uncover important truths about human frailty and personal courage. A must read for writers and teachers of English"--Nina Wolff, Retired Director of English, Bay Shore Schools, Bay Shore, NY "What would they say now that they have dreamed me? History, your tears don't have more validity than mine," Maya Dreamwalker writes as she sets about framing a dreamscape that takes its momentum from the kaleidoscopic back and forth flow

of images, one minute bright with fiery anger, the next blue as ice. In what seems like a simultaneous moment, we find people rising up, people being pushed back down, making love, making fury as they struggle to break free of their shackles and chains. This is a book of truth telling in many dimensions, moving toward redemption with each new violation revealed, a book that is at once highly political and deeply personal—a reminder and a wake-up call.--Erika Duncan, Executive and Artistic Director of Herstory, August 2011

**The Art of Cycling** Hachette UK A meditative love letter to the sport of cycling, *THE ART OF CYCLING* traces the journey of a former professional racer regaining his love for the sport and shows how cycling can shed new light on age-old questions of selfhood, meaning, and purpose. Interweaving cycling, philosophy, and personal narrative, *THE ART OF CYCLING* provides readers with a deep understanding into the highs and lows of being an elite athlete, the limits of approaching any sporting pursuit from a strictly rational perspective, and how the philosophical and often counterintuitive lessons derived from sport can be applied to other areas of life. Accessible to everyone from the hardened racer to the casual fan, *THE ART OF CYCLING* engages the history of thought through the lens of cycling to undermine much of what is typically thought of as "intellectual", breathing new vitality into life, and countering society's obsession with progress and drive towards the abstract, detached, and virtual.

**The Noblest Invention An Illustrated History of the Bicycle** Rodale A collection of essays and photographs offer a chronicle of the origins and evolution of the bicycle, from its first appearance as a primitive wooden Laufsmachine to its development into a lightweight, elegant racing machine.

**The Hardmen Legends of the Cycling Gods** Profile Books It's time we all stopped whining and learned a thing or two from *The Toughest Cyclists Ever*. Including: Stephen Roche, whose cure for exhaustion was to go up a gear and fight harder, all the way to the ambulance. Eddy Merckx, who hurt himself so badly in breaking the Hour record that, he estimated, he shortened his career by a year. Beryl Burton, who crushed her (male) rival's morale with the offer of a piece of liquorice, before speeding past to victory. Nicole Cooke and Edwig Van Hooydonck, who rejected dope and became legends. *The Hardmen* tells the stories - the good bits, anyway - of the 40 most heroic Cyclists ever. Their bravery, their panache and their Perfect Amount of Dumb. It reminds us that suffering on a bike liberates us from our daily lives, and that, in the words of Lance Armstrong "pain is temporary, quitting lasts forever"; proof that even assholes can be insightful.

**Cherry Jezebel** Bloomsbury Publishing The party ain't over yet! As long as that music keeps playing, I'll keep dancing! Raw, rude and raucous, *Cherry Jezebel* is a dazzling new drama. Hilarious and heartbreaking, it's a champagne blowout and the hangover from hell, a spin under the glitterball that lands in the gutter. The bass is pounding, the audience are cheering, and Cherry Brandy is blinking back tears. Tonight's the night she's finally recognised as the Queen she is, with the crown to prove it. Is this the triumphant moment she's always dreamed of? Behind the mascara, the wigs and the six-inch stiletto heels, all that glitters isn't gold. At least she's always got her best mate Heidi. But growing up queer in Liverpool is grim, and the queer family they've forged is about to slip through Cherry's nicotine-stained fingers. From the boudoirs to the bathrooms of Liverpool's gloriously gobby drag scene, *Cherry Jezebel* is a riot of lipstick and split lips, of

bitching and bruises. It's a play that celebrates queerness while spilling the tea on the pain behind the polish. **Yamaha Dirt Bikes** Abdo Kids-Junior This title introduces readers to the features, brand history, and sponsored motocross athletes of Yamaha dirt bikes. This title includes informative sidebars, detailed infographics, vivid photos, and a glossary. **Velociraptor / Velociraptor** Gareth Stevens Publishing LLLP Provides information about velociraptors, the way they hunted, and how they interacted with one another. **The Great Expansion The Ultimate Risk That Changed the NHL Forever** iUniverse Alan Bass does an incredible job of going through the era and describing these vital events that changed the game. EDWARD FRASER, THE HOCKEY NEWS To the degree that expansion has changed the league since 1967, its surprising that no one's gone in-depth to see what faced the NHL's six newest teams. Bass does, and gives any hockey history nut their fix! BRYAN THIEL, HOCKEY54.COM Alan Bass has captured the history of the biggest turning point in NHL history Bass brings both the highlights on the ice and all the important maneuvers behind the scenes to fans, including what happened and why. Full of in-depth analysis and interesting and never before heard stories, this book is a must for any hockey fan. BRAD KURTZBERG, AUTHOR OF SHORTHANDED: THE UNTOLD STORY OF THE SEALS Alan Bass has produced a well researched and thoughtful look back at the NHL's original expansion this book is a must for all those interested in the history of pro hockey in North America. BRUCE SCOOP COOPER, HOCKEY HISTORIAN, AUTHOR, AND BROADCASTER It was March 1965 when Clarence Campbell, president of the National Hockey League, emerged from a long board meeting and announced that the NHL would double in size beginning with the 1967-68 season. Fans loyal to the Original Six were furious. Owners were irate. In *The Great Expansion: The Ultimate Risk that Changed the NHL Forever*, hockey expert Alan Bass profiles the power brokers and provides an in-depth study of the decision and its revolutionary impact on the game. Bass, a former hockey player and freelance sports writer, relies on thorough research, interviews, and first-person accounts in order to reach into the past and uncover the mystery of a behind-closed-doors decision that seemed improbable at the time. As he profiles the powerful owners, media moguls, and die-hard sportsmen involved in the politics and backroom dealings, Bass shares a never-before-seen glimpse into how the decision forever impacted professional hockey in North America. *The Great Expansion: The Ultimate Risk that Changed the NHL Forever* is not only an important documentation of Clarence Campbell's bold move of doubling the number of NHL franchises, but also provides an unforgettable look back into the history of pro hockey in North America. **The Simpsons and Their Mathematical Secrets** A&C Black You may have watched hundreds of episodes of *The Simpsons* (and its sister show *Futurama*) without ever realizing that they contain enough maths to form an entire university course. In *The Simpsons and Their Mathematical Secrets*, Simon Singh explains how the brilliant writers, some of the mathematicians, have smuggled in mathematical jokes throughout the cartoon's twenty-five year history, exploring everything from Mersenne primes, from Euler's equation to the unsolved riddle of P vs. NP, from perfect numbers to narcissistic numbers, and much more. With wit, clarity and a true fan's zeal, Singh analyses such memorable episodes as 'Bart the Genius' and 'Homer3' to offer an entirely new insight into the most successful show in television history. **The Pain-Free Cyclist**

**Conquer Injury and Find Your Cycling Nirvana** Bloomsbury Publishing The ultimate guide for all cyclists on all things cycling health-related.
