George Orwell Essays

Essays

Penguin UK Born at the very heart of Greece—between Athens and Apollo's shrine at Delphi—in the mid-40s of the first century CE, Plutarch combined an intense love of his locality and family with a cosmopolitan outlook that embraced the whole Roman Empire. His encyclopaedic writings form a treasure trove of ancient wisdom, yet his strong religious feelings and deeply humanist temperament give them all a compelling and individual voice. Whether he is offering abstract speculation or practical ethics, fresh and arresting reflections on anger and flattery, military versus intellectual glory or the reasoning powers of animals, Plutarch's charm and personality constantly shine through. Above all, concludes Kidd, his essays remain magnificently readable, works that 'can still entertain, instruct, stimulate and educate us and also introduce us to one of the most attractive characters in classical literature'.

Under the Sign of Saturn

Essays

Penguin UK Susan Sontag's third essay collection brings together her most important critical writing from 1972 to 1980. In these provocative and hugely influential works she explores some of the most controversial artists and thinkers of our time, including her now-famous polemic against Hitler's favourite film-maker, Leni Riefenstahl, and the cult of fascist art, as well as a dazzling analysis of Hans-Jürgen Syberberg's *Hitler, a Film from Germany*. There are also highly personal and powerful explorations of death, art, language, history, the imagination and writing itself.

Essays and Aphorisms

Penguin UK One of the greatest philosophers of the nineteenth century, Schopenhauer (1788-1860) believed that human action is determined not by reason but by 'will' - the blind and irrational desire for physical existence. This selection of his writings on religion, ethics, politics, women, suicide, books and many other themes is taken from Schopenhauer's last work, *Parerga and Paralipomena*, which he published in 1851. These pieces depict humanity as locked in a struggle beyond good and evil, and each individual absolutely free within a Godless world, in which art, morality and self-awareness are our only salvation. This innovative - and pessimistic - view has proved powerfully influential upon philosophy and art, directly affecting the work of Nietzsche, Wittgenstein and Wagner among others.

Essays and Letters

Penguin UK One of Germany's greatest poets, Johann Christian Friedrich Hölderlin (1770-1843) was also a prose writer of intense feeling, intelligence and perception. This new translation of selected letters and essays traces the life and thoughts of this extraordinary writer. Hölderlin's letters to friends and fellow writers such as Hegel, Schiller and Goethe describe his development as a poet, while those written to his family speak with great passion of his beliefs and aspirations, as well as revealing money worries and, finally, the tragic unravelling of his sanity. These works examine Hölderlin's great preoccupations - the unity of existence, the relationship between art and nature and, above all, the spirit of the writer.

Essays

Penguin UK George Orwell's *Essays* illuminate the life and work of one of the greatest writers of this century - a man who elevated political writing to an art. This outstanding collection brings together Orwell's longer, major essays and a fine selection of shorter pieces that includes 'My Country Right or Left', 'Decline of the English Murder', 'Shooting an Elephant' and 'A Hanging'. With great originality and wit Orwell unfolds his views on subjects ranging from a reevaluation of Charles Dickens to the nature of Socialism, from a comic yet profound discussion of naughty seaside postcards to a spirited defence of English cooking. Displaying an almost unrivalled mastery of English plain prose, Orwell's essays created a unique literary manner from the process of thinking aloud and continue to challenge, move and entertain. This Penguin Modern Classics edition includes an introduction by Bernard Crick.

Where the Stress Falls

Penguin UK *Where the Stress Falls* is divided into three sections: the first, 'Reading', includes ardent pieces on writers from Sontag's own private canon - Machado de Assis, Barthes, W. G. Sebald, Borges, Tsvetaeva and Elizabeth Hardwick. In the second, 'Seeing', she shares her passions for film, dance, photography, painting, opera and theatre. And in the final section, 'There and Here', Sontag explores her own commitments to the work (and activism) of conscience and to the vocation of the writer.

Selected Essays

Penguin UK With his wit, eloquence, and shrewd perception of contemporary morals, Samuel Johnson was the most versatile writer of the English neoclassical period. His dictionary, dramas, and poetry established his reputation, but it was the essays that demonstrated the range of his talent. This new edition presents both the forcefully argued moral pieces of Johnson's middle years and the more light-hearted essays of his later work. Tackling ethical questions-such as the importance of self-knowledge, awareness of mortality, the role of the novel, and, in a lighter vein, marriage, sleep, and deceit-these brilliant and thought-provoking essays are a mirror of the time in which they were written and a testament to Johnson's stature as the leading man of letters of his age.

Essays Chosen and Introduced by Geoff Dyer

Penguin UK A brilliantly varied new selection of D. H. Lawrence's essays, chosen and introduced by Geoff Dyer For D. H. Lawrence the novel was the pinnacle, 'the one bright book of life', yet his non-fiction shows him at his most freewheeling and playful. Arranged chronologically to illuminate the patterns of Lawrence's thought over time, and including many little-known pieces, they reveal a writer of enduring freshness and force. The Complete Essays

Penguin UK Michel de Montaigne was one of the most influential figures of the Renaissance, singlehandedly responsible for popularising the essay as a literary form. This Penguin Classics edition of *The Complete Essays* is translated from the French and edited with an introduction and notes by M.A. Screech. In 1572 Montaigne retired to his estates in order to devote himself to leisure, reading and reflection. There he wrote his constantly expanding 'assays', inspired by the ideas he found in books contained in his library and from his own experience. He discusses subjects as diverse as war-horses and cannibals, poetry and politics, sex and religion, love and friendship, ecstasy and experience. But, above all, Montaigne studied himself as a way of drawing out his own inner nature and that of men and women in general. The *Essays* are among the most idiosyncratic and personal works in all literature and provide an engaging insight into a wise Renaissance mind, continuing to give pleasure and enlightenment to modern readers. With its extensive introduction and notes, M.A. Screech's edition of Montaigne is widely regarded as the most distinguished of recent times. Michel de Montaigne (1533-1586) studied law and spent a number of years working as a counsellor before devoting his life to reading, writing and reflection. If you enjoyed *The Complete Essays*, you might like Francois Rabelais's *Gargantua and Pantagruel*, also available in Penguin Classics. 'Screech's fine version ... must surely serve as the definitive English Montaigne' A.C. Grayling, *Financial Times* 'A superb edition' Nicholas Wollaston, *Observer*

The Penguin Essays of George Orwell

Literature and Evil

Penguin UK 'Literature is not innocent,' stated Georges Bataille in this extraordinary 1957 collection of essays, arguing that only by acknowledging its complicity with the knowledge of evil can literature communicate fully and intensely. These literary profiles of eight authors and their work, including Emily Brontë's *Wuthering Heights*, Baudelaire's *Les Fleurs du Mal* and the writings of Sade, Kafka and Sartre, explore subjects such as violence, eroticism, childhood, myth and transgression, in a work of rich allusion and powerful argument.

The Common Reader (Complete Edition: Series 1&2)

Mosaic Books *The Common Reader* is a collection of essays by Virginia Woolf, published in two series, the first in 1925 and the second in 1932. The title indicates Woolf's intention that her essays be read by the educated but non-scholarly "common reader," who examines books for personal enjoyment. Woolf outlines her literary philosophy in the introductory essay to the first series, "The Common Reader," and in the concluding essay to the second series, "How Should One Read a Book?" The first series includes essays on Geoffrey Chaucer, Michel de Montaigne, Jane Austen, George Eliot, and Joseph Conrad, as well as discussions of the Greek language and the modern essay. The second series features essays on John Donne, Daniel Defoe, Dorothy Osborne, Mary Wollstonecraft, and Thomas Hardy, among others. Adeline Virginia Woolf (1882-1941) was an English writer who is considered one of the foremost modernists of the twentieth century and a pioneer in the use of stream of consciousness as a narrative device.

To the Lighthouse

Penguin UK This novel is an extraordinarily poignant evocation of a lost happiness that lives on in the memory. For years now the Ramsays have spent every summer in their holiday home in Scotland, and they expect these summers will go on forever. In this, her most autobiographical novel, Virginia Woolf captures the intensity of childhood longing and delight, and the shifting complexity of adult relationships. From an acute awareness of transience, she creates an enduring work of art.

The Decay of Lying: And Other Essays

And Other Essays

Penguin UK In 'The Decay of Lying' Oscar Wilde uses his decadent ideology in an attempt to reverse and therefore reject his audiences' 'normal' conceptualizations of nature, art and morality. Wilde's views of life and art are illustrated through the use of Platonic dialogue where the character Vivian takes on the persona of Wilde. Wilde's goal is to subvert the norm by reversing its values. Wilde suggests to us that society is wrong, not him. Calling on diverse examples - from Ancient Greek sculpture to contemporary paintings - Oscar Wilde's brilliant essay creates a witty, paradoxical world in which the only Art worth loving is that built on complete untruths.

Down and Out in London and Paris and the Road to Wigan Pier

George Orwell is a difficult author to summarize. He was a would-be revolutionary who went to Eton, a political writer who abhorred dogma, a socialist who thrived on his image as a loner, and a member of the Indian Civil Service who chronicled the iniquities of imperialism. Both the books in this volume were published in the 1930s, a "a low, dishonest decade," as his coeval W.H. Auden described it. Orwell's subjects in *Down and Out in Paris and London* and *The Road to Wigan Pier* are the political and social upheavals of his time. He focusses on the sense of profound injustice, incipient violence, and malign betrayal that were ubiquitous in Europe in the 1930s. Orwell's honesty, courage, and sense of decency are inextricably bound up with the quasi-colloquial style that imbues his work with its extraordinary power. His descriptions of working in the slums of Paris, living the life of a tramp in England, and digging for coal with miners in the Midlands make for a thoughtful, riveting account of the lives of the working poor and of one man's search for the truth. Our edition includes the following essays: Marrakech; How the Poor Die; Antisemitism in Britain; Notes on Nationalism

Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk--a monster with a thousand giant hands; wander the nine circles of Hell in Dante's *Inferno*, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter.
