Bridging Troubled Waters

Conflict Resolution from the Heart

Jossey-Bass Cuba's minister of fisheries and merchant marine recalls his dramatic life as a Cuban guerrilla fighter during the revolution and his subsequent efforts to help Castro and Che Guevara build a new country.

Healing the Heart of Conflict

8 Crucial Steps to Making Peace

with Yourself and Others

Rodale Conflict can only be resolved by making peace within as well as without, a philosophy outlined in-depth and described in eight steps by an experienced mediator, bringing his experience with international conflicts to a personal level. 35,000 first printing.

Conflict Resolution Education

A Guide to Implementing Programs in Schools, Youth-serving Organizations, and Community and Juvenile Justice Settings : Program Report

Dignity: Its Essential Role in Resolving Conflict

Tenth Anniversary Edition

Yale University Press A noted conflict-resolution expert explores dignity, its role in human conflict, and its power to improve relationships Drawing on her extensive experience in international conflict resolution and on insights from evolutionary biology, psychology, and neuroscience, Donna Hicks explains what the elements of dignity are, how to recognize dignity violations, how to respond when we are not treated with dignity, how dignity can restore a broken relationship, why leaders must understand the concept of dignity, and more. By choosing dignity as a way of life, Hicks shows, we open the way to greater peace within ourselves and to a safer and more humane world for all. For the Tenth Anniversary Edition of Dignity, Hicks has written a new preface that reflects on her experience helping communities and individuals understand the power of dignity and how it can lead to a more peaceful world. "Anyone who understands the importance of personal feelings and their fuel for conflict should consider Dignity as a powerful advisory and motivational guide."—Midwest Book Review Winner of the 2012 Educator's Award, given by the Delta Kappa Gamma Society International.

The Handbook of Conflict Resolution Theory and Practice

John Wiley & Sons

Conflict Resolution - Volume II

EOLSS Publications Conflict Resolution is a component of Encyclopedia of Institutional and Infrastructural Resources in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. The Theme on Conflict Resolution deals with conflict which is an integral component in the utilization and management of all life support systems. These volumes give a comprehensive review on Conflict Domains: Warfare, Internal Conflicts, and the Search for Negotiated or Mediated Resolutions; Analysis methods of conflict and its resolution; Approaches to Conflict ;Resolution; Formal Models for Conflict Resolution and Case Studies. These two volumes are aimed at the following five major target audiences: University and College students Educators, Professional practitioners, Research personnel and Policy analysts, managers, and decision makers and NGOs.

The Outward Mindset Seeing Beyond Ourselves

Berrett-Koehler Publishers Unknowingly, too many of us operate from an inward mindset—a narrow-minded focus on self-centered goals and objectives. When faced with personal ineffectiveness or lagging organizational performance, most of us instinctively look for quick-fix behavioral band-aids, not recognizing the underlying mindset at the heart of our most persistent challenges. Through true stories and simple yet profound guidance and tools, The Outward Mindset enables individuals and organizations to make the one change that most dramatically improves performance, sparks collaboration, and accelerates innovation—a shift to an outward mindset.

The Middle East: How Conflict Resolution Can Extinguish

Terrorism: The Power of Cultural & Sub-Cultural Understanding

Lulu.com In the course of the defense of a nation, we, the people of that nation must have the courage to embrace innovative change. To keep our democracy, we cannot accept ignorance and the rut of tradition when traditional methods cease to work. We must have faith in new methods and go forward with the better knowledge that we have and embrace positive change. We have made many irreversible mistakes by racing as fast and hard as we can to the most immediate answer. A country destroyed by war and in the throes of sectarian violence deserves more than the most immediate answer. The decisions made by the United States to initiate war in Middle East have deeply impacted our world. Anyone who has traveled abroad will confirm that the United States' presence, as a stimulant for comparison exists in nearly every culture in this world. Unfortunately, since our invasion of Middle East, the comparisons made to the U.S. have become negative ones. We need to work to restore our positive standing on the world stage.

Managing Conflict Resolution

Infobase Publishing Discusses different types of conflict, offers exercises to assess individual responses to conflict, and presents advice for developing healthy, mature conflict resolution skills.

The Outward Mindset

How to Change Lives and Transform Organizations

Berrett-Koehler Publishers The new edition of an international bestseller helps individuals and organizations shift to a new mindset that will improve performance, spark collaboration, accelerate innovation, and make your life and the lives of everyone around you better. Without even being aware of it, many of us operate from an inward mindset, a single-minded focus on our own goals and objectives. This book points out the many ways, some quite subtle and deceptive, that this mindset invites tension and conflict. But incredible things happen when people switch to an outward mindset. They intuitively understand what coworkers, colleagues, family, and friends need to be successful and happy. Their organizations thrive, and astonishingly, by focusing on others they become happier and more successful themselves! This new mindset brings about deep and far-reaching changes. The Outward Mindset presents compelling true stories to illustrate the gaps that individuals and organizations typically experience between their actual inward mindsets and their needed outward mindsets. And it provides simple yet profound

guidance and tools to help bridge this mindset gap. This new edition includes a new preface, updated case studies, and new material covering Arbingers latest research on mindsets. In the long run, changing negative behavior without changing one's mindset doesn't last—the old behaviors always reassert themselves. But changing the mindset that causes the behavior changes everything.

My Heart's at Home

Becoming the Intentional Mom Your Family Needs

Harvest House Publishers Founder and Executive Director of Hearts at Home Jill Savage explores the important role "home" plays in a family's journey. With her personable, humorous style, Jill shares from her experience as a mother of five and from conversations with many other moms to offer practical ideas and motivation to create a home that is a safe place for a functional family to blossom community center that offers hospitality and compassion church where prayer and Scripture guide all members museum filled with a family's history, stories, and heritage school with lessons of virtue, integrity, and ethics This anchor book for Hearts at Home will extend beyond this valuable ministry to encourage all women to build the heart of their home on biblical principles and to raise a family that is strong, loving, and firmly standing on a foundation of faith.

Creativity and Conflict Resolution

Alternative Pathways to Peace

Routledge This book explores how creative ways of resolving social conflicts emerge, evolve, and subsequently come to be accepted or rejected in inter-group relations. Creativity and Conflict Resolution explores a subject with which political communities involved in social conflict have always grappled: creative ways of imagining and actualizing visions of conflict resolution. This is an ambitious question, which concerns human communities at many different levels, from families, regional-independence movements, and national governments, to inter-state alliances. The author argues that unconventional viability lies at the heart of creativity for transcending seemingly intractable inter-communal conflicts. More specifically, conflict resolution creativity is a social and epistemological process, whereby actors involved in a given social conflict learn to formulate an unconventional resolution option or procedure. Demystifying the origin of unthinkable breakthroughs for conflict resolution and illuminating theories of creativity based on 17 international case studies, this book will be of much interest to students of conflict resolution, peace and conflict studies, human security and IR. Tatsushi Arai is an Associate Professor of Peace and Conflict Transformation at the SIT Graduate Institute in

Vermont, USA. He has a PhD in Conflict Resolution from George Mason University, Washington DC, and extensive practical experience in the field.

Resolving Identity-Based Conflict In Nations, Organizations, and Communities

Jossey-Bass Conflict can either destroy or create—depending on whether and how it is guided. This is the simple yet profound insight that underlies Jay Rothman's innovative new framework for understanding and transforming identity-based conflict in nations, organizations, and communities. Reading a newspaper, working in an organization, or sitting in on a town meeting can provide vivid examples of identity conflicts in action. Based in the national, organizational, and community groups that provide individuals with meaning, safety, and dignity, identity conflicts are passionate and volatile because they strike at our core: who we really are and what we care about most deeply. Though often impervious to traditional methods of conflict management, identity-based conflict also provides adversaries with dynamic opportunities for finding not only common ground, but higher ground than separate parties could have found on their own. Grounded in his grassroots conflict resolution work in the Middle East — work that earned him the honor of witnessing the historic White House handshake between Prime Minister Yitzhak Rabin and PLO President Yasser Arafat — and brilliantly refined to address a wide range of organizational and community conflicts, Rothman's ARIA model is a versatile and innovative synthesis of the best contemporary ideas in conflict management, resolution, and transformation. Step by step, Resolving Identity-Based Conflict traces the ARIA journey through Antagonism, Resonance, Invention, and Action in a variety of environments. In straightforward, jargon-free language, Rothman conveys solid theoretical insights and practical how-to's that allow researchers and practitioners to: Recognize the crucial differences between identity- and resource-based conflicts Zero in on the needs and motivations shared by even the bitterest of adversaries Create joint agendas for groups in conflict Transform intragroup and intergroup conflicts in organizations of every k

Beyond Neutrality

Confronting the Crisis in Conflict Resolution

John Wiley & Sons In this thought-provoking, passionately written book, Bernard Mayer—an internationally acclaimed leader in the field—dares practitioners to ask the hard questions about alternative dispute resolution. What's wrong with conflict

resolution? Why aren't more individuals and organizations using conflict resolution when they have a problem? Why doesn't the public know more about it? What are the limits of conflict resolution? When does conflict resolution work and when does it not? Offering a committed practitioner's critique of the profession of mediation, arbitration, and alternative dispute resolution, *Beyond Neutrality* focuses on the current crisis in the field of conflict resolution and offers a pragmatic response.

From Conflict Resolution to Peacebuilding

Rowman & Littlefield Publishers *From Conflict Resolution to Peacebuilding* is designed to introduce students to the key concepts of conflict resolution from a real world perspective. Covering both micro and macro sites of conflict, it offers ways to resolve conflicts at all levels from the interpersonal to the international. Starting with the notion that conflict is a fact of life but peacebuilding is not, this text analyzes protracted conflicts and "wicked problems" and also tackles the harder task of how to resolve conflict and build peace. Hauss' approach to peace and conflict studies is deeply personal and richly informed. Based on a strong research base and decades of experience in the field, the book offers new paradigms for considering the intractable conflicts in our world. Each chapter provides real world examples, stories, and cases that illustrating practical work at both the grass roots and elite levels. In a world where conflict seems to be on the rise at home and abroad, this text provides students with the tools to deal with conflict constructively in their daily lives, as citizens, and as future professionals in the growing field of conflict resolution. Features: Full suite of textboxes for study and application Key terms and references for further reading Conflict labs to help students apply concepts to real world situations "Out on a Limb" boxes ask readers to consider bold new ideas and paradigm shifts for analyzing conflict and building peace A dynamic range of open access instructor and student resources can be found at the author's website: www.chiphauss.info, including: Videos of interviews Curated web links Updates on breaking news Author's weekly blog Reviews of new books, documentaries, and other publications A discussion forum in which students and faculty members can interact with each other and with the author on issues of their choosing Regular video "office hours" with the author

The Peacemaker

Baker Books Jesus said, "Blessed are the peacemakers." But it often seems like conflict and disagreement are unavoidable. Serious, divisive conflict is everywhere—within families, in the church, and out in the world. And it can seem impossible to overcome its negative force in our lives. In *The Peacemaker*, Ken Sande presents a comprehensive and practical theology for conflict resolution designed to bring about not only a cease-fire but also unity and harmony. Sande takes readers beyond resolving conflicts to true, life-changing reconciliation with family members, coworkers, and fellow believers. Biblically based, *The Peacemaker* is full of godly

wisdom and useful suggestions that are easily applied to any relationship needing reconciliation. Sande's years of experience as an attorney and as president of Peacemaker Ministries will strengthen readers' confidence as they stand in the gap as peacemakers.

Contemporary Conflict Resolution The Prevention, Management and Transformation of Deadly Conflicts

Polity Offering an assessment of the theory and practice of conflict resolution in post-Cold War conflicts, this book addresses a number of questions. It explores the nature of contemporary conflict and the development of conflict resolution.

Global Conflict Resolution Through Positioning Analysis

Springer Science & Business Media Readers find here a volume that applies positioning theory in order to achieve a fuller and more in-depth understanding of conflict and its psychological resolution. Positioning theory is the study of the nature, formation, influence and ways of change of local systems of rights and duties as shared assumptions about them influence small scale interactions. This book will thus be of interest to social psychologists and anyone interested in the development and applications of positioning theory.

Conflict Resolution in the Twenty- first Century

Principles, Methods, and Approaches

University of Michigan Press A textbook for students and a must-have guide for practitioners

Water as a Catalyst for Peace

Transboundary Water Management and Conflict Resolution

Routledge Examining international water allocation policies in different parts of the world, this book suggests that they can be used as a platform to induce cooperation over larger political issues, ultimately settling conflicts. The main premise is that water can and should be used as a catalyst for peace and cooperation rather than conflict. Evidence is provided to support this claim through detailed case studies from the Middle East and the Lesotho Highlands in Africa. These international cases – including bilateral water treaties and their development and formation process and aftermath – are analyzed to draw conclusions about the outcomes as well as the processes by which these outcomes are achieved. It is demonstrated that the perception of a particular treaty as being equitable and fair is mainly shaped by the negotiation process used to reach certain outcomes, rather than being determined mechanistically by the quantitative allocation of water to each party. The processes and perceptions leading to international water conflict resolutions are emphasized as key issues in advancing cooperation and robust implementation of international water treaties. The key messages of the book are therefore relevant to the geo-political and hydro-political aspects of water resources in the context of bilateral and multilateral conflicts, and the trans-boundary management of water resources, which contributes insights to political ecology, geo-politics, and environmental policy.

Conflict Resolution

Solving Your People Problems

Rose Publishing Disharmony in the home, wars in the workplace, and disputes in the church should lead us to the One to whom we can turn to for direction, strength, and courage. Passivity is not the real path to peace. Resolution rests in confronting the wrong, but with the right heart. Gods Word provides principles for peace that can bring about the supernatural result of reconciliation and resolution. Conflict Resolution will shed light on why some people are avoiders while others are attackers. Learn what causes the worst type of conflict and how to overcome core differences, working through conflict rather than pushing it to the side. The last section titled Steps to Solution gives you applicable tools to overcome conflict, such as: 7 principles for facing conflict Applying the 5 Ws to conflict resolution How to respond when others are critical of you Recipe for conflict resolution Prayer to forgive your offender Look for other titles in the Hope for the Heart series. These mini-books are for people who seek freedom from codependency, anger, conflict, verbal and emotional abuse, depression, or other problems.

Leadership and Self-Deception

Getting Out of the Box

ReadHowYouWant.com This edition tackles the issue of self-deception and provides methodologies to help people overcome it.

The Dynamics of Conflict Resolution

A Practitioner's Guide

John Wiley & Sons This empowering guide goes beyond observable techniques to offer a close look at the creative internal processes--both cognitive and psychological--that successful mediators and other conflict resolvers draw upon.

Can Art Aid in Resolving Conflicts?

100 Perspectives

Frame Publishers A pioneering survey of leading and emerging global artists, curators and art practitioners on the question: can art aid in conflict resolution and therefore reduce global tensions and human suffering? Throughout the centuries, art has documented the atrocities of wars, participated in propaganda campaigns, and served as an advocate for peace and social justice around the world. The aim of this project is to explore how art can assist in creating dialogue and bridges across cultures and opposing groups. Over 100 leading and emerging architects, artists, curators, choreographers, composers, and directors of art institutions around the globe explore the potentially constructive role of the arts in conflict resolution. A summarizing chapter maps out the diverse positions and examines the variety of themes and approaches that were brought up.

From Conflict Resolution to

Reconciliation

Oxford University Press This volume represents an important new step forward in the fields of conflict resolution and peace studies. Its essays argue that, while conflict resolution is well equipped to bring about temporary settlements and brief periods of peace in volatile situations, conventional conflict resolution techniques are not capable of building long-term stability. Instead, the authors contend, practitioners of conflict resolution need to focus more on reconciliation (the restoration of confidence, friendship, and harmony between rivals) than on mere conflict resolution. Whereas traditional conflict resolution has focused primarily on halting

quarrels with agreements between leaders on each side of a conflict, reconciliation techniques shift the focus in two ways. First, they take more of a grassroots approach, building agreement among the members of rival communities, not only between leaders. Second, reconciliation takes a long-term view of dispute resolution. While the authors acknowledge that the role of traditional conflict resolution is important in stopping violence and tension, they argue that, in order to achieve stable peace, negotiators and practitioners of conflict resolution must focus much more on what is to be done after an agreement among leaders is reached.

Cultural Variation in Conflict Resolution

Alternatives To Violence

Psychology Press This volume's central purpose is to provide a clearly written, scholarly exploration of cultural variation regarding conflict resolution and in so doing, highlight certain alternatives to violence. It presents an interdisciplinary examination of how conflicts are perceived and handled in a variety of cultural settings. Drawing on data and models from anthropology, psychology, and political science, the chapters analyze conflict resolution across the societal spectrum, including cases from Western and non-Western traditions, complex and tribal societies, and violent and non-violent cultures. While demonstrating the extremely important impact of culture on conflict resolution processes, the book does not solely emphasize cultural specificity. Rather--through introductory chapters, section introductions, and a concluding chapter--the volume editors draw attention to cross-cultural patterns in an attempt to further the search for more general conflict principles. An explicit message throughout the book is that alternatives to violence exist. The volume demonstrates that at various levels--from the interpersonal to the international-- conflicts can be handled in ways that cause far less pain and destruction than violence. Chapters by psychologists discuss social and cognitive processes for facilitating the learning of alternatives to violence among children and youth. Anthropology contributors explore mechanisms for dealing with social conflict which allow some cultures to remain relatively peaceful and consider implications of their work for reducing violence in other societies. Chapters by former President of Costa Rica, Oscar Arias, and by political scientists examine how non-violent political solutions can be employed as alternatives to warfare and violent resistance.

The Spirit of Dialogue

Lessons from Faith Traditions in

Transforming Conflict

Island Press Over more than twenty years as a mediator, Aaron T. Wolf has learned that successful conflict resolution is shaped by complicated dynamics--from how comfortable the meeting room is to the participants' deepest senses of self. Bridging seemingly intractable issues means addressing multiple layers of needs. Wolf's approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion. *The Spirit of Dialogue* draws lessons from a diversity of faith traditions to transform conflict, from identifying the root cause of anger to aligning with an energy beyond oneself--what Christians call grace--to the true listening practiced by Buddhist monks. Whether atheist or fundamentalist, Muslim or Jewish, Quaker or Hindu, any reader involved in difficult dialogue will find concrete steps towards a meeting of souls.

Conflict Resolution and Status

The Case of Georgia and Abkhazia (1989-2008)

ASP / VUBPRESS / UPA An examination of the Georgia versus Abkhazia case, this account explores how and to what extent the difference in status between a sovereign state and an unrecognized entity hinders conflict-resolution activities. Based on intensive fieldwork and unedited negotiation material, it provides an in-depth analysis of the negotiations, informal dialogues, and grassroots activities that took place in Georgia and Abkhazia between 1989 and 2008. Arguing that their strategies impeded progress in areas as diverse as the return of displaced people, the deployment of a UN peacekeeping operation in the early 1990s, and the implementation of confidence-building measures, this study also illustrates the consequences of lack of engagement with an unrecognized entity.

The Dynamics of Conflict

A Guide to Engagement and Intervention

John Wiley & Sons *The Dynamics of Conflict* When it was published in 2000, Bernie Mayer's *The Dynamics of Conflict Resolution* quickly became one of the seminal works in the conflict resolution field. The book bridged the gap between abstract theoretical approaches and practical handbooks and became an immensely valuable and accessible resource for experienced and novice practitioners, as well as for professors and students of conflict management who needed a deep yet practical

view of conflict and methods for dealing with it. The Dynamics of Conflict is the second edition of Mayer's classic book. While building on the strengths of the first edition, this thoroughly revised and updated book keeps pace with the most current trends and research in the field and explores four key concepts: interactional dynamics, system dynamics, culture and conflict, and conflict engagement. Like the first edition, the focus of the new edition is on the ways we can productively think about conflict and conflict intervention, rather than on specific techniques and processes. Mayer presents ideas about conflict as a set of conceptual tools that build on one another and contribute to a multifaceted view of conflict and conflict intervention but that also stand on their own. Filled with illustrative examples, the book draws from the author's thirty years of experience with interpersonal, family, community, organizational, labor management, environmental, public policy, and international disputes and includes instances of conflicts that have been in the news. In addition, this vital resource contains information on the most important work that has been done in the past decade on culture, systems, and conflict engagement and shows how conflict concepts apply to new technologies such as online communication and conflict resolution efforts on the Web. In the concluding chapter Mayer explores how conflict intervention efforts fit into more general values about peace, democracy, and social justice, and the personal impact that conflict work as a field has on conflict specialists.

Mediating Dangerously

The Frontiers of Conflict Resolution

John Wiley & Sons Sometimes it's necessary to push beyond the usual limits of the mediation process to achieve deeper and more lasting change. Mediating Dangerously shows how to reach beyond technical and traditional intervention to the outer edges and dark places of dispute resolution, where risk taking is essential and fundamental change is the desired result. It means opening wounds and looking beneath the surface, challenging comfortable assumptions, and exploring dangerous issues such as dishonesty, denial, apathy, domestic violence, grief, war, and slavery in order to reach a deeper level of transformational change. Mediating Dangerously shows conflict resolution professionals how to advance beyond the traditional steps, procedures, and techniques of mediation to unveil its invisible heart and soul and to reveal the subtle and sensitive engine that drives the process of personal and organizational transformation. This book is a major new contribution to the literature of conflict resolution that will inspire and educate professionals in the field for years to come.

The Anatomy of Peace

Franklin Classics This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations.

Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Evidential Foundations of Probabilistic Reasoning

Northwestern University Press In this work Schum develops a general theory of evidence as it is understood and applied across a broad range of disciplines and practical undertakings. He include insights from law, philosophy, logic, probability, semiotics, artificial intelligence, psychology and history.

Reducing School Violence Through Conflict Resolution

ASCD In this book, David and Roger Johnson offer an approach that involves interrelated programs for preventing violence and helping students learn to resolve conflicts constructively. The authors discuss how schools can create a cooperative learning environment where students learn how to negotiate and mediate peer conflicts and teachers use academic controversies to enhance learning.

International Conflict Management

Routledge This new textbook provides students with an accessible overview of the logic, evolution, application and outcomes of the five major approaches of the growing field of international conflict management: traditional peacekeeping peace enforcement and support operations negotiation and bargaining mediation adjudication. The book aims to provide the student with a fuller understanding of the strengths and weaknesses of these five techniques within the dynamic context of the contemporary security environment, especially in relation to recent and ongoing case studies of inter-state and intra-state conflict. To demonstrate the changing nature of security in the post-Cold War world, the text contrasts this with competing visions of security during the Cold War and earlier periods, and provides numerous points of comparison with the dominant causes, types, strategy, and prosecution of warfare in other eras. International Conflict Management will be essential reading for all students of conflict management, mediation, peacekeeping, peace and conflict studies, and international security in general. Michael J. Butler is an Assistant Professor in the Department of Government and International Relations at Clark University (USA).

InfoWorld

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Conflict Resolution for the Helping Professions

Negotiation, Mediation, Advocacy, Facilitation, and Restorative Justice

Oxford University Press Revised edition of Conflict resolution for the helping professions, 2007.

Lord of the Flies

New Educational Edition

Faber & Faber A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

The Challenges of Conflict Resolution in Africa

The Case of Cameroon-Nigerian Border Conflict

LIT Verlag Münster The Cameroon-Nigerian border conflict over the Bakassi peninsula is a result of colonial negligence. Local interests and boundaries were disregarded when colonial powers were partitioning Africa. The Bakassi Peninsula's richness in natural resources (oil, gas and fish) is the main reason why Cameroon and Nigeria are at loggerheads over the region. Attempts at solving this conflict have failed and even the ICJ ruling does not stand a better chance of settling this dispute if the interests of the local population are not considered.

Federalism and Ethnic Conflict in Ethiopia

A Comparative Regional Study

Routledge This book examines the impact of the federal restructuring of Ethiopia on ethnic conflicts. The adoption of ethnic federalism in Ethiopia was closely related with the problem of creating a state structure that could be used as instrument of managing the complex ethno-linguistic diversity of the country. Ethiopia is a multinational country with about 85 ethno-linguistic groups and since the 1960s, it suffered from ethno-regional conflicts. The book considers multiple governance and state factors that could explain the difficulties Ethiopian federalism faces to realise its objectives. These include lack of political pluralism and the use of ethnicity as the sole instrument of state organisation. Federalism and Ethnic Conflict in Ethiopia will be of interest to students and scholars of federal studies, ethnic conflict and regionalism.
