**A COMPLETE, COMPREHENSIVE INDEX AND DICTIONARY CATALOGUE TO THE FIRST TWENTY-SEVEN VOLUMES OF ST. NICHOLAS; CONTAINING 20, 000 REFERENCES ARRANGED ANALYTICALLY, ALPHABETICALLY, AND CLASSIFIED (CLASSIC REPRINT)**

---

*Forgotten Books* Excerpt from Index to St. Nicholas: A Complete, Comprehensive Index and Dictionary Catalogue to the First Twenty-Seven Volumes of St. Nicholas; Containing 20, 000 References Arranged Analytically, Alphabetically, and Classified The belief that much valuable but unavailable material was contained in the St. Nicholas has led to the presentation to the public of this index to the first twenty-seyen volumes. No effort has been spared to secure its complete ness and accuracy and yet, that the volume might not grow unwieldy or cumbersome, care has been taken to render it as concise as possible. The utility of the present work will be appreciated more especially by those who are engaged in reference work and by the librarians of small libraries, who know by experience the difficulty of supplying the demand of study clubs, teachers and children. The index is dictionary catalog in form, following closely the A. L. A. List of subject headings. However, that it might be more useful in the prepa ration of Special lists, etc., whenever there has been a large accumulation of entries under a heading the subject has been divided, z'. E. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

**DICTIONARY CATALOGUE OF THE FIRST 505 VOLUMES OF EVERYMAN'S LIBRARY (CLASSIC REPRINT)**

*Forgotten Books* Excerpt from Dictionary Catalogue of the First 505 Volumes of Everyman's Library *Wuthering Heights*. 1848. Introduction by Ernest Rhys. Biographical Notice of Ellis and Acton Bell by Currer Bell. Editor's preface to new edition of *Wuthering Heights*, by Currer Bell. 243. A weird story of hate and revenge, laid amid the southern dales and fells of the moors of Yorkshire. Its great quality is that of atmosphere and oneness of effect. To those unfamiliar with the inhabitants and customs of the hills and hamlets of Yorkshire the production seems rude and strange. It is rustic throughout. It is moorish, and wild and knotty, as a root of heath. Beyond the madness and terror of *Wuthering Heights* romantic fiction has never gone. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. *Forgotten Books* uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. #### RULES FOR A DICTIONARY CATALOG

---

On seeing the great success of the Library of Congress cataloging, I doubted whether it was worthwhile to prepare and issue this fourth edition of my Rules; but I reflected that it would be a considerable time before all libraries would use the cards of that library, and a long time before the Library of Congress could furnish cards for all books, long enough for the libraries to absorb another edition and use it up in that part of their cataloging which they must do themselves. Still I cannot help thinking that the golden age of cataloging is over, and that the difficulties and discussions which have furnished an innocent pleasure to so many will interest them no more. Another lost art. But it will be all the better for the pockets of the public, or rather it will be better for other parts of the service-the children's room and the information desk, perhaps. In the last two years a great change has come upon the status of cataloging in the United States. The Library of Congress has begun furnishing its printed catalog cards on such liberal terms that any new library would be very foolish not to make its catalog mainly of them, and the older libraries find them a valuable assistance in the cataloging of their accessions, not so much because they are cheaper as because in the case of most libraries they are better than the library is likely to make for itself. The differences between these rules and those

adopted by the Library of Congress are of two classes. The first class of differences is in trifles of punctuation, capitalization, the place of certain items on the cards, and the like. If one already has a catalog with a large number of cards, and merely inserts in it as many of the Library of Congress cards as possible, I see no reason for altering one's own style, either on the past accumulations or on the new cards that one is to write. The two kinds of cards can stand together in the drawers and the public will never notice the difference. But if one is commencing a new catalog, to be composed mainly of Library of Congress cards, I advise following the Library of Congress rules closely. It will save much trouble....
