**Organisational Behaviour Pearson Higher Education AU**  
 Robbins: Leading the way in OB Organisational Behaviour shows managers how to apply the concepts and practices of modern organisational behaviour in a competitive, dynamic business world. Written and researched by industry-respected authors, this continues to be Australia's most popular text for introductory courses in organisational behaviour. A new suite of learning and teaching resources that will excite future managers and inspire critical thinking, accompanies the text. **Introduction to Law Springer** This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

**Organization Theory: Structure, Design, And Applications, 3/E Pearson Education India Integrated Organisational Communication Juta and Company Ltd** This works adopts a multidisciplinary approach to corporate communication, including management communication, public relations, organizational behavior and change, marketing communication, and advertising. The many-faceted approach adopts the perspective of a practicing communications professional, emphasizes corporate branding, and focuses on an integrated approach to communication.

**Organisational Behaviour Global and Southern African Perspectives Self-assessment Library 3.4 Insights Into Your Skills, Interests and Abilities Pearson South Africa** This books gives insights into your personality, motivation, emotional intelligence, leadership and team skills etc. **Spirituality, Leadership and Management, Seventh National Conference Proceedings Leadership for the Emerging World Lulu.com Organizational Behavior Pearson South Africa** Robbins/Judge provide the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL. Some topics include management functions; the social sciences; helping employees balance work and other responsibilities; improving people skills; improving customer service; motivational concepts; communication; power and politics; conflict and negotiation; culture; and stress management. Globally accepted and written by one of the most foremost authors in the field, this is a necessary read for all managers, human resource workers, and anyone needing to understand and improve their people skills.

**Essentials of Organizational Behavior Fourteenth Edition Organizational Behavior** A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

**MICOSS 2020 Proceedings of the 1st MICOSS Mercu Buana International Conference on Social Sciences, MICOSS 2020, September 28-29, 2020, Jakarta, Indonesia European Alliance for Innovation** Mercu Buana International Conference on Social Sciences aims to bring academic scientists, research scholars and practitioners to exchange and share their experiences and research results on all aspects of Social Sciences. **Japanese Human Resource Management Labour-Management Relations and Supply Chain Challenges in Asia Springer** This book is a comprehensive study underpinned by thirty years of research conducted by the author relating to Japanese human resource management and labour-management relations. Its aim is to achieve a better understanding of the Japanese model for human resource management and labour standards issues, and its transferability to supply chains in Asia. Seeking a better understanding of the strength of Japanese management and its applicability to foreign countries, Japanese Human Resource Management introduces a new agenda for Japanese corporations that wish to operate in sustainable and inclusive ways in local societies and in global supply chains. Organized into three major themes this comprehensive study is essential reading for students, researchers and government who wish to promote productivity improvement and constructive labour-management relations.

**Work and Organizational Psychology Routledge** Psychologists have been fascinated by the world of work, and the changing relationship between people, technology and the workplace, since the onset of the industrial revolution. And in providing a complete and contemporary overview of this evolving and fascinating field, the new edition of Work and Organizational Psychology is the perfect textbook, outlining not only the key theoretical ideas, but also how they relate to the role of psychologists advising today's organizations. The only textbook to integrate the fields of HRM and organizational behaviour, the new edition is thoroughly revised to cover new technological advances such as virtual workplaces and virtual employees. In an era of rapid socio-economic change, there is also expanded coverage of the role of workplace diversity, employee commitment and globalization, as well as updated chapters on key concepts such as motivation, leadership, group behaviour and well-being at work. Also including a chapter on career development, the book is supported by a range of pedagogical features, spotlighting issues of theoretical, ethical or contemporary interest, whilst also enabling students to engage in active learning. Lucid and comprehensive, the second edition of Work and Organizational Psychology will be the cornerstone for any student of this dynamic field.

**Industrial And Organisational Psychology (2 Vols.) Gyan Publishing House** The book deals with the psychology generally found in an industry and an organisation and its management for the maximum exposition of the human resources to the realisation of the founding aims against odds. Very useful for Students, Teachers, Businessmen, Professionals.

**Decide & Conquer Make Winning Decisions and Take Control of Your Life FT Press** Robbins identifies the major roadblocks that stand in the way of making high-quality decisions--and shows readers exactly how to overcome them.

**The Truth About Managing People FT Press** In the Third Edition of the bestselling book, The Truth About Managing People, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world. New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

**Organizational Behavior Managing People and Organizations Change Leadership in Emerging Markets The Ten Enablers Model Springer Nature** Based on neuroscience research, this book presents and demonstrates a 'Ten Enablers' model as a framework to help change leaders successfully lead and manage change. It focuses on the execution of change processes within volatile and challenging emerging markets with high growth potential. The book first presents the organizational development and change research on which the model is based, and discusses the basic neuroscience principles. It then introduces a systematic model of the ten enablers, taking readers through the process of change, from considering the ethos prior to embarking on it, including engagement of stakeholders, up to the final phase, where change leaders exit the process or the organization. It highlights this circular process through several step-by-step illustrations, supported by examples from emerging markets. Further, it includes neuroscience research and principles to help leaders understand and manage change in themselves and others. This well-researched and practical book is a valuable resource for students and professionals alike.

**Advances in Business, Management and Entrepreneurship Proceedings of the 4th Global Conference on Business Management & Entrepreneurship (GC-BME 4), 8 August 2019, Bandung, Indonesia CRC Press** The GCBME Book Series aims to promote the quality and methodical reach of the Global Conference on Business Management & Entrepreneurship, which is intended as a high-quality scientific contribution to the science of business management and entrepreneurship. The Contributions are expected to be the main reference articles on the topic of each book and have been subject to a strict peer review process conducted by experts in the fields. The conference provided opportunities for the delegates to exchange new ideas and implementation of experiences, to establish business or research connections and to find Global Partners for future collaboration. The conference and resulting volume in the book series is expected to be held and appear annually. The year 2019 theme of book and conference is "Transforming Sustainable Business In The Era Of Society 5.0". The ultimate goal of GCBME is to provide a medium forum for educators, researchers, scholars, managers, graduate students and professional business persons from the diverse cultural backgrounds, to present and discuss their research, knowledge and innovation within the fields of business, management and entrepreneurship. The GCBME conferences cover major thematic groups, yet opens to other relevant topics: Organizational Behavior, Innovation, Marketing Management, Financial Management and Accounting, Strategic Management, Entrepreneurship and Green Business.

**Organizational Behavior and Management McGraw-Hill Education** The authors' goal in writing Organizational Behavior and Management 10e is to improve students' ability to understand, interpret, and predict the behavior of people working in organizations. The book combines text, self-learning exercises, group-participation exercises, and cases in an integrated way designed to enhance learning and retention of organizational behavior concepts and skills. A solid research base and an appendix on research techniques make this book suitable for a graduate studies course.
