Zu Lieben Lieben als politisches Handeln Die Freiheit, allein zu sein Eine Ermutigung Arche Literatur Verlag *Die erste umfassende weibliche Betrachtung des Alleinseins Je mehr Freundschaften und Projekte, je fester der Job und die Partnerschaft, desto größer das Lebensglück? In ihrem aufrüttelnden Debattenbuch zeigt Sarah Diehl, wie trügerisch diese Vorstellung ist und warum vor allem Frauen immer noch zu wenig Räume zum Alleinsein haben. Dabei ist es nicht nur der Grundstein eines verantwortungsvollen Miteinanders – es ist die Triebfeder für Reflexion und Veränderung sowie ein elementarer Teil der Selbstfürsorge. Frauen hatten im Laufe der Geschichte kaum ein »Zimmer für sich allein«. Auch heute gilt die Kleinfamilie als Garant für ein glückliches Leben. Anhand von kulturhistorischen Betrachtungen, Interviews mit Frauen, aber auch Männern sowie der Erkundung verschiedener Lebensentwürfe offenbart Sarah Diehl die Fallstricke dieser Annahme. Dabei blickt sie ebenso auf die Bedeutung des Alleinseins innerhalb der Familie oder Partnerschaft wie in der Öffentlichkeit, in der Natur oder auf Reisen. Sie fordert den Erhalt der Einsamkeit und ermutigt alle, das Alleinsein immer wieder bewusst zu suchen. Denn so entziehen wir uns der Bewertung durch andere und erkennen unsere wahren Bedürfnisse. Alleinsein ist eine elementare Freiheitserfahrung, die allen ganz selbstverständlich zugänglich sein muss.* **Alerta BoD - Books on Demand** "Das aufgeklärte Individuum, das sich in der Welt zurechtfinden muss und sich dem gegenwärtigen Chaos ebendieser stellt. Die Erkenntnis des Nihilismus als Basis für eine existenzielle Auseinandersetzung mit dem Bestehenden, die sowohl in Hoffnung, Progressivität und Idealismus, wie auch Tragik, Schuld und Chaos geht. Ein Spiel mit Gott und der Wirklichkeit ebenso, wie das Berufen auf die Freiheit, aufs Träumen und auf die Natur. Eine klare Meinung, die von Haltung zeugt, begleitet hierbei verschiedene Perspektiven auf das Leben, in denen die Ästhetik und die Substanz stets harmonisieren. Hinzu kommt die Nähe zum Ursprünglichen, zur griechischen Mythologie, deren Figuren und Symbole im Lyrischen aufleben, während niemals der Witz vernachlässigt wird." - Miro Langenfeld **Taking Sides Theories, Practices, and Cultures of Participation in Dissent transcript Verlag** *Is there an option to oppose without automatically participating in the opposed? This volume explores different perspectives on dissent, understanding practices, cultures, and theories of resistance, dispute, and opposition as inherently participative. It discusses aspects of the body as a political instance, the identity and subjectivity building of individuals and groups, (micro-)practices of dissent, and theories of critique from different disciplinary perspectives. This collection thus touches upon contemporary issues, recent protests and movements, artistic subversion and dissent, online activism as well as historic developments and elemental theories of dissent.* **SEXUELLE EINVERNEHMLICHKEIT GESTALTEN Theoretische, pädagogische und künstlerische Perspektiven auf eine Leerstelle sexueller Bildung BoD - Books on Demand** *Sexuelle Zustimmung und Einvernehmlichkeit sind bisher keine zentralen Themen sexueller Bildung. Die vorliegende Publikation setzt bei dieser Leerstelle an und stellt theoretische, pädagogische und künstlerische Zugänge zur Auseinandersetzung mit sexueller Einvernehmlichkeit in Schule, Lehrer:innenbildung und außerschulischer Bildungsarbeit vor. Gegenwärtige Debatten um sexualisierte Übergriffe und Gewalt betonen insbesondere die Notwendigkeit von Präventions- und Interventionsarbeit. Der vorliegende Band geht darüber hinaus, indem er die Frage nach der Gestaltung von Einvernehmlichkeit als wichtigen Aspekt sexueller Selbstbestimmung ins Zentrum rückt. Die Beitragenden des Sammelbandes forschen nach Zugängen, die konsensuale, grenzwahrende und kooperative Begegnungsformen im Bereich des Sexuellen stärken. Über theoretische Texte, Gespräche, Filmanalysen, kunst- und sexualpädagogische Methoden sowie künstlerische Beiträge werden Möglichkeiten aufgezeigt, sexuelle Einvernehmlichkeit im Rahmen sexueller Bildung zu thematisieren. Die kunst- und sexualpädagogischen Konzepte legen den Schwerpunkt auf die Arbeit mit bewegten Bildern wie Coming-of-Age-Filme und Erklärvideos, anhand derer Auseinandersetzungen mit Fragen der Aushandlung und Entscheidungsfindung in sexuellen Interaktionen und intimen Beziehungen angeregt werden können.* **Co-Parenting und die Zukunft der Liebe Über post-romantische Elternschaft transcript Verlag** *»Co-Parenting« als Familienkonzept breitet sich aus und stellt die Versprechen des romantischen Liebesideals mitsamt seinem geschlechterungleichen Normalfamilienmodell in Frage. Doch was bedeutet das für die Liebe selbst? Wird sie zerstört oder transformiert und öffnet sie sich für neue Familien- und Beziehungsformen? Entfaltet sich in der post-romantischen Elternschaft gar ein utopisch-emanzipatives Potenzial, das Frauen und LGBTIQ*s aus patriarchalen, hetero- und paarnormativen Herrschaftsverhältnissen befreit? Neben Gegenwarts- und Zukunftsszenarien erkundet Christine Wimbauer auch die gesellschaftspolitischen Herausforderungen dieser Entwicklungen.* **Intersektionalität und Postkolonialität Kritische feministische Perspektiven auf Politik und Macht Verlag Barbara Budrich** *Der Sammelband zeigt den Mehrwert intersektionaler und postkolonialer Ansätze für die feministische Forschung zu Macht und Herrschaft und diskutiert das Verhältnis beider Ansätze zueinander. Die Autor*innen demonstrieren, wie diese innovativen kritischen*

Ansätze aktuelle gesellschaftswissenschaftliche Debatten unter anderem zu Religion, Gefängniskritik, der Ethik biomedizinischer Forschung, dem Wohlfahrtsstaat oder ökologischen und studentischen Bewegungen im globalen Süden bereichern. **Zart und frei Vom Sturz des Patriarchats Matthes & Seitz Berlin Verlag** Es gibt derzeit kaum ein Thema, mit dem sich so viel Hass mobilisieren lässt wie mit Genderpolitik. Das Ressentiment reicht vom Spott über das Gendersternchen bis zu den Manifesten rechtsradikaler Terroristen. Carolin Wiedemann zeigt in ihrer eindringlichen Analyse, dass der antifeministische Diskurs ein zentrales Element des politischen Rechtsrucks ist – und bis in die politische Linke Sympathisanten hat. Dagegen hilft keine individualisierte Verweigerung und auch kein neoliberales Durchschlagen, sondern nur kollektive queerfeministische Praxis. Die Autorin stellt neue (antipatriarchale) Beziehungs- und Verhaltensweisen wie Co-Parenting und Post-Romantik vor, mit denen schon vielerorts ein zarter Umgang miteinander erprobt wird, der auch jene befreit, die noch immer unter Druck stehen, ihre Männlichkeit zu beweisen. Eine radikale Analyse der Gewalt heutiger patriarchaler Herrschaft, eine Anstiftung zum rebellischen und zärtlichen Miteinander und ein Mutmacher für all jene, die sich seit Langem mit sexistischen Geschlechterverhältnissen auseinandersetzen, sie bekämpfen und ihnen im Alltag doch so oft nicht entkommen. **Linguistische Kulturanalyse Walter de Gruyter GmbH & Co KG** Die linguistische Kulturanalyse ist eine relativ junge Ausprägung sprachwissenschaftlicher Forschung, die sich derzeit zunehmend etabliert. Sie geht von der Annahme aus, dass sich Sprachliches und Kulturelles gegenseitig hervorbringen, und untersucht dieses Verhältnis theoretisch und empirisch. Der Band Linguistische Kulturanalyse versammelt 17 Beiträge, die sich einerseits mit grundlegenden kulturanalytischen Konzepten und Annahmen auseinandersetzen und andererseits das Potenzial der linguistischen Kulturanalyse an lexikalischen, morphosyntaktischen, praktikenbezogenen, textuellen und diskursiven Beispielen des Sprachgebrauchs veranschaulichen. Damit stellt der Band den State of the Art der linguistischen Kulturanalyse dar und entwirft zugleich deren Zukunftsperspektiven. **Daddy & Boy The Complete Guide to Intergenerational Love Bruno Gmuender** The acronym DILF stands for "Daddy, I'd like to fuck", and represents a gay subculture with more than a few online adherents. In his new guidebook, Axel Neustädter takes a closer look at all the silver, muscle and sugar daddies: what are they like; where can they be found; will you also become one? And what about the young men who like daddies: what makes them tick? Neustädter shows how the daddy ideal is both part of and at odds with the prevailing gay culture. Where ageism ends, daddy love begins. This book shines a light on a flourishing, if partially hidden, subculture and shows the way to overcoming prejudices. Neustädter charts the colorful cosmos of confident daddies and twinks, wolves and otters, chicken queens and sons. **Kisses for Jet Nobrow** Set in a boring suburb in the Netherlands at the end of the 1990s, between Kurt Cobain's death and the supposed end of the world at the turn of the millennium, this graphic novel tells the tale of Jet, navigating their gender identity in a pre-internet world. Like most teenagers in the 90s, Jet is obsessed with Kurt Cobain, which helps her get through attending the boarding school his parents have sent her to. Jet is very shy, and fitting in poses enough challenges as is. New feelings are starting to emerge as Jet and best friend Sasha turn their attention away from their beloved grunge idols to real guys. But something is wrong. Jet slowly begins to realize that she may be more of a boy than a girl. But is that possible? And who does he talk to about these feelings? **Queer Methods and Methodologies Intersecting Queer Theories and Social Science Research Routledge** Queer Methods and Methodologies provides the first systematic consideration of the implications of a queer perspective in the pursuit of social scientific research. This volume grapples with key contemporary questions regarding the methodological implications for social science research undertaken from diverse queer perspectives, and explores the limitations and potentials of queer engagements with social science research techniques and methodologies. With contributors based in the UK, USA, Canada, Sweden, New Zealand and Australia, this truly international volume will appeal to anyone pursuing research at the intersections between social scientific research and queer perspectives, as well as those engaging with methodological considerations in social science research more broadly. **Season of the Shadow** Now in paperback, a brutal and dreamlike story about the first victims of the transatlantic slave trade. This powerful novel presents the early days of the transatlantic slave trade from a new perspective: that of the sub-Saharan population that became its first victims. Cameroonian novelist Léonora Miano presents a world on the brink of disappearing--a pre-colonial civilization with roots that stretch back for centuries. One day, a group of villagers finds twelve of their people missing. Where have they gone? Who is responsible? A collective dream, troubling a group of mothers in a communal dwelling, may have some of the answers, as the women's missing sons call to them in terror; at the same time, a thick shadow settles over the huts, blocking out the light of day. It is the shadow of slavery, which will soon grow to blight the whole world. Miano renders this brutal story in deliberately strange, dreamlike prose, befitting a situation that is, on its face, all but impossible for the villagers to believe. **Love and Rage The Path of Liberation through Anger North Atlantic Books** In the face of systemic racism and state-sanctioned violence, how can we metabolize our anger into a force for liberation? White supremacy in the United States has long necessitated that Black rage be suppressed, repressed, or denied, often as a means of survival, a literal matter of life and death. In Love and Rage, Lama Rod Owens, coauthor of Radical Dharma, shows how this unmetabolized anger--and the grief, hurt, and transhistorical trauma beneath it--needs to be explored, respected, and fully embodied to heal from heartbreak and walk the path of liberation. This is not a book about bypassing anger to focus on happiness, or a road map for using spirituality to transform the nature of rage into something else. Instead, it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation. Love and Rage weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy, practical meditation exercises, mindfulness, tantra, pranayama, ancestor practices, energy work, and classical yoga. The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger--and yet who refuse to relent. It is a necessary text for these times. **Criptiques** Criptiques is a groundbreaking collection of essays by disabled authors examining the often overlooked, provocative sides of disability. Exploring themes of gender, sexuality, disability/crip culture, identity, ableism and much more, this important anthology provides much needed space for thought-provoking discourse from a highly diverse group of writers. Criptiques takes a cue from the disability rights slogan "Nothing About Us Without Us," illuminating disability experiences from those with firsthand knowledge. Criptiques is for people invested in crip culture, the ones just discovering it, and those completely unfamiliar with the term. **Where the Rekohu Bone Sings Penguin Random House New Zealand Limited** From the Chatham Islands/ Rekohu to London, from 1835 to the 21st century, this quietly powerful and compelling novel confronts the complexity of being Moriori, Maori

and Pakeha. In the 1880s, Mere yearns for independence. Iraia wants the same but, as the descendant of a slave, such things are hardly conceivable. One summer, they notice their friendship has changed, but if they are ever to experience freedom they will need to leave their home in the Queen Charlotte Sounds. A hundred years later, Lula and Bigs are born. The birth is literally one in a million, as their mother, Tui, likes to say. When Tui dies, they learn there is much she kept secret and they, too, will need to travel beyond their world, to an island they barely knew existed. Neither Mere and Iraia nor Lula and Bigs are aware that someone else is part of their journeys. He does not watch over them so much as through them, feeling their loss and confusion as if it were his own. **Shedding First Among Sequels Thursday Next Book 5 Hodder & Stoughton** The fifth book in the phenomenally successful Thursday Next series, from Number One bestselling author Jasper Fforde. 'Ingenious - I'll watch Jasper Fforde nervously' Terry Pratchett on *The Eyre Affair* Fourteen years after she pegged out at 1988 SuperHoop, Thursday Next is grappling with a recalcitrant new apprentice, the death of Sherlock Holmes and the inexplicable departure of comedy from the once-hilarious Thomas Hardy novels. Her idle sixteen-year-old would rather sleep all day than save the world from imminent destruction, the government has a dangerously high stupidity surplus, and the Stiltonista Cheese Mafia are causing trouble for Thursday in her hometown of Swindon. Then things begin to get bad. As Reality Book Shows look set to transplant Reality TV Shows and Goliath invent a trans-fictional tourist coach, Thursday must once again have her wits about her as she travels to the very limits of acceptable narrative possibilities to rescue the reading experience from almost certain destruction . . . **Political Solidarity Penn State Press Art and Queer Culture Phaidon Press Decolonizing Enlightenment Transnational Justice, Human Rights and Democracy in a Postcolonial World Verlag Barbara Budrich** Do norms of justice, human rights and democracy enable disenfranchised communities? Or do they simply reinforce relations of domination between those who are constituted as dispensers of justice, rights and aid, and those who are coded as receivers? Critical race theorists, feminists and queer and postcolonial theorists confront these questions and offer critical perspectives. **Phraseology and Culture in English Walter de Gruyter** The proposition that there is a correlation between language and culture or culture-specific ways of thinking can be traced back to the views of Herder and von Humboldt in the late 18th and early 19th centuries. It is generally accepted today that a language, especially its lexicon, influences its speakers' cultural patterns of thought and perception in various ways, for example through a culture-specific segmentation of the extralinguistic reality, the frequency of occurrence of particular lexical items, or the existence of keywords or key word combinations revealing core cultural values. The aim of this volume is to explore the cultural dimension of a wide range of preconstructed or semi-preconstructed word combinations in English. The 17 papers of the volume are divided into four sections, focusing on particular lexemes (e.g. enjoy and its collocates), types of word combinations (e.g. proverbs and similes), use-related varieties (such as the language of tourism or answering-machine messages), and user-related varieties (such as Aboriginal English or African English). The sections are preceded by a prologue, tracing the development of the study of formulaic language, and followed by an epilogue, which draws together the threads laid out in the various papers. The relation between language and culture in general has been explored in a number of important works over the past ten years. However, the study of the relation between English phraseology and culture in particular has been largely neglected. This volume is the first book-length publication devoted entirely to this topic. **»Truth« and Fiction Conspiracy Theories in Eastern European Culture and Literature transcript Verlag** Several of the most prolific and influential conspiracy theories originated in Eastern Europe. The efficacy of conspiracy narratives can be observed in recent developments in Poland or with regard to the wars waged in Eastern Ukraine and in former Yugoslavia. This volume analyses the history behind this widespread phenomenon as well as its relationship with representations of the present in Eastern European cultures and literatures. **The Queer Mental Health Workbook A Creative Self-Help Guide Using CBT, CFT and DBT Jessica Kingsley Publishers** 'A privilege to read, a pleasure to endorse' PROFESSOR TANYA BYRON 'This book completely bowled me over' DOMINIC DAVIES 'A super comprehensive book' MEG-JOHN BARKER To be queer is to feel different - a felt sense that you don't fit in. The headscarf has been both vehemently contested by national and/or regional governments, political parties and public intellectuals and passionately defended by veil wearing women and their supporters. Systematically applying a comparative perspective, this book addresses the question of why the headscarf tantalises and causes such controversy over issues about religious pluralism, secularism, neutrality of the state, gender oppression, citizenship, migration, and multiculturalism. Seeking also to establish why the issue has become part of the disciplinary practices of some European countries but not of others, this work brings together an important collection of interpretative research regarding the current debates on the veil in Europe, offering an interdisciplinary scope and European-wide setting. Brought together through a common research methodology, the contributors focus on the different religious, political and cultural meanings of the veiling issue across eight countries and develop a comparative explanation of veiling regimes. This work will be of great interest to students and scholars of religion & politics, gender studies and multiculturalism. **Polyamory in the 21st Century Love and Intimacy with Multiple Partners Rowman & Littlefield Publishers** Unlike other books on this topic, Polyamory in the 21st Century weaves together research and facts to provide an informed and impartial analysis of polyamory as a lifestyle and as a movement, and to place it in a psychosocial as well as an historical context. Anecdotes and personal experiences allow the reader to develop a better understanding of polyamory and the people who practice and enjoy it. Anapol addresses the practical, the utopian, and

the shadow sides of this intriguing, mysterious, yet often threatening lifestyle. It honestly addresses difficult issues such as the nature of commitment without exclusivity, balancing personal needs with loyalty to a partner, evaluating beliefs about love and relationship, the impact of polyamory on children, and the challenges that arise when one partner wants monogamy and another prefers polyamory. Without judgement, she explores this increasingly common practice, and reveals the true nature of a lifestyle that many do not understand. **When Jonathan Died Heretic Books Subjektivierung von Arbeit The Polyamory Breakup Book Causes, Prevention, and Survival Thorntree Press LLC** Polyamory is not always easy. Theo Nicole Lorenz's heart-warming and empowering illustrations of trans people will provide reassurance that you are never alone, and are a reminder to always treat yourself kindly. **The Betrayal of the Self The Fear of Autonomy in Men and Women** By defining man's vulnerability as his strength, Dr. Gruen points the way to a psychoanalysis of personal courage and social responsibility, at the same time exposing the childhood split which leads man to abandon his true self. **Power Circuits: Polyamory In a Power Dynamic Lulu Press, Inc** Power Circuits is an alliance between two alternative lifestyles: polyamory, or multiple open and honest romantic relationships; and power dynamics, relationships that choose to be consciously and deliberately unequal in power, such as dominant/submissive or master/slave. Both lifestyles are on the cutting-edge frontiers of romantic and sexual relating, and for a long time practitioners of both have found little sympathy in either camp. This is the first book of its kind that navigates the waters of effective polyamory and power exchanges, with many essays from the brave practitioners who swim there. **Radical Dharma Talking Race, Love, and Liberation North Atlantic Books** Igniting a long-overdue dialogue about how the legacy of racial injustice and white supremacy plays out in society at large and Buddhist communities in particular, this urgent call to action outlines a new dharma that takes into account the ways that racism and privilege prevent our collective awakening. The authors traveled around the country to spark an open conversation that brings together the Black prophetic tradition and the wisdom of the Dharma. Bridging the world of spirit and activism, they urge a compassionate response to the systemic, state-sanctioned violence and oppression that has persisted against black people since the slave era. With national attention focused on the recent killings of unarmed black citizens and the response of the Black-centered liberation groups such as Black Lives Matter, Radical Dharma demonstrates how social transformation and personal, spiritual liberation must be articulated and inextricably linked. Rev. angel Kyodo williams, Lama Rod Owens, and Jasmine Syedullah represent a new voice in American Buddhism. Offering their own histories and experiences as illustrations of the types of challenges facing dharma practitioners and teachers who are different from those of the past five decades, they ask how teachings that transcend color, class, and caste are hindered by discrimination and the dynamics of power, shame, and ignorance. Their illuminating argument goes beyond a demand for the equality and inclusion of diverse populations to advancing a new dharma that deconstructs rather than amplifies systems of suffering and prepares us to weigh the shortcomings not only of our own minds but also of our communities. They forge a path toward reconciliation and self-liberation that rests on radical honesty, a common ground where we can drop our need for perfection and propriety and speak as souls. In a society where profit rules, people's value is determined by the color of their skin, and many voices—including queer voices—are silenced, Radical Dharma recasts the concepts of engaged spirituality, social transformation, inclusiveness, and healing. **In Their Shoes Navigating Non-Binary Life** Frank, funny and feisty, this must-read book is packed full of inspiring ways to live and thrive in your best non-binary life. Readers will come away empowered and armed with practical advice on how to navigate everything from relationships to fashion to work. **Community The Structure of Belonging Berrett-Koehler Publishers** Most of our communities are fragmented and at odds within themselves. Businesses, social services, education, and health care each live within their own worlds. The same is true of individual citizens, who long for connection but end up marginalized, their gifts overlooked, their potential contributions lost. What keeps this from changing is that we are trapped in an old and tired conversation about who we are. If this narrative does not shift, we will never truly create a common future and work toward it together. What Peter Block provides in this inspiring new book is an exploration of the exact way community can emerge from fragmentation. How is community built? How does the transformation occur? What fundamental shifts are involved? What can individuals and formal leaders do to create a place they want to inhabit? We know what healthy communities look like—there are many success stories out there. The challenge is how to create one in our own place. Block helps us see how we can change the existing context of community from one of deficiencies, interests, and entitlement to one of possibility, generosity, and gifts. Questions are more important than answers in this effort, which means leadership is not a matter of style or vision but is about getting the right people together in the right way: convening is a more critical skill than commanding. As he explores the nature of community and the dynamics of transformation, Block outlines six kinds of conversation that will create communal accountability and commitment and describes how we can design physical spaces and structures that will themselves foster a sense of belonging. In *Community*, Peter Block explores a way of thinking about our places that creates an opening for authentic communities to exist and details what each of us can do to make that happen. **African Textiles and Dyeing Techniques Routledge The Chips are Down Pioneer Drama Service, Inc. Christmas Eve Faber & Faber** It's Christmas Eve, 2017. A philosophy professor is on her way to celebrate

with her family when she is hauled out of a taxi and bundled into an interrogation room. Opposite her, the senior officer is cynical, smart and relentless. Incriminating evidence has been found against her. Or has it? Is a terrorist attack imminent or is this a case of state paranoia? The clock ticks. Played out in real time, this riveting thriller pits two powerful antagonists head to head. Both think they are saving their country. Only one of them will win. Daniel Kehlmann's *Christmas Eve*, translated by Christopher Hampton, premiered at the Ustinov Theatre, Bath, in October 2017.

Remapping Black Germany New Perspectives on Afro-german History, Politics, and Culture In 1984 at the Free University of Berlin, the African American poet Audre Lorde asked her Black, German-speaking women students about their identities. The women revealed that they had no common term to describe themselves and had until then lacked a way to identify their shared interests and concerns. Out of Lorde's seminar emerged both the term "Afro-German" (or "Black German") and the 1986 publication of the volume that appeared in English translation as *Showing Our Colors: Afro-German Women Speak Out*. The book launched a movement that has since catalyzed activism and scholarship in Germany. *Remapping Black Germany* collects thirteen pieces that consider the wide array of issues facing Black German groups and individuals across turbulent periods, spanning the German colonial period, National Socialism, divided Germany, and the enormous outpouring of Black German creativity after 1986. In addition to the editor, the contributors include Robert Bernasconi, Tina Campt, Maria I. Diedrich, Maureen Maisha Eggers, Fatima El-Tayeb, Heide Fehrenbach, Dirk Göttsche, Felicitas Jaima, Katja Kinder, Tobias Nagl, Katharina Oguntoye, Peggy Piesche, Christian Rogowski, and Nicola Lauré al-Samarai.

Action Explorations Using Psychodramatic Methods in Non-Therapeutic Settings Parallax Productions Twenty-four authors describe how they use *Action Explorations* (techniques from traditional psychodrama) for a wide range of uses, from business coaching to education to personal growth.
