Track your bookings with the calendar system, Manage guest information and phone numbers, Log expenses and organise receipts, Maintain phone and contact information for maids, maintenance, emergencies and more. Owning a vacation property and renting it out yourself can be very challenging to organise. You'll be taking multiple inquiries from different vacationers, often for the same week. This one's name is Mark Daniels and that one's name is Daniel Marks, how will you keep track of who wanted which week? Or, how about this one: "Oh no! I booked the same week to two different people!" Then there's the paperwork involved, did you send out the rental rules for Mark or for Dan? Then the payments start coming in. Who paid? Who is due to pay? And who is due for a deposit refund? Then (yes, there's more) there's the property itself, did I service the air conditioner last time I was there or was it two-times ago? How about supplies? Was I out of dishwasher detergent or dish soap? Or was it trash bags I needed to buy? There's no reason to get overwhelmed. Organising your rental property business does not have to be a big headache. In fact, if you use The Vacation Rental Organiser to it's fullest, it can run as smoothly as a well-oiled machine. But it is imperative that you get yourself organised right from day one.
