SLAVE STEALERS

TRUE ACCOUNTS OF SLAVE RESCUES: THEN AND NOW

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in

third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

BALANCE EXERCISES FOR FALL PREVENTION

A SENIORS' HOME-BASED EXERCISE PLAN

Independently Published Falls are the leading cause of injury, emergency room visits, and hospitalizations for seniors in North America. Every 11 seconds, an emergency room in the United States sees a senior fall victim. Falls can reduce independence and accelerate the need for long-term care. The good news is that you can reduce the risk of falling with simple exercises that anyone can easily learn. In this third book of balance exercises by Amanda Sterczyk, you'll learn key exercises to improve balance, increase muscle and bone strength, liberate joints throughout your body, and boost your confidence. Exercises are divided into three groups: Standing Seated Lying (on the floor or your bed) What's new in this book is a series of workout plans, to help guide you through eight workouts: Balance, gentle or advanced Posture, gentle or advanced Strength, gentle or advanced Flexibility, gentle or advanced The gentle workouts are a combination of seated and lying or standing exercises, while the advanced workouts only comprise standing exercises.

What hasn't changed in this book is the degree of explanation. It begins with a breakdown of each exercise by fall prevention goal-balance, posture, strength, and/or flexibility-presented with the exercise instructions and in a summary table at the end of the book. You will receive set up instructions on how to start, step-by-step instructions, and recommendations to make each exercise easier or harder. Most of the exercises also include illustrations and guidance on how to visualize the movement, to further build linkages between your brain and body. "I use the exercises daily." - Amazon customer, Balance 2.0 "A well researched and written handbook. Just what's needed for anyone requiring the ability to improve their balance most likely senior citizens." - Amazon customer, Balance and Your Body "I really enjoyed Balance and Your Body! I had fun doing the exercises with my parents (aged 88 and 87). It gets them going, as well as me. It all makes sense-you have to read it and start exercising." - Teresa "Balance and Your Body is Amanda's second book especially written for seniors. The message is simple and true: "Move more, stay healthy longer!" The book is well organized and fun to read; the exercises are easy to follow and can be practiced whenever you have some time throughout the day (or sleepless night). No gym or equipment required!" - An enthusiastic senior "I carry Balance and Your Body in my bag, between my cell phone and wallet, so I always have it nearby as reference. The exercises are basic and you can easily incorporate them in our daily life, and if you don't remember them, you can do what I do." - Monique "Her new book, Balance and Your Body, is very clear and easy to read. She explains why we need to move and the different aspects of balance. The exercises are simple and drawings help understand them. Not at all overwhelming to do the exercises. HAWAIKI RISING

HŌKŪLE‘A, NAINOA THOMPSON, AND THE HAWAIIAN RENAISSANCE

University of Hawaii Press Attuned to a world of natural signs—the stars, the winds, the curl of ocean swells—Polynesian explorers navigated for thousands of miles without charts or instruments. They sailed against prevailing winds and currents aboard powerful double canoes to settle the vast Pacific Ocean. And they did this when Greek mariners still hugged the coast of an inland sea, and Europe was populated by stone-age farmers. Yet by the turn of the twentieth century, this story had been lost and Polynesians had become an oppressed minority in their own land. Then, in 1975, a replica of an ancient Hawaiian canoe—Hōkūle‘a—was launched to sail the ancient star paths, and help Hawaiians reclaim pride in the accomplishments of their ancestors. *Hawaiki Rising* tells this story in the words of the men and women who created and sailed aboard Hōkūle‘a. They speak of growing up at a time when their Hawaiian culture was in danger of extinction; of their vision of sailing ancestral sea-routes; and of the heartbreaking loss of Eddie Aikau in a courageous effort to save his crewmates when Hōkūle‘a capsized in a raging storm. We join a young Hawaiian, Nainoa Thompson, as he rediscovers the ancient star signs that guided his ancestors, navigates Hōkūle‘a to Tahiti, and becomes the first Hawaiian to find distant landfall without charts or instruments in a thousand years. *Hawaiki Rising* is the saga of an astonishing revival of indigenous culture by voyagers who took hold of the old story and sailed deep into their ancestral past.
