## WHEN CAN I STOP RUNNING?

---

John Podlaski John Podlaski's encore Vietnam War novel brings back John ('Polack') Kowalski, the central character in 'Cherries', and introduces us to Louis ('LG') Gladwell, his irrepressible black friend. Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections.

## NEW REVELATIONS

---

Notion Press Everyone is eager to know where one has come from and where one is heading to. Since the universe itself is a creation from the abstract source - God - it becomes difficult to give valid answers by realistic logics. Hence, all attempts to explain this phenomenon till now through inference, comparison, deduction, and belief have ended up inconclusively, leaving bits of confusion and dismay in many minds. In this book, an attempt is made to logically analyze the Vedantic axiom 'God has desired, let me be many and savor the diversities'. This book begins with the invincible qualities of the Source of creation itself and then proceeds in logical steps as to how It has permeated through Its manifestations in various stages of their progress. Only an awareness that the self-healing phenomenon forms the basic building block in all entities helps the reader to follow the subject matter with ease. As the Source itself is an embodiment of unlimited faculties, one may find equal or perhaps more enthusiasm, while arriving at a relationship with the source & the self through the faculties naturally nurtured by one's abilities. There are thus unlimited paths that lead one to bliss.

## WEEKLY OPTIONS FOR MONTHLY INCOME

---

CreateSpace Weekly Index Options became available on the Chicago Board of Options Exchange in 2003. I have watched this type of Options Trading evolve as more investors used weekly trading. The trading software I have developed adapted to the weeklies evolution. The software became simpler: It uses SPX for the weekly options My principle strategy for trading Weekly Index Options uses 2 sigma Condors: Short Calls 2 standard deviations above the market and the Long Calls the next strike price higher; Short Puts 2 standard deviations below the market and the Long Puts the next strike price lower. This is called 2 Sig Iron Condors. I have developed a tactic to make weekly profits in spite of the huge daily Up and Down movements in the SPX. SelfAdapSPXweeklyVLTY is the name of my software which I use to generate monthly income. The software described in this book uses only SPX for the options because I discovered that when I used other underlying stocks or indices such as Google and SPY, SPX usually finished best. This book describes how to use the TradeMonster real-time SPX quotes for computing the 2 sig Condors used in my Software: SelfAdapSPXweeklyVLTY. Trade Monster's affiliate OptionsHouse can be used for Weekly Options trading if you have a minimum of \$2,000 in the account. I use 1/4 of the capital = \$500 for Margin to generate about \$100 for the week or \$400 for the Month. In other words you get 90% return per month on \$500 margin. Remember the weekly in-out trades should be no more than 2 per week to avoid being designated a day trader by your broker which requires a minimum of \$25,000 in your account.

#### THE UNAPPROACHABLE NORTON

---

Createspace Independent Pub From humble beginnings in 1907 to a last flash of glory in 1961 Norton was in the forefront of international Grand Prix racing. Rem Fowler's win at the inaugural 1907 Isle of Man Tourist Trophy was the precursor of a remarkable 34 victories at that challenging circuit. Their 'works' riders were the very best of that era; names such as Guthrie, Woods, Hunt and Simpson who left an indelible imprint on the racing scene. In a post-war scenario new names emerged; the greatest of their time; Bell, Duke, Surtees and other greats; alas by that stage the circuits were dominated by Italy with their multi-cylinder designs. Nevertheless in 1961 Norton glory at the TT was briefly restored by Mike Hailwood's Senior win and Phil Read's Junior victory.

#### LEAVING IT ALL BEHIND

---

#### ONE FAMILY'S SEARCH

---

Leaving It All Behind is a true travel tale told in real time during one family's voyage around the world. It is distinctly not just a recitation of foreign people and places but speaks intimately about a diversity of experiences and ultimately about how much more there is to life than a fancy job title and big paycheck. From time spent as barge captains in France and organic farmers in Italy to days and nights in South African and Nepalese orphanages, and from remote beaches in Croatia and India to the Mekong River and caves of rural northern Thailand, Leaving It All Behind really chronicles a kindred journey from a conventional lifestyle to something more balanced and harmonious, maybe, something more fulfilling.
