Today's Technician: Advanced Engine Performance Classroom Manual and Shop Manual

Cengage Learning Part of the popular Today's Technician series, this advanced text provides an in-depth guide to performance-related topics such as drivability, emissions testing, and engine diagnostics. In addition to a thorough review of on-board diagnostic generation II (OBD II) continuous monitors and non-continuous monitors strategies, the text includes a chapter on emission control and evaporative systems, as well as detailed information on OBD II generic diagnostic trouble codes (DTC) identification and diagnosis and malfunction indicator light strategies. To help readers gain essential knowledge while honing practical job skills, the text includes both a Classroom Manual and a hands-on Shop Manual. The Second Edition also features new and updated material to help readers master the latest technology and industry trends, including expanded coverage of variable valve and camshaft timing designs, a review of variable displacement and variable lift engine designs currently in production, and discussion of advanced use of on-board diagnostic scanners and digital storage oscilloscopes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Outdoor Life: The Extreme Weather Survival Manual

214 Tips for Surviving Nature's Worst

Weldon Owen International Fast facts and practical advice to keep you prepared, whether you're dealing with mud or flood, drought or derecho. This valuable, comprehensive guide is full of life-saving information for virtually any extreme weather event—blizzard, hurricane, firestorm, tornado, heatwave, and beyond. Weather reporter Dennis Mersereau, working with the editors of *Outdoor Life* magazine, debunks common myths, provides hands-on survival tips (some of them literally hands-on—as in, don't lose your fingers to frostbite), and shares some fascinating historical facts and world records. Learn how to: Read a weather map Survive in a snowbound car Stay oriented in a whiteout Make waterproof matches Avoid lightning hot spots Rescue someone caught in a flood Know your monsoons Survive a sandstorm Make peace with the polar vortex Drought-proof your home and much more "Don't mess with the Mersereau. He will find your weather fables and he will crush them...We need more Dennises. In fact, the National Weather Service itself should be run by Dennis, with each local office headed by a Dennis-like weather blogger tasked with explaining the relevant weather news of the day, and entertaining us when the weather is boring."—Slate
