KEY=THE - RAMOS HUNTER

TURNING THE TABLES

AN INSIDER'S GUIDE TO EATING OUT

Harper Collins Award-winning food critic Steven A. Shaw (a.k.a. "The Fat Guy") can get a last-minute dinner reservation at the most popular hot spot in town. He knows how that flawless piece of fish reached your plate. He can read between the lines of a restaurant review, and he knows the secrets of why some restaurants succeed and others fail. Now he shares his insider's expertise with food lovers everywhere. But Turning the Tables is much more than an invaluable how-to guide to eating out. Written with style and humor, it's an in-depth exploration of the restaurant world -- a celebration of the incredibly intricate workings of professional kitchens and dining rooms. It is a delectable feast from a uniquely down-to-earth gourmet who has crisscrossed North America in search of culinary knowledge at every level of the food chain -- from five-star temples of haute cuisine to barbecue joints and hot dog stands -- and who has never been afraid to get his hands greasy on the other side of the swinging kitchen door.

EAT LIKE A LONDONER

AN INSIDER'S GUIDE TO DINING OUT

Frances Lincoln Beautifully illustrated and colourfully written Eat Like A Londoner takes locals and tourists beyond the obvious guidebook destinations. It highlights the places that have become iconic destinations for Londoners, the places that put the city on the culinary map, and the local eateries, neighbourhoods and markets Londoners love to go to when they're hungry. Chapters include Cult Restaurants, Rooms with a View, Special Occasions, Around the World and Perfect Pitstops among others.

THE CERT GUIDE TO INSIDER THREATS

HOW TO PREVENT, DETECT, AND RESPOND TO INFORMATION TECHNOLOGY CRIMES (THEFT, SABOTAGE, FRAUD)

Addison-Wesley Since 2001, the CERT® Insider Threat Center at Carnegie Mellon University's Software Engineering Institute (SEI) has collected and analyzed information about more than seven hundred insider cyber crimes, ranging from national security espionage to theft of trade secrets. The CERT® Guide to Insider Threats describes CERT's findings in practical terms, offering specific guidance and countermeasures that can be immediately applied by executives, managers, security officers, and operational staff within any private, government, or military organization. The authors systematically address attacks by all types of malicious insiders, including current and former employees, contractors, business partners, outsourcers, and even cloud-computing vendors. They cover all major types of insider cyber crime: IT sabotage, intellectual property theft, and fraud. For each, they present a crime profile describing how the crime tends to evolve over time, as well as motivations, attack methods, organizational issues, and precursor warnings that could have helped the organization prevent the incident or detect it earlier. Beyond identifying crucial patterns of suspicious behavior, the authors present concrete defensive measures for protecting both systems and data. This book also conveys the big picture of the insider threat problem over time: the complex interactions and unintended consequences of existing policies, practices, technology, insider mindsets, and organizational culture. Most important, it offers actionable recommendations for the entire organization, from executive management and board members to IT, data owners, HR, and legal departments. With this book, you will find out how to Identify hidden signs of insider IT sabotage, theft of sensitive information, and fraud Recognize insider threats throughout the software development life cycle Use advanced threat controls to resist attacks by both technical and nontechnical insiders Increase the effectiveness of existing technical security tools by enhancing rules, configurations, and associated business processes Prepare for unusual insider attacks, including attacks linked to organized crime or the Internet underground By implementing this book's security practices, you will be incorporating protection mechanisms designed to resist the vast majority of malicious insider attacks.

FOOD SAFETY MANAGEMENT

A PRACTICAL GUIDE FOR THE FOOD INDUSTRY

Academic Press Food Safety Management: A Practical Guide for the Food Industry with an Honorable Mention for Single Volume Reference/Science in the 2015 PROSE Awards from the Association of American Publishers is the first book to present an integrated, practical approach to the management of food safety throughout the production chain. While many books address specific aspects of food safety, no other book guides you through the various risks associated with each sector of the production process or alerts you to the measures needed to mitigate those risks. Using practical examples of incidents and their root causes, this book highlights pitfalls in food safety management and provides key insight into the means of avoiding them. Each section addresses its subject in terms of relevance and application to food safety and, where applicable, spoilage. It covers all types of risks (e.g., microbial, chemical, physical) associated with each step of the food chain. The book is a reference for food safety managers in different sectors, from primary producers to processing, transport, retail and distribution, as well as the food services sector. Honorable Mention for Single Volume Reference/Science in the 2015 PROSE Awards from the Association of American Publishers Addresses risks and controls (specific technologies) at various stages of the food supply chain based on food type, including an example of a generic HACCP study Provides practical guidance on the implementation of elements of the food safety assurance system Explains the role of different stakeholders of the food supply

COMMUNITY COOK NIGHT

ONCE A MONTH FREEZER MEAL COOKING PROGRAM IN YOUR NEIGHBORHOOD

AuthorHouse This ministry seeks to provide families with the means to gather in Christ's love at the dinner table. Its participants will be equipped with resources to reach out in Christ's love to others who may benefit from this ministry. We seek quality preparation to serve the Lord in stewardship of resources, time and talents. We will care for one another unconditionally, giving direction and opportunity to glorify God in all that we do together. "Again I tell you that if two of you on earth agree about anything you ask for, it will be given to you by my Father in Heaven. For where two or three come together in my name, there I am with them. Matthew 18: 19 - Imagine what we could do if more Congregations came together in this cook Night ministry! We could provide meals For The needy people in our community with words from God delivered to their door! We could be providing meals for families that are hurting because of hardship! We could be providing a means for families across our community to gather around the dinner table in Christ's love and make a difference in the choices people make just by providing a practical need that every person and family can agree on.
