A DOCTOR'S CHRONICLES

Notion Press From the HIV-infected girl who knows the future to the hilarious diktats of astrologers who can predict the exact time of birth, A Doctor's Chronicles is a collection of short stories by paediatrician, Dr Bharath Reddy, who began writing about his most moving cases over the course of his clinical practice. What happens to the poor farmer who cannot afford his beloved daughter's treatment? Why does a bright city boy eat his exam papers? Each story is a heart-warming look into the journey that patients and their families take on the road to wellness, as it unveils poignant insights hidden within sickness and health, life and death, human values, love, and humility.
