Father-Daughter Succession in Family Business

A Cross-Cultural Perspective

CRC Press To whom does a father, retiring from his life as a successful entrepreneur, pass control of the business he has built? Once it would always have been his eldest son, but increasingly women are becoming involved in family firms having risen to positions of influence and leadership. Using revealing case studies from the daughters who succeeded their entrepreneur fathers in a wide variety of challenging situations, cultures and continents, **Father-Daughter Succession in Family Business** discusses the changes which have led to daughters gaining influence in more and more family businesses. It looks at the tensions this succession can produce between old notions of how men and women should behave, and the new style of leadership that often comes about when a woman takes the helm. This book will help consultants, business educators, and researchers, as well as those who are themselves involved in significant family managed enterprises to better understand why it can no longer be assumed in any part of the World that the first born son will take over the reins of the family business.

Economic Warfare

Secrets of Wealth Creation in the Age of Welfare Politics

John Wiley & Sons New insights for investors and business people looking to create wealth in the turbulent post-crisis world In a no holds barred expose of the 2008 financial meltdown from the inside, Ziad K. Abdelnour argues that the political and financial elites have done nothing to fix the structural problems and instead have worsened the situation. By creating more market bubbles, they are actually waging a war on the most productive members of society. For investors, business people, and entrepreneurs that need to navigate the troubled geopolitical waters of the post-crisis world, Abdelnour offers several solutions, including looking at the world anew and understanding that the federal government's primary objective is to promote the creation of an environment conducive to the creation of wealth not job creation, not bailouts, not subsidies, not expansion of the federal bureaucracy, and not providing lifetime support to those who choose not to take advantage of the innumerable opportunities that exist in this nation for them to create a better, more productive life for themselves. Written for investors that need to navigate the troubled geopolitical waters of the post-crisis world · Offers "out of the box" investment tactics and strategies to outsmart the system · Describes political and business solutions that anyone can engage in to restore freedom and prosperity The author is President and CEO of Blackhawk Partners, Inc., a private family office that has two major lines of business, private equity investments and advisory services, and physical commodities trading Compelling and persuasive, Economic Warfare reveals that wealth can be created in the new, post-crisis world, but investors need to understand that the rules of the game have changed.

Shattered Lives

Overcoming the Fraunces Tavern Terror

Jeff Ingber On January 24, 1975, six young businessmen were enjoying lunch in lower Manhattan's historic Fraunces Tavern when a bomb placed inside the restaurant exploded, tearing through the building. It had been planted by a group claiming support for Puerto Rican independence known as the "FALN," the most active domestic terrorist organization in American history. Among those businessmen were two sons of immigrants and only children-Frank

Connor, with a wife and two young boys, and Alex Berger, whose wife was six months pregnant. Both were murdered, along with two other men, while dozens were injured, many horrifically. *Shattered Lives*, co-authored by Jeff Ingber and Joe Connor, Frank Connor's son, chronicles the origins of the Puerto Rican independence movement, its transformation into a Cuban-led Marxist cause, the FALN's decade-long reign of murder and destruction that was a precursor to future domestic terrorism, the hunt for the perpetrators by a group of dedicated FBI agents, the inexplicable escape from prison by the FALN's chief bombmaker who eventually received asylum in Cuba, and the political maneuvering that led to Presidents Clinton and Obama granting clemency to FALN members. Through extensive, exclusive interviews with survivors and family, *Shattered Lives* describes the devastating impact of the Fraunces Tavern bombing on the Connor and Berger families and its many other victims, including NYPD officers, uniting them in their struggle to move forward while seeking justice for their loved ones.
