Simon and Schuster A girl tumbles into a downward spiral when a romantic encounter turns violent in this heartwrenching novel from the author of *Cracked*. Dell is used to disappointment. Ever since her dad left, it's been one let down after another. But no one—not even her best friend—understands all the pain she's going through. So Dell hides behind self-deprecating jokes and forced smiles. Then the one person she trusts betrays her. Dell is beyond devastated. DETECTING MALINGERING AND DECEPTION

FORENSIC DISTORTION ANALYSIS, SECOND EDITION

CRC Press This book is the culmination of more than 20 years of study, research, and the direct evaluation of thousands of forensic clients. The authors provide the reader with the highest caliber of professionalism and make clear that the current state of the art in deception analysis is crude to say the least. They challenge readers to closely examine their own decision processes in regard to deception. And they admit that they have no sympathy for the common complaint that proper deception analysis requires much time and effort, which can be a burden to the busy professional. They make clear that the days of administering an MMPI and a Rorschach to a client and thereby knowing everything there is to know about that person are gone forever.
