### **PARTICIPATION IN WORSHIP AND THE WORLD**

---

*Liturgy Training Publications* Catholic social teaching guides us in how we are to live the Gospel in today's world. Liturgy forms us in these teachings and sends us out into the world to give witness to the Gospel. Organized by the seven themes of Catholic social teaching as developed by the United States bishops, this resource explores the intimate connection between liturgy and Catholic social teaching. It provides insights for parish teams on how Catholics might better live what it is we celebrate each time we gather to worship God and express more fully, consciously, and actively what it means to be in right relationship with God and the world. With questions for discussion and reflection following each thematic chapter, worship teams, parish councils, and peace and justice committees will be able to evaluate and improve parish liturgical practices and ministerial outreach as rooted in Catholic social teaching. With penitential services organized by each of the seven themes, this resource also provides parishioners with the means to examine their own consciences, make acts of reparation, and resolve to be more committed to following the teachings of the Church. Liturgy and Catholic Social Teaching is sure to help build a world that more closely reflects the love and mercy, justice, and peace of God. The prayer services found in this book may also be downloaded as a PDF. Additional questions for discussion are also provided online for young adults.

---

#### **ABOUT EARTH'S CHILDREN: AN ECOLOGICAL LISTENING TO THE ACTS OF THE APOSTLES**

---

*Bloomsbury Publishing* The gospel of Luke presents an ecological symphony that reveals a Jesus connected to Earth. His ministry touches all aspects of creation, human and non-human, and invites disciples into an ecological asceticism. This same spirit continues in the Acts of the Apostles. In this Earth Bible Commentary on Acts, Michael Trainor allows our environmental concerns to shape his interpretative approach, and thus ecological nuances emerge. Luke's household of disciples, imbued with the spirit of the risen Jesus, to embrace the world and bring to it a word of reconciliation, embark on this mission. This formally begins at Pentecost with their reception of God's creative and renewing Spirit that empowers them as Earth's children. From this moment an explosion of activity moves them over Earth's lands, beginning in Jerusalem, Earth's navel (Acts 1.1-8.1), into Samaria, the space in-between that navel and Galilee, the garden of God's earthly delights (Acts 8.2-11.17), to the ends of Earth, Rome (Acts 11.18-28.33). As we trace Luke's vast geographical journey around the Mediterranean, key moments highlight fresh environmental insights that offer new hope for contemporary disciples seeking ecological affirmation at this particular time in world history.
