How to Be an Overnight Success

Random House "You are not born an entrepreneur. It's a skill that you learn along the way." When the skincare company Rodial launched its cult 'snake' serum, the press quickly called the business an 'overnight success'. However, Rodial's founder Maria Hatzistefanis had been toiling for 18 years, building the company from scratch in her bedroom. Now, the beauty boss sets out to demonstrate in this very accessible book that its success stemmed from sheer hard work, tireless efforts and a lot of patience. Fashion-loving Maria set out with a dream to build a beauty business and - despite not excelling at school, and being fired from her first job - she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets - all presented in an easy, friendly style - shows how.

Instant Systems

McGraw Hill Professional Create systems that run every aspect of your business-so you don't have to. You didn't start your business just to become a slave to it, but how do you get things done the way you want when you're not there? The 11th Element

The Key to Unlocking Your Master Blueprint For Wealth

and Success

John Wiley & Sons Praise for The 11th Element "Bob has cracked the code on how to produce business breakthroughs at breakneck speed by tapping into The 11th Element. I consider The 11th Element to be a 'must have' for all executives, managers, network marketers, and entrepreneurs who want to create and increase their wealth and personal freedom." -From the Foreword by Robert Allen Author of The One Minute Millionaire and Multiple Streams of Income "The 11th Element teaches you the valuable skill of asking for assistance from your 'Inner CEO' to improve your decision making. Napoleon Hill explored this principle in Think and Grow Rich, and Scheinfeld takes it to a new level." -Ken Blanchard Coauthor of The One Minute Manager® and Big Bucks! "Bob Scheinfeld gives his readers an extremely valuable ally to help them achieve impressive success. It's an ally that readers have had all along but has escaped their awareness. After you complete The 11th Element, you'll be aware of it and able to use it to maximize your effectiveness. You'll love the book but hate yourself for not realizing that you had this ally right from the start." -Jay Conrad Levinson Author of the Guerrilla Marketing series of books "Fascinating! Read it twice. Scheinfeld presents a thought-provoking exploration on what it takes to succeed on a massive scale." -Randy Gage Author of Prosperity Mind "A major business breakthrough . . . a masterpiece for anyone wondering why results eluded them before. Remarkable." -Dr. Joe Vitale Bestselling author of Spiritual Marketing and The Greatest Money-Making Secret in History! "Profound, absorbing, and like nothing written before about wealth and success. The 11th Element shows you specific, practical ways to tap into a powerful new source of support to receive a quantum boost in power you can use to fuel the growth of your business and your quality of life." -Gay Hendricks, PhD Author of The Corporate Mystic and Conscious Golf: The Three Secrets of Success in Business, Life and Golf

Big Data Analytics for Entrepreneurial Success

IGI Global *In a resolutely practical and data-driven project universe, the digital age changed the way data is collected, stored, analyzed, visualized and protected, transforming business opportunities and strategies. It is important for today's organizations and entrepreneurs to implement a robust data strategy and industrialize a set of "data-driven" solutions to utilize big data analytics to its fullest potential. Big Data Analytics for Entrepreneurial Success provides emerging perspectives on the theoretical and practical aspects of data analysis tools and techniques within business applications. Featuring coverage on a broad range of topics such as algorithms, data collection, and machine learning, this publication provides concrete examples and case studies of successful uses of data-driven projects as well as the challenges and opportunities of generating value from data using analytics. It is ideally designed for entrepreneurs, researchers, business owners, managers, graduate students, academicians, software developers, and IT professionals seeking current research on the essential tools and technologies for organizing, analyzing, and benefiting from big data.*

The Founder's Dilemmas

Anticipating and Avoiding the Pitfalls That Can Sink a Startup

Princeton University Press *The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face*

and how to avoid them.

Disciplined Entrepreneurship

24 Steps to a Successful Startup

John Wiley & Sons 24 Steps to Success! Disciplined Entrepreneurship will change the way you think about starting a company. Many believe that entrepreneurship cannot be taught, but great entrepreneurs aren't born with something special - they simply make great products. This book will show you how to create a successful startup through developing an innovative product. It breaks down the necessary processes into an integrated, comprehensive, and proven 24-step framework that any industrious person can learn and apply. You will learn: Why the "F" word - focus - is crucial to a startup's success Common obstacles that entrepreneurs face - and how to overcome them How to use innovation to stand out in the crowd - it's not just about technology Whether you're a first-time or repeat entrepreneur, Disciplined Entrepreneurship gives you the tools you need to improve your odds of making a product people want. Author Bill Aulet is the managing director of the Martin Trust Center for MIT Entrepreneurship as well as a senior lecturer at the MIT Sloan School of Management. How to Manage a Successful Press Conference

Routledge Despite the ubiquity of new forms of communication technology, press conferences remain a vital way for companies to share news. One size or message does not fit all and the content showcased must be of interest to every member of the audience. This book highlights the importance of understanding the needs of those who will attend; an ever-more critical skill as stretched editorial teams make it increasingly difficult to lure journalists from their desks. In the international press arena, journalists from different countries have particular needs and can react differently to the same situation. The authors show that to ensure success, PR professionals need to take account of the event, speakers, style, content and tone; and follow through to the all-important tasks of obtaining feedback and analysing results. How to Manage a Successful Press Conference is essential reading for PR teams working in a national or, particularly, an international environment and enables you to address the whole range of activities necessary for success, from the basics through to advanced issues such as managing press expectations across borders and cultures.

The Strangest Secret: How to Think Business Success

Lulu.com

Intercultural Communication for Global Business

How leaders communicate for success

Taylor & Francis This book brings together principles and new theories in intercultural communication in a concise and practical manner, focusing on communication as the foundation for management and global leadership. Grounded in the Cultural Intelligence Model, this compact text examines the concepts associated with understanding culture and communication in the global business environment to help readers:

- Understand intercultural communication processes.
- Improve self-awareness and communication in intercultural settings.
- Expand skills in identifying, analyzing, and solving intercultural communication challenges at work.
- Evaluate whether one's communication has been effective.

Richly illustrated with examples, activities, real-world applications, and recent case studies that make the content come alive, Intercultural Communication for Global Business is an ideal companion for any business student or manager dedicated to communicating more effectively in a globalized society.

Leadership Theories and Case Studies

An Epidemiological Perspective

Cambridge Scholars Publishing Effective leadership does not occur by chance. Leaders must be trained and groomed for the daunting responsibility of leading organizations. Research shows that half of the people currently in leadership positions will fail. Why they fail and what can be done to prevent failure are the main subjects of this book. It shows that effective leadership is possible and illustrates why and how, based on research and case studies from an epidemiological perspective. The epidemiological word "determinant" is used frequently, and is a word that no other book on leadership uses. Epidemiologists work from two basic principles: namely, that all diseases have determinants and that diseases do not occur randomly. In other words, there are always causes for

diseases and patterns that describe how diseases spread. Effective and ineffective leadership always have determinants that are not randomly distributed; the impacts are uniformly and deeply spread throughout an organization. Like the epidemiologists, this book not only identifies leadership determinants, but also provides research-based “antidotes” at the end of each chapter, along with a summary of the most salient points in the chapter. This book offers examples of leadership and governance from the non-profit sector, businesses, public and private education, higher education, and other organizations, highlighting over 50 case studies to illustrate concepts about leadership.

How to Create a Successful Adoption Portfolio

Easy Steps to Help You Produce the Best Adoption Profile and Prospective Birthparent Letter

Jessica Kingsley Publishers How do you create an adoption portfolio that will show prospective birth families why you are the perfect adoptive parent for their child? Do you know which pictures to include and which to leave out? Do you really understand what prospective birth parents care about? This is a step-by-step guide to creating a portfolio which will reflect your personality, make a strong positive impact and encourage the right birth family to choose you. Madeleine Melcher shares the secrets she has discovered over years of creating successful portfolios, profiles and prospective birth parent letters. She combines simple and effective design ideas and tips for writing and layout with a deep understanding of how portfolios work. Importantly, this book also draws extensively on the experiences of birth mothers and the professionals who support them to examine what they are really looking for, featuring questions which prospective birth mothers will want to see answered in your portfolio. From text to design, this guide will give you the confidence to create a portfolio that sets you apart. It is essential reading for prospective adoptive parents, as well as adoption attorneys and adoption agencies advising those hoping to adopt.

Sourcing Start-up Success

Towards a Model of Successful Intercultural Transfer and Adaption

diplom.de Inhaltsangabe: Introduction: What are the common denominators of big buzzing brands such as Google, Facebook, Groupon, Twitter, PayPal, YouTube, or LinkedIn? First of all, they are all web-based to a large extent. Google allows you to search the web. Facebook and LinkedIn lets you connect to your friends or business contacts online. Twitter allows you to absorb and share information in an unprecedented manner. PayPal facilitates millions of payment processes on the web. YouTube is the largest resource of videos online, and Groupon allows people to team up via the web and strike deals with high discounts for local services. Second, they are all relatively young compared to companies such as Microsoft, Dell, or Apple. In fact, Google and PayPal are the seniors with 13 years, while Groupon has not even celebrated its third birthday. Third, these companies have established a global presence through the impact of the lightning fast development of the Internet and effects of globalization. With Twitter as the only exception, they are pulling in millions and millions of revenue and are valued at several billion dollars. Start-ups are an important factor contributing to economic growth. They create new jobs, new or improved services and products and thus enhance general welfare. Since Birch concluded in 1979 that small firms create more new jobs than large firms, several research streams have started to examine this phenomenon. However, every year probably thousands of newly created ventures fail to cope with the challenges that are characteristic of the start-up environment. In fact, research has shown that more than half of newly founded ventures fail within two years. Hence, a strong interest of both practitioners and research scholars has been to identify success factors and shed more light on the ecosystem of start-ups and the processes that still largely take place in a black box. The approaches and results that link certain characteristics or actions to success vary widely in their theoretical background as well as the impact and practical relevance generated. Recently, the worldwide financial and economic crisis has given rise to a renewed call for more entrepreneurship and support for start-up and innovation culture. In the wake of the crisis, opinion leaders, public policy, and media have started to look again at entrepreneurial activity and start-ups as a promising provider of growth. Also web-based start-ups that had lost their reputation [...]
