PROFESSIONAL REPORT WRITING

Taylor & Francis Professional Report Writing is probably the most thorough treatment of this subject available, covering every aspect of an area often taken for granted. The author provides not just helpful analysis but also practical guidance on such topics as: ¶ deciding the format ¶ structuring a report ¶ stylistic pitfalls and how to avoid them ¶ making the most of illustrations ¶ ensuring a consistent layout. The theme throughout is fitness for purpose, and the text is enriched by a wide variety of examples drawn from the worlds of business, industry and government. The annotated bibliography includes a review of the leading dictionaries and reference books. Simon Mort's book is destined to become an indispensable reference work for managers, civil servants, local government officers, consultants and professionals of every kind.
