Each book and companion CourseMate cover 40 critical skills, providing students with extensive knowledge they can bring with them into the real world. CourseMate brings each text to life with an audio visual eBook, scenario videos, access to Career Transitions, interactive activities for reinforcement, and Engagement Tracker, a first-of-its-kind tool that monitors student engagement in the course! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Humor That Works** The author presents a collection of ways to reap the proven human and corporate benefits of humor at work, organized by core business skill and founded on his own work as a business speaker and coach with the consulting company, Humor That Works. **Management** [Cengage Learning](#) Master the process of management with the skills-based, functional approach in Griffin's **MANAGEMENT, 13E**. Timely content focuses on active planning, leading, organizing and controlling as you examine emerging management topics and the latest trends. New discussions explore the impact of technology, the importance of a green business environment, the need to adapt in changing times, ethical challenges and the increasing importance of diversity. This is one of the first management books to examine the impact of the COVID-19 pandemic and resulting economic turmoil. New cases and updated learning features support a balance of classic theory and contemporary practice. You learn to think and act like a successful manager as hundreds of well-researched, contemporary examples demonstrate the importance of strong management in any type of organization, from Starbucks, Hilton Hotels and Quicken Loans to Honey Pot. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Supervision in the Hospitality Industry** [John Wiley & Sons](#) **Supervision in the Hospitality Industry, Ninth Edition**, is a comprehensive primer designed for beginning leaders, new supervisors promoted from an hourly job, and students planning for careers in the hospitality industry. Covering each essential aspect of first-line supervision, this market-leading textbook helps readers develop the practical skills and knowledge necessary for effectively supervising hospitality workers at all levels of an organization, including cooks, servers, bartenders, front desk clerks, porters, housekeepers, and janitorial staff. Topics include planning and organizing, communication, recruitment and team building, employee training, performance effectiveness, conflict management, and more. The text's unique approach to leading human resources — combining fundamental leadership theory and the firsthand expertise of hospital industry professionals — enables readers to master concrete, results-driven leadership methods and overcome the everyday challenges faced in the real world. Principles of good leadership and supervision are presented in clear, easy-to-understand language and are reinforced by numerous examples, case studies, discussion questions, and activities. The ninth edition of **Supervision in the Hospitality Industry** remains the ideal text for students and practitioners alike, delivering a basic yet comprehensive knowledge of the different elements of the supervisor's job while helping develop the leadership qualities needed to succeed as a hospitality professional. **Solving Problems and Making Decisions** [Routledge](#) Super series are a set of workbooks to accompany the flexible learning programme specifically designed and developed by the Institute of Leadership & Management (ILM) to support their Level 3 Certificate in First Line Management. The learning content is also closely aligned to the Level 3 S/NVQ in Management. The series consists of 35 workbooks. Each book will map on to a course unit (35 books/units). **Environmental Support Technician (AFSC 56671) Developing Life Skills, Grades 5 - 8** [Mark Twain Media](#) Help students in grades 5 and up learn about themselves with **Developing Life Skills!** This 96-page informative text is full of engaging activities and helpful life tips, including understanding oneself, setting goals, relationships, consumer skills and money management, nutrition and fitness, food preparation, grooming, manners, and careers. The book includes reproducibles and a complete answer key. **MGMT** [Cengage Learning](#) **4LTR Press** solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the

textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Judgment in Managerial Decision Making** [John Wiley & Sons](#) In situations requiring careful judgment, every individual is influenced by their own biases to some extent. With Bazerman's new seventh edition, readers can quickly learn how to overcome those biases to make better managerial decisions. The book examines judgment in a variety of organizational contexts, and provides practical strategies for changing and improving decision-making processes so that they become part of one's permanent behavior.

Management Fundamentals A Guide for Senior and Master Chief Petty Officers Leading and Managing in Nursing E-Book [Elsevier Health Sciences](#) Gain a solid foundation in nursing leadership and management skills! Using real-world examples, **Leading and Managing in Nursing, 8th Edition** helps you learn to provide caring, compassionate, and professional nursing leadership. Topics range from core concepts to knowing yourself, knowing the organization, communication and conflict, managing stress, delegating, staffing and scheduling, and managing costs and budgets. New to this edition are Next Generation NCLEX® exam-style case studies, three new chapters, and updated guidelines to evidence-based practice. Written by a team of nursing educators and practitioners led by Patricia S. Yoder-Wise and Susan Sportsman, this book combines theory, research, and practical application to help you succeed in an ever-changing healthcare environment. **UNIQUE! The Challenge** opens each chapter with a real-world scenario in which practicing nurse leaders/managers offer personal stories, encouraging you to think about how you would handle the situation. **UNIQUE! The Solution** closes each chapter with an effective method to handle the real-life situation presented in **The Challenge**, demonstrating the ins and outs of problem solving in practice. **UPDATED!** Reorganized chapters make learning easier, and many are updated with new evidence-based content translating research into practice. Exercises help you apply concepts to the workplace and learn clinical reasoning. **Tips for Leading, Managing, and Following** offer practical guidelines to applying the information in each chapter. **Reflections** sections provide the opportunity to consider situations that may be encountered in practice. The **Evidence** sections summarize relevant concepts and research from scientific literature. **Theory boxes** highlight and summarize pertinent theoretical concepts related to chapter content. **Full-color photos** help to convey key concepts of nursing leadership and management. **NEW!** Next Generation NCLEX® case studies are included in select chapters to familiarize you with these new testing items for the NGN exam. **NEW** **Justice in Healthcare** chapter focuses on the importance of diversity, equity, inclusion, belonging, and cultural considerations for patients and staff. **NEW** **Healthy Workplaces: Healthy Workforce** chapter includes new content on the prevalence of suicide and promoting the healthy self. **NEW** **Artificial Intelligence** chapter covers the significant changes to nursing care as a result of the increasing use of AI in the practice setting. **NEW!** **AACN Essentials Core Competencies for Nursing Education** are included in each chapter, outlining the necessary curriculum content and expected competencies of graduates. **Managing Decision Making by Applying Biblical Perspective** [AuthorHouse](#) Decision making begins with a willingness to submit your intentions to God's perfect will and humbly follow His direction and understanding the impact of consequences in your decision making! The daily decisions that you make today will determine what kind of impact you will make tomorrow. The key to making better decisions is to educate yourself, make adjustments necessary, let your decisions be based on a solid foundation and take proper precaution. This book can help you understand decision making process and help you develop in moving forward in your journey of life and also makes the principles in the Bible relevant to everyday living. **Communication Approach in English Through the Internet** [Cambridge Scholars Publishing](#) Communication Approach in English Through the Internet carefully prepares students to read university-level texts. It teaches students the strategies and the vocabulary-building skills to help them grow in confidence and progress to higher levels of linguistic proficiency. The exercises will help students develop their four basic academic skills and express themselves in a mature and appropriate way that is relevant to the context, whether it be a report, conversation or other form of discourse. Each unit plan provides, step-by-step, a variety of lively exercises for brainstorming ideas and planning a structure that can be used directly from the book or as a springboard for innovative Internet resources. The author emphasizes active learning and addresses the needs of EFL students. This is the perfect coursebook for weaving the excitement and usefulness of the Internet into your daily English communication. Features • A skills and strategies sections that teach essential linguistic skills • Tasks that encourage students to interact with the text and practice using internet resources • Activities that take students "beyond the classroom," and can be used for discussion and communication **Solving Problems and Making Decisions** [Select Knowledge Limited](#) **E-Book Fundamental Managerial Accounting Concepts** [McGraw Hill](#) **E-Book Fundamental Managerial Accounting Concepts Fundamental Managerial Accounting Concepts 7e** [McGraw Hill](#) **Fundamental Managerial Accounting Concepts 7e Comprehension, Decision Making & Problem Solving Compendium for IAS Prelims General Studies Paper 2 & State PSC Exams 2nd Edition** [Disha Publications](#) **EBOOK: The Mechanical Design Process** [McGraw Hill](#) The fourth edition of **The Mechanical Design Process** combines a practical overview of the design process with case material and real-life engineering insights. Ullman's work as an innovative designer comes through consistently, and has made this book a favorite with readers. New in this edition are examples from industry and over twenty online templates that help students prepare complete and consistent assignments while learnign the material. This text is appropriate primarily for the Senior Design course taken by mechanical engineering students, though it can also be used in design courses offered earlier in the curriculum. Working engineers also find it to be a readable, practical overview of the modern design process. **An Introduction to Management Science: Quantitative Approaches to Decision Making** [Cengage Learning](#) Reflecting the latest developments in Microsoft Office Excel 2013, **Anderson/Sweeney/Williams/Camm/Cochran/Fry/Ohlmann's AN INTRODUCTION TO MANAGEMENT SCIENCE: QUANTITATIVE APPROACHES TO DECISION MAKING, 14E** equips readers with a sound conceptual understanding of the role that management science plays in the decision-making process. The trusted market leader for more than two decades, the book uses a proven problem-scenario approach to introduce each quantitative technique within an applications setting. All data sets, applications, and screen visuals reflect the details of Excel 2013 to effectively

prepare you to work with the latest spreadsheet tools. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Business Analytics: Data Analysis & Decision Making** [Cengage Learning](#) Become a master of data analysis, modeling, and spreadsheet use with **BUSINESS ANALYTICS: DATA ANALYSIS AND DECISION MAKING, 5E!** This quantitative methods text provides users with the tools to succeed with a teach-by-example approach, student-friendly writing style, and complete Excel 2013 integration. It is also compatible with Excel 2010 and 2007. Problem sets and cases provide realistic examples to show the relevance of the material. The Companion Website includes: the Palisade DecisionTools Suite (@RISK, StatTools, PrecisionTree, TopRank, RISKOptimizer, NeuralTools, and Evolver); SolverTable, which allows you to do sensitivity analysis; data and solutions files, PowerPoint slides, and tutorial videos. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Ten Minutes for the Family Systemic Interventions in Primary Care** [Routledge](#) The provision of suitable mental health care is one of the major tasks facing general practitioners and their teams. Family-oriented primary care has moved from doctor-controlled to patient-centred consultations, with a greater emphasis on collaboration. The systemic framework uniquely lends itself to this shift in emphasis, as it views the delivery of care in social rather than merely medical terms. There is now a strong evidence base for the efficacy of systemic approaches in managing many different types of mental health and relationship issues. This text is a practical guide for health professionals working in primary care who wish to improve their management of problem patients, problem families and problem situations. Step-by-step, it introduces both the theory and the practice of the family approach - from interviewing individual patients in routine consultations to conducting specific family crisis meetings. It includes many concrete suggestions for using simple family therapy techniques and encourages the clinician to think about cases constructively. Case histories and patient stories are used extensively to illustrate the techniques as well as boxed information to highlight key points. **Learning to Solve Problems A Handbook for Designing Problem-Solving Learning Environments** [Routledge](#) This book provides a comprehensive, up-to-date look at problem solving research and practice over the last fifteen years. The first chapter describes differences in types of problems, individual differences among problem-solvers, as well as the domain and context within which a problem is being solved. Part one describes six kinds of problems and the methods required to solve them. Part two goes beyond traditional discussions of case design and introduces six different purposes or functions of cases, the building blocks of problem-solving learning environments. It also describes methods for constructing cases to support problem solving. Part three introduces a number of cognitive skills required for studying cases and solving problems. Finally, Part four describes several methods for assessing problem solving. Key features includes: Teaching Focus - The book is not merely a review of research. It also provides specific research-based advice on how to design problem-solving learning environments. Illustrative Cases - A rich array of cases illustrates how to build problem-solving learning environments. Part two introduces six different functions of cases and also describes the parameters of a case. Chapter Integration - Key theories and concepts are addressed across chapters and links to other chapters are made explicit. The idea is to show how different kinds of problems, cases, skills, and assessments are integrated. Author expertise - A prolific researcher and writer, the author has been researching and publishing books and articles on learning to solve problems for the past fifteen years. This book is appropriate for advanced courses in instructional design and technology, science education, applied cognitive psychology, thinking and reasoning, and educational psychology. Instructional designers, especially those involved in designing problem-based learning, as well as curriculum designers who seek new ways of structuring curriculum will find it an invaluable reference tool. **Problem Solving, Decision Making, and Professional Judgment A Guide for Lawyers and Policymakers** [Oxford University Press](#) In **Problem Solving, Decision Making, and Professional Judgment: A Guide for Lawyers and Policymakers**, Paul Brest and Linda Hamilton Krieger prepare students and professionals to be creative problem solvers, wise counselors, and effective decision makers. The authors provide readers with knowledge of decision theory, probability and statistics, social and cognitive psychology, and arm them against common sources of judgment error. The ultimate goal is to help readers "get it right" in their roles as professionals, citizens, and individuals. **FCS Management Practice L2** [Pearson South Africa](#) **Leading and Managing in Canadian Nursing E-Book** [Elsevier Health Sciences](#) Prepare for licensure and your transition to practice! Organized around the issues in today's constantly changing healthcare environment Yoder-Wise's **Leading & Managing in Canadian Nursing, 2nd Edition** offers an innovative approach to leading and managing by merging theory, research, and practical application. This cutting-edge text is intuitively organized around the issues that are central to the success of Canadian nurses including cultural diversity, resource management, advocacy, patient safety, delegation, and communication. In addition, it provides just the right amount of information to equip you with the tools you need to master leadership and management - all to help prepare you for clinical practice! **UNIQUE!** Each chapter opens with A Challenge, where practicing nurse leaders/managers offer their real-world views of a concern related in the chapter, encouraging you to think about how you would handle the situation. **UNIQUE!** A Solution closes each chapter with an effective method to handle the real-life situation presented in A Challenge and demonstrates the ins and outs of problem-solving in practice. Innovative content and presentation, merge theory, research and professional practice in key leadership and management areas. An array of pedagogical elements includes chapter objectives, glossary terms, exercises, Research Perspectives, Literature Perspectives, Theory Boxes, chapter checklists, tips, and references. Intuitively organized content and clear and unbiased writing style facilitates learning of theory and complex concepts. Inviting and well-structured full-colour design enhances your learning by being able to find information quickly and easily, providing visual reinforcement of concepts. **UNIQUE!** Two **NEW** chapters help build your leadership skills within your academic program - one of which is authored by an undergraduate student and an early career alumnus. **NEW!** **UNIQUE!** Chapter on nursing leadership in Indigenous health explains the leadership role and is also integrated into relevant topics throughout the text. **NEW!** Expanded and updated coverage of topics includes workplace violence and incivility, strength-based nursing and the role of nurses as

change agents - visioning, shaping culture, leading change. **NEW!** Expanded discussion on the interdependence of leadership and management roles and competencies clearly fosters leadership ideas for effective and responsive health care environments. **NEW!** Additional examples of real life practice cases and examples help you to examine and apply theoretical concepts. **Technical Report Handbook of Evidence-Based Treatment Manuals for Children and Adolescents** [Oxford University Press](#) With the advance of evidence-based practice has come the publication of numerous dense volumes reviewing the theoretical and empirical components of child and adolescent treatment. There are also a variety of detailed treatment manuals that describe the step-by-step procedures to guide ongoing research and practice. The second edition of Craig Winston LeCroy's **Handbook of Evidence-Based Child and Adolescent Treatment Manuals** is a forceful combination of the two approaches, as he gathers fifteen varied treatment manuals and brief summaries of the research supporting each to ensure that practitioners will truly understand how to implement the treatments they are using. A completely revised and expanded edition of the handbook's first edition, this is an essential guide to some of the best programs for helping children and teens. Each chapter begins with an explanatory section that discusses the theoretical and empirical underpinnings of the programs. The treatment manual follows, leading readers through sessions with specific details about conducting the treatment that have been refined and improved through extensive testing and research. Organized into three sections: the major clinical disorders, social problems confronting children and teens, and preventive interventions the Handbook brings together some of the most esteemed researcher-practitioners in the child and adolescent field. The book presents an impressive variety of innovative treatment programs and techniques including: the SiHLE program (intended to prevent problems confronting children and teens, and preventive interventions the Handbook brings together some of the most esteemed researcher-practitioners in the child and adolescent field. The book presents an impressive variety of innovative treatment programs and techniques including: the SiHLE program (intended to prevent HIV through education and self-esteem building), the Children of Divorce Intervention Program (a therapy for younger children stressing resilience and skill-building), and Strengths Oriented Family Therapy (which reaches out to substance-involved adolescents and their families). The **Handbook of Evidence-Based Child and Adolescent Treatment Manuals** is an indispensable reference for researchers, graduate students, and practitioners working with children and adolescents in a multitude of settings, from schools and juvenile correction centers to group homes and family service agencies. **Management Principles for Health Professionals** [Jones & Bartlett Learning](#) **Management Principles for Health Professionals** is a practical guide for new or future practicing healthcare managers. The customary activities of the manager--planning, organizing, decision making, staffing, motivating, and budgeting--are succinctly defined, explained, and presented with detailed examples drawn from a variety of health care settings. Students will learn proven management concepts, techniques, models, and tools for managing individuals or teams with skill and ease. The Eighth Edition continues to present foundational principles of management in the context of contemporary health care. With timely coverage of such topics as medical cost sharing; use of robots; ER by appointment; increased use of observation units; renewed use of flextime staffing and scheduling; use of social media on the job, and more, this thoroughly updated text addresses the latest trends and issues that today's health care manager is likely to encounter. **Psychological Skills Training for Human Wellness** [SAGE Publishing India](#) **Psychological skills training (PST)** involves learning essential psychological skills that help the human mind to function at a high level, irrespective of circumstances. The major skills include stress management, resilience, self-motivation, self-confidence, sustaining focus, leadership, goal setting and planning, conflict resolution, time management and communication skills. PST programmes involve directions, practice and feedback in order to learn these skills effectively. PST is used in a variety of educational, professional, sporting and health settings. **Psychological Skills Training for Human Wellness** provides a comprehensive reference to all aspects of PST and presents a holistic view of the subject area. It shows how PST serves the needs of multiple domains and user groups of different ages and at various life stages. It covers each area of skill development in detail. The book will prove to be an indispensable source for academic and research psychologists and will be highly useful for professional psychologists interested in the implementation of PST for their clients. **Management of Health Information: Functions & Applications** [Cengage Learning](#) Revised and updated for the information age, **MANAGEMENT OF HEALTH INFORMATION: FUNCTIONS & APPLICATIONS, 2E** prepares readers to become effective health information managers in fast-paced, health care organizations. Based on four key areas in HIM—planning, organizing, leading, and controlling—the book focuses on decision making, team building, and managing new technologies. Chapters feature a variety of realistic examples and case studies to help readers develop successful management styles, along with essential skills in problem solving, data capture, analysis, integration, and information dissemination. Other helpful learning features include chapter objectives, key terms, review questions, web links, exercises, and career guidance for future HIM professionals. More than a general text in allied health, **MANAGEMENT OF HEALTH INFORMATION: FUNCTIONS & APPLICATIONS, 2E** is tailored to meet the in-depth needs of those engaged in HIM studies. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.** **Managerial Accounting** [Freeload Press, Inc.](#) **Aphasia and Related Neurogenic Communication Disorders** [Jones & Bartlett Publishers](#) **Aphasia and Related Neurogenic Communication Disorders** covers topics in aphasia, motor speech disorders, and dementia. Organized by symptom rather than syndrome, this text provides a foundation for understanding the disorders and learning how to apply basic theory to clinical practice in the development of rehabilitation objectives. **Aphasia and Related Neurogenic Communication Disorders** applies a clinical integration of the psychosocial with the neuropsychological approach in adult language rehabilitation.
