THE LIFE OF JOHN MARSHALL

JOHN MARSHALL

THE MAN WHO MADE THE SUPREME COURT

Basic Books The life of John Marshall, Founding Father and America's premier Chief Justice In 1801, a genial and brilliant Revolutionary War veteran and politician became the fourth Chief Justice of the United States. He would hold the post for 34 years (still a record), expounding the Constitution he loved. Before he joined the Court, it was the weakling of the federal government, lacking in dignity and clout. After he died, it could never be ignored again. Through three decades of dramatic cases involving businessmen, scoundrels, Native Americans, and slaves, Marshall defended the federal government against unruly states, established the Supreme Court's right to rebuke Congress or the president, and unleashed the power of American commerce. For better and for worse, he made the Supreme Court a pillar of American life. In John Marshall, award-winning biographer Richard Brookhiser vividly chronicles America's greatest judge and the world he made.

THE GREAT DISSENTER

THE STORY OF JOHN MARSHALL HARLAN, AMERICA'S JUDICIAL HERO

Simon and Schuster The definitive, sweeping biography of an American hero who stood against all the forces of Gilded Age America to fight for civil rights and economic freedom: Supreme Court Justice John Marshall Harlan. They say that history is written by the victors. But not in the case of the most famous dissenter on the Supreme Court. Almost a century after his death, it was John Marshall Harlan's words that helped end segregation, and gave us our civil rights and our modern economic freedom. But his legacy would not have been possible without the courage of Robert Harlan, a slave who John's father raised like a son in the same household. After the Civil War, Robert emerges as a political leader. With Black people holding power in the Republican Party, it is Robert who helps John land his appointment to the Supreme Court. At first, John is awed by his fellow justices, but the country is changing. Northern whites are prepared to take away black rights to appease the South. Giant trusts are monopolizing entire industries. Against this onslaught, the Supreme Court seemed all too willing to strip away civil rights and invalidate labor protections. As case after case comes before the court, challenging his core values, John makes a fateful decision: He breaks with his colleagues in fundamental ways, becoming the nation's prime defender of the rights of Black people, immigrant laborers, and people in distant lands occupied by the United States. Harlan's dissents, particularly in *Plessy v. Ferguson*, were widely read and a source of hope for decades. Thurgood Marshall called Harlan's *Plessy* dissent his "Bible"—and his legal roadmap to overturning segregation. In the end, Harlan's words built the foundations for the legal revolutions of the New Deal and Civil Rights eras. Spanning from the Civil War to the Civil Rights movement and beyond, *The Great Dissenter* is an epic rendering of the American legal system's greatest failures and most inspiring successes.

THE LIFE OF JOHN MARSHALL

1755-1801

THE LIFE OF JOHN MARSHALL, VOL. 4 (CLASSIC REPRINT)

Forgotten Books Excerpt from *The Life of John Marshall, Vol. 4* Great Britain is fighting our battles and the battles of mankind, and France is combating for the power to enslave and plunder us and all the world. (fisher Ames.) Though every one of these Bugbears is an empty Phantom, yet the People seem to believe every article of this bombastical Creed. Who shall touch these blind eyes. (john Adams.) The object of England, long obvious, is to claim the ocean as her domain. (jefferson) I am for resistance by the sword. (henry Clay.) into the life of John Marshall war was strangely woven. His birth, his young manhood, his public services before he became Chief Justice, were coin eident with, and affected by, war. It seemed to be the decree of Fate that his career should march side by side with armed conflict, and that the final phase of that career should open with a war a war, too, which brought forth a National consciousness among the people and demonstrated a National strength hitherto unsuspected in their fundamental law. Yet, while American Nationalism was Marshall's one and only great conception, and the fostering of it the purpose of his life, he was wholly out of sympathy with the National movement that led to our second conflict with Great Britain, and against the continuance of it. He heartily shared the opinion of the Federalist leaders that the War of 1812 was unnecessary, unwise, and unrighteous. THE LIFE OF JOHN MARSHALL

1755-1835

THE LIFE OF JOHN MARSHALL VOLUME IV OF IV

'TRANSCENDENT ABILITY, PERFECT INTEGRITY AND PURE PATRIOTISM'

John Marshall is a man who has become unfamiliar to many. Born on September 24th 1755, Marshall served and fought for the Continental Army in many battles in its long fight for independence from the British Crown. During the Wars latter stages he was admitted to the state bar and won election to the Virginia House of Delegates. From there he played a major part in that state's ratification of the United States Constitution. A request from President John Adams saw him travel to France in 1797 to help end attacks on American shipping in what was known as the XYZ Affair. Returning to the United States he won election to the United States House of Representatives and emerged as a leader of the Federalist Party in Congress. In 1800 he was appointed Secretary of State and became an important figure in the Adams administration. In 1801, Adams appointed Marshall to the Supreme Court and he quickly emerged as the key figure on the court and became its Chief Justice. Under his leadership the Court moved decisively to issuing a single majority opinion that clearly set out its ruling. Marshall upheld the principle of judicial review, whereby courts could strike down federal and state laws if they conflicted with the Constitution. With this the principle of separation of powers was more easily enabled and the position of the American judiciary as an independent and co-equal branch of government was made de-facto. John Marshall remains the longest-serving chief justice and fourth-longest serving justice in Supreme Court history. He died on July 6th, 1835.

AN EULOGY ON THE LIFE AND CHARACTER OF JOHN MARSHALL

CHIEF JUSTICE OF THE SUPREME COURT OF THE UNITED STATES, DELIVERED AT THE REQUEST OF THE COUNCILS OF PHILADELPHIA, ON THE 24TH SEPTEMBER, 1835

THE LIFE OF JOHN MARSHALL

1800-1815. CONFLICT AND CONSTRUCTION

THE GREAT CHIEF JUSTICE

JOHN MARSHALL AND THE RULE OF LAW

"John Marshall remains one of the towering figures in the landscape of American law. From the Revolution to the age of Jackson, he played a critical role in defining the "province of the judiciary" and the constitutional limits of legislative action. In this masterly study, Charles Hobson clarifies the coherence and thrust of Marshall's jurisprudence while keeping in sight the man as well as the jurist." "Hobson argues that contrary to his critics, Marshall was no ideologue intent upon appropriating the lawmaking powers of Congress. Rather, he was deeply committed to a principled jurisprudence that was based on a steadfast devotion to a "science of law" richly steeped in the common law tradition. As Hobson shows, such jurisprudence governed every aspect of Marshall's legal philosophy and court opinions, including his understanding of judicial review." "The chief justice, Hobson contends, did not invent judicial review (as many have claimed) but consolidated its practice by adapting common law methods to the needs of a new nation. In practice, his use of judicial review was restrained, employed almost exclusively against acts of the state legislatures. Ultimately, he wielded judicial review to prevent the states from undermining the power of a national government still struggling to establish sovereignty at home and respect abroad."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. WITHOUT PRECEDENT

CHIEF JUSTICE JOHN MARSHALL AND HIS TIMES

Penguin The remarkable story of John Marshall who, as chief justice, statesman, and diplomat, played a pivotal role in the founding of the United States. No member of America's Founding Generation had a greater impact on the Constitution and the Supreme Court than John Marshall, and no one did more to preserve the delicate unity of the fledgling United States. From the nation's founding in 1776 and for the next forty years, Marshall was at the center of every political battle. As Chief Justice of the United States - the longest-serving in history - he established the independence of the judiciary and the supremacy of the federal Constitution and courts. As the leading Federalist in Virginia, he rivaled his cousin Thomas Jefferson in influence. As a diplomat and secretary of state, he defended American sovereignty against France and Britain, counseled President John Adams, and supervised the construction of the city of Washington, D.C. This is the astonishing true story of how a rough-cut frontiersman - born in Virginia in 1755 and with little formal education - invented himself as one of the nation's preeminent lawyers and politicians who then reinvented the Constitution to forge a stronger nation. Without Precedent is the engrossing account of the life and times of this exceptional man, who with cunning, imagination, and grace shaped America's future as he held together the Supreme Court, the Constitution, and the country itself.
