The Life of John Marshall, Vol. 1 (Classic Reprint)

Excerpt from *The Life of John Marshall, Vol. 1* The work of John Marshall has been of supreme importance in the development of the American Nation, and its influence grows as time passes. Less is known of Marshall, however, than of any of the great Americans. Indeed, so little has been written of his personal life, and such exalted, if vague, encomium has been paid him, that, even to the legal profession, he has become a kind of mythical being, endowed with virtues and wisdom not of this earth. He appears to us as a gigantic figure looming, indistinctly, out of the mists of the past, impressive yet lacking vitality, and seemingly without any of

those qualities that make historic personages intelligible to a living world of living men. Yet no man in our history was more intensely human than John Marshall and few had careers so full of movement and color. His personal life, his characteristics and the incidents that drew them out, have here been set forth so that we may behold the man as he appeared to those among whom he lived and worked. It is, of course, Marshall's public work with which we are chiefly concerned. His services as Chief Justice have been so lauded that what he did before he ascended the Supreme Bench has been almost entirely forgotten. His greatest opinions, however, cannot be fully understood without considering his previous life and experience. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Great Dissenter

The Story of John Marshall Harlan, America's Judicial Hero

Simon and Schuster **The definitive, sweeping biography of an American hero who stood against all the forces of Gilded Age America to fight for civil rights and economic freedom: Supreme Court Justice John Marshall Harlan. They say that history is written by the victors. But not in the case of the most famous dissenter on the Supreme Court. Almost a century after his death, it was John Marshall Harlan's words that helped end segregation, and gave us our civil rights and our modern economic freedom. But his legacy would not have been possible without the courage of Robert Harlan, a slave who John's father raised like a son in the same household. After the Civil War, Robert emerges as a political leader. With Black people holding power in the Republican Party, it is Robert who helps John land his appointment to the Supreme Court. At first, John is awed by his fellow justices, but the country is changing. Northern whites are prepared to take away black rights to appease the South. Giant trusts are monopolizing entire industries. Against this onslaught, the Supreme Court seemed all too willing to strip away civil rights and invalidate labor protections. As case after case comes before the court, challenging his core values, John makes a fateful decision: He breaks with his colleagues in fundamental ways,**

becoming the nation's prime defender of the rights of Black people, immigrant laborers, and people in distant lands occupied by the United States. Harlan's dissents, particularly in *Plessy v. Ferguson*, were widely read and a source of hope for decades. Thurgood Marshall called Harlan's *Plessy* dissent his "Bible"—and his legal roadmap to overturning segregation. In the end, Harlan's words built the foundations for the legal revolutions of the New Deal and Civil Rights eras. Spanning from the Civil War to the Civil Rights movement and beyond, *The Great Dissenter* is an epic rendering of the American legal system's greatest failures and most inspiring successes.

The Life of George Washington Commander in Chief of the American Forces

This is the first of five volumes written by John Marshall on George Washington and the early years of the colonies and the eventual United States.

Without Precedent

Chief Justice John Marshall and His Times

Penguin The remarkable story of John Marshall who, as chief justice, statesman, and diplomat, played a pivotal role in the founding of the United States. No member of America's Founding Generation had a greater impact on the Constitution and the Supreme Court than John Marshall, and no one did more to preserve the delicate unity of the fledgling United States. From the nation's founding in 1776 and for the next forty years, Marshall was at the center of every political battle. As Chief Justice of the United States - the longest-serving in history - he established the independence of the judiciary and the supremacy of the federal Constitution and courts. As the leading Federalist in Virginia, he rivaled his cousin Thomas Jefferson in influence. As a diplomat and secretary of state, he defended American sovereignty against France and Britain, counseled President John Adams, and supervised the construction of the city of Washington, D.C. This is the astonishing true story of how a rough-cut frontiersman - born in Virginia in 1755 and with little formal education - invented himself as one of the nation's preeminent lawyers and politicians who then reinvented the Constitution to forge a stronger nation. Without

Precedent is the engrossing account of the life and times of this exceptional man, who with cunning, imagination, and grace shaped America's future as he held together the Supreme Court, the Constitution, and the country itself.

John Marshall

The Man Who Made the Supreme Court

Hachette UK **The life of John Marshall, Founding Father and America's premier chief justice. In 1801, a genial and brilliant Revolutionary War veteran and politician became the fourth chief justice of the United States. He would hold the post for 34 years (still a record), expounding the Constitution he loved. Before he joined the Supreme Court, it was the weakling of the federal government, lacking in dignity and clout. After he died, it could never be ignored again. Through three decades of dramatic cases involving businessmen, scoundrels, Native Americans, and slaves, Marshall defended the federal government against unruly states, established the Supreme Court's right to rebuke Congress or the president, and unleashed the power of American commerce. For better and for worse, he made the Supreme Court a pillar of American life. In John Marshall, award-winning biographer Richard Brookhiser vividly chronicles America's greatest judge and the world he made.**

John Marshall

Definer of a Nation

Henry Holt and Company **A New York Times Notable Book of 1996 It was in tolling the death of Supreme Court Chief Justice John Marshall in 1835 that the Liberty Bell cracked, never to ring again. An apt symbol of the man who shaped both court and country, whose life "reads like an early history of the United States," as the Wall Street Journal noted, adding: Jean Edward Smith "does an excellent job of recounting the details of Marshall's life without missing the dramatic sweep of the history it encompassed." Working from primary sources, Jean Edward Smith has drawn an elegant portrait of a remarkable man. Lawyer, jurist, scholars; soldier, comrade, friend; and, most especially, lover of fine Madeira, good food, and animated table talk: the Marshall who emerges from these pages is noteworthy for his very human qualities as for his piercing intellect, and, perhaps most extraordinary, for his talents as a leader of men and a molder of consensus. A man of many parts, a true son of the**

Enlightenment, John Marshall did much for his country, and John Marshall: Definer of a Nation demonstrates this on every page.

The Life of John Marshall Volume 2

Theclassics.us This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1919 edition. Excerpt: ... CHAPTER XI INDEPENDENCE IN CONGRESS The Constitution is not designed to secure the rights of the people of Europe or Asia or to direct proceedings against criminals throughout the universe. (Marshall.) The whole world is in arms and no rights are respected but those that are maintained by force. (Marshall.) Marshall is disposed to express great respect for the sovereign people and to quote their expressions as evidence of truth. (Theodore Sedgwick.) "I Have been much in Company with General Marshall since we arrived in this City. He possesses great powers and has much dexterity in the application of them. He is highly & deservedly respected by the friends of Government [Federalists] from the South. In short, we can do nothing without him. I believe his intentions are perfectly honorable, & yet I do believe he would have been a more decided man had his education been on the other side of the Delaware, and he the immediate representative of that country." 1 So wrote the Speaker of the House of Representatives after three weeks of association with the Virginia member whom he had been carefully studying. After another month of Federalist scrutiny, Cabot agreed with Speaker Sedgwick as to Marshall's qualities. "In Congress, you see Genl. M.[arshall] is a leader. He is I think a virtuous & certainly an able man; but you see in him the faults of a Virginian. He thinks too much of that State, & he expects the 1 Sedgwick to King, Dec. 29, 1799; King, iii, 163. world will be governed according to the Rules of Logic. I have seen such men often become excellent legislators after experience has cured their errors. I hope it will prove so with Genl. M.farshall], who seems calculated to act a great part." 1 The first session of the Sixth Congress...

The Life of John Marshall

Cosimo, Inc. John Marshall (1755-1835) became the fourth chief justice of the U.S. Supreme Court despite having had almost no formal schooling and after having studied law for a mere six weeks. Nevertheless, Marshall remains the only judge in American history whose distinction derives almost entirely from his judicial career. During Marshall's nearly 35-year tenure as chief justice, he wielded the Constitution's awe-inspiring power aggressively and wisely, setting the Supreme Court on a course for the ages by ensuring its equal position in the triumvirate of the federal government of the United States and securing its role as interpreter and enforcer of the Constitution. Marshall's judicial energies were as

unflagging as his vision was expansive. This four-volume life of Marshall received wide acclaim upon its initial publication in 1920, winning the Pulitzer Prize that year, and makes fascinating reading for the lawyer, historian, and legal scholar.

The Life of John Marshall

General Books Purchase of this book includes free trial access to www.million-books.com where you can read more than a million books for free. This is an OCR edition with typos. Excerpt from book: CHAPTER H . MARSHALL AND STORY Either the office was made for the man or the man for the office. (George S. Hillard.) I am in love with his character, positively in love. (Joseph Story.) In the midst of these gay circles my mind is carried to my own fireside and to my beloved wife. (Marshall.) Now the man Moses was very meek, above all the men which were upon the face of the earth. (Numbers xn, 3.) t will be difficult to find a character of firmness enough to preserve his independence on the same bench with Marshall.1 So wrote Thomas Jefferson one year after he had ceased to be President. He was counseling Madison as to the vacancy on the Supreme Bench and one on the district bench at Richmond, in filling both of which he was, for personal reasons, feverishly concerned. We are now to ascend with Marshall the mountain peaks of his career. Within the decade that followed after the close of our second war with Great Britain, he performed nearly all of that vast and creative labor, the lasting results of which have given him that distinctive title, the Great Chief Justice. During that period he did more than any other one man ever has done to vitalize the American Constitution; and, in the performance of that task, his influence over his associates was unparalleled.2 1 Jefferson to Madison, May 25, 1810, Works: Ford, xi, 140. There is no man in the court that strikes me like Marshall. . . I have never seen a man of whose intellect I had a higher opinion. (Webster to his brother, March 28, 1814, Private Correspondence of Daniel Webster: Webster, I, 244.) In the possession of an ordinary man . . it the office of ChiefJustice] would be very apt to disgrace him. (Story to McLean, Oct. 12, 1835, Story, n, 208.) When Justices Chase and Gushing die...

UNC Press Books This book is an innovative combination of personal and judicial biography which illuminates and explains the contradictions and puzzles in Supreme Court Justice Harlan's judicial career.

Wide-Open World

How Volunteering Around the Globe Changed One Family's Lives Forever

Ballantine Books For readers of *Three Cups of Tea*; *Eat, Pray, Love*; and *Wild* comes the inspiring story of an ordinary American family that embarks on an extraordinary journey. *Wide-Open World* follows the Marshall family as they volunteer their way around the globe, living in a monkey sanctuary in Costa Rica, teaching English in rural Thailand, and caring for orphans in India. There's a name for this kind of endeavor—voluntourism—and it might

just be the future of travel. Oppressive heat, grueling bus rides, backbreaking work, and one vicious spider monkey . . . Best family vacation ever! John Marshall needed a change. His twenty-year marriage was falling apart, his seventeen-year-old son was about to leave home, and his fourteen-year-old daughter was lost in cyberspace. Desperate to get out of a rut and reconnect with his family, John dreamed of a trip around the world, a chance to leave behind, if only just for a while, routines and responsibilities. He didn't have the money for resorts or luxury tours, but he did have an idea that would make traveling the globe more affordable and more meaningful than he'd ever imagined: The family would volunteer their time and energy to others in far-flung locales. *Wide-Open World* is the inspiring true story of the six months that changed the Marshall family forever. Once they'd made the pivotal decision to go, John and his wife, Traca, quit their jobs, pulled their kids out of school, and embarked on a journey that would take them far off the beaten path, and far out of their comfort zones. Here is the totally engaging, bluntly honest chronicle of the Marshalls' life-altering adventure from Central America to East Asia. It was no fairy tale. The trip offered little rest, even less relaxation, and virtually no certainty of what was to come. But it did give the Marshalls something far more valuable: a once-in-a-lifetime opportunity to conquer personal fears, strengthen family bonds, and find their true selves by helping those in need. In the end, as John discovered, he and his family did not change the world. It was the world that changed them. Praise for *Wide-Open World* "Marshall's use of rich details locates readers firmly in each time and place, enabling them to sense the adventure, wonder and joy he experienced in his surroundings and in watching his children grow into hardworking, more responsible teens, as well as the frustrations and disappointments he and his family inevitably encountered along the way. A great armchair adventure that should inspire others to consider voluntourism as a way to help others and see the world."—Kirkus Reviews "Each new location combines beautiful scenery with a dose of sentiment, a good deal of humor, and some heartfelt consideration of the human condition. . . . His philosophy may not fit everyone and the ending is bittersweet, but this is an enticing call to service."—Publishers Weekly "Wide-Open World is an adventure made up of countless small moments of human connection. It's an armchair travelogue that may well inspire you to do good off the beaten path."—BookPage "For anyone who has ever imagined what it would be like to pack up, unplug, pull the kids out of school, and travel around the world, this volunteer adventure is your ticket. *Wide-Open World* will move, engage, and inspire you, even if you never leave the couch."—Christina Baker Kline, #1 New York Times bestselling author of *Orphan Train*

The Great Chief Justice

John Marshall and the Rule of Law

"John Marshall remains one of the towering figures in the landscape of American law. From the Revolution to the age of Jackson, he played a critical role in defining the "province of the judiciary" and the constitutional limits of legislative action. In this masterly study, Charles Hobson clarifies the coherence and thrust of Marshall's jurisprudence while keeping in sight the man as well as the jurist." "Hobson argues that contrary to his critics, Marshall was no ideologue intent upon appropriating

the lawmaking powers of Congress. Rather, he was deeply committed to a principled jurisprudence that was based on a steadfast devotion to a "science of law" richly steeped in the common law tradition. As Hobson shows, such jurisprudence governed every aspect of Marshall's legal philosophy and court opinions, including his understanding of judicial review." "The chief justice, Hobson contends, did not invent judicial review (as many have claimed) but consolidated its practice by adapting common law methods to the needs of a new nation. In practice, his use of judicial review was restrained, employed almost exclusively against acts of the state legislatures. Ultimately, he wielded judicial review to prevent the states from undermining the power of a national government still struggling to establish sovereignty at home and respect abroad."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Anthrax Island

Canelo **'A first class thriller... This debut is going to be huge' Mari Hannah, author of Without a Trace 'Everyone's going to love this! I wish I'd written it' Russ Thomas, author of Firewatching FACT: In 1942, in growing desperation at the progress of the war and fearing invasion by the Nazis, the UK government approved biological weapons tests on British soil. Their**

aim: to perfect an anthrax weapon destined for Germany. They succeeded. **FACT:** Though the attack was never launched, the testing ground, Gruinard Island, was left lethally contaminated. It became known as Anthrax Island. Now government scientists have returned to the island. They become stranded by an equipment failure and so John Tyler is flown in to fix the problem. He quickly discovers there's more than research going on. When one of the scientists is found impossibly murdered inside a sealed room, Tyler realises he's trapped with a killer... A gripping thriller that will leave you guessing until the final page. Perfect for fans of Terry Hayes, James Swallow and Alistair MacLean. Praise for Anthrax Island 'Uncomfortably well researched and brimming with pace, Anthrax Island is that rare thing: a thoughtful and intelligent thriller. Absolutely brilliant' M. W. Craven, 2019 CWA Gold Dagger award winning author of *The Puppet Show* 'A nerve-shredding thriller packed full of atmosphere and tension from a writer to watch' Doug Johnstone, author of *The Big Chill* 'Anthrax Island makes brilliant use of a unique setting, and at times reads like Agatha Christie by way of John Carpenter's *The Thing*. Enthralling' Mason Cross, author of *Presumed Dead* 'Anthrax Island is an exhilarating thrill ride with so many twists and turns that it's impossible to predict what's going to happen next. A classic mystery with a contemporary twist, Anthrax Island is a joy' Chris McGeorge, author of *Inside Out* 'Smart, rocket-paced and super twisty this phenomenal debut thriller is like a cross between Jack Reacher, Bond, and *And Then There Were None*. A real must read!' Steph Broadribb, author of *Deep Down Dead* 'Absolute belter! Seriously, if Hercule Poirot and James Bond had a baby and sent him to the Jason Bourne School for Badasses he would grow up to be John Tyler. Cars, cash, poison, guns, thrills, chills and murder - this book has the lot' S E Moorhead, author of *Witness X* 'A genre-busting debut. It's like the bastard son of Agatha Christie and Ian Fleming watched *The Thing* on repeat before bashing out a pacy, locked-room, action-adventure thriller' Trevor Wood, 2020 CWA John Creasey (New Blood) Dagger award-winning author of *One Way Street*

Paving the Way

The First American Women Law Professors

Law in the Public Square When it comes to breaking down barriers for women in the workplace, Ruth Bader Ginsburg's name speaks volumes for itself--but, as she clarifies in the foreword to this long-awaited book, there are too many trailblazing names we do not know. Herma Hill Kay, former Dean of UC Berkeley School of Law and Ginsburg's closest professional colleague, wrote *Paving the Way* to tell the stories of the first fourteen female law professors at ABA- and AALS-accredited law schools in the

United States. Kay, who became the fifteenth such professor, labored over the stories of these women in order to provide an essential history of their path for the more than 2,000 women working as law professors today and all of their feminist colleagues. Because Herma Hill Kay, who died in 2017, was able to obtain so much first-hand information about the fourteen women who preceded her, *Paving the Way* is filled with details, quiet and loud, of each of their lives and careers from their own perspectives. Kay wraps each story in rich historical context, lest we forget the extraordinarily difficult times in which these women lived. *Paving the Way* is not just a collection of individual stories of remarkable women but also a well-crafted interweaving of law and society during a historical period when women's voices were often not heard and sometimes actively muted. The final chapter connects these first fourteen women to the "second wave" of women law professors who achieved tenure-track appointments in the 1960s and 1970s, carrying on the torch and analogous challenges. This is a decidedly feminist project, one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death.

Knell of the Union

Dorrance Publishing **Knell of the Union** By: Lorrie Nimsgern How could a country, once united to remove a foreign power from its land, find itself

divided less than one hundred years later? Knell of the Union highlights some of the men and events of the era that led the United States into a civil war. Leaders of the time forged a new government and faced nullification movements, rebellions and uprisings, expansionism, slavery, and attempts at compromise. Along the way, states' rights clashed with federal sovereignty while the nation grew and prospered. Now, as the nation is again divided, what can be learned from our understanding of the past?

A Fighter Tanker's Story

As Told by Staff Sgt. John F. Marshall

A Fighter Tanker's Story by John F. Marshall is the true memoir of a farm-boy-turned-soldier and his poignant, crushingly real, and often unexpectedly funny experiences in World War II. In stark and almost poetic prose, the reader joins Marshall and his tank crew as they defy the odds and battle across Europe. On the first day of combat his tank commander is killed before the tank fires a single shot. But he and his crew continue to fight through every stage of the War in Europe: the Hürtgen Forest, the Battle of the Bulge and in the small and sometimes deadly hamlets of France, Belgium, Luxembourg and Germany. From "regular" days (such as digging latrines and KP duty) to events that could appear in a movie (like a chance meeting with General Patton), Marshall's descriptions recount one soldier's everyday life in World War II.

Washington

A Life

Penguin UK **The celebrated Ron Chernow provides a richly nuanced portrait of the father of America. With a breadth and depth matched by no other one-volume life, he carries the reader through Washington's troubled boyhood, his precocious feats in the French and Indian Wars, his creation of Mount Vernon, his heroic exploits with the Continental Army, his presiding over the Constitutional Convention and his magnificent performance as America's first president. Despite the reverence his name inspires Washington remains a waxwork to many readers, worthy but dull, a laconic man of remarkable self-control. But in this groundbreaking work Chernow revises forever the uninspiring stereotype. He portrays Washington as a strapping, celebrated horseman, elegant dancer and tireless hunter, who guarded his emotional life with intriguing ferocity. Not**

only did Washington gather around himself the foremost figures of the age, including James Madison, Alexander Hamilton, John Adams, and Thomas Jefferson, he orchestrated their actions to help realise his vision for the new federal government, define the separation of powers, and establish the office of the presidency. Ron Chernow takes us on a page-turning journey through all the formative events of America's founding. This is a magisterial work from one of America's foremost writers and historians.

John Marshall: Writings (LOA #198)

Library of America "It is emphatically the province and duty of the judicial department," John Marshall wrote in *Marbury v. Madison*, "to say what the law is." As its Chief Justice from 1801 to 1835, Marshall made the Supreme Court a full and equal branch of the federal government. In so doing, he joined Washington, his mentor, and Jefferson, his ideological rival, in the first rank of American founders. His legacy extends far beyond *Marbury*, which held for the first time that the Supreme Court has the power to declare acts of Congress unconstitutional. Under his leadership, the Court upheld the constitutionality of a national bank, established the supremacy of the federal judiciary over state courts and legislatures in matters of constitutional interpretation, and profoundly influenced the economic development of the nation through vigorous interpretation of the contract and interstate commerce clauses. His major judicial opinions are eloquent public papers, written with the conviction that "clearness and precision are most essential qualities," and designed to inform and persuade the citizens of the new republic about the meaning and purpose of their Constitution. This volume collects 200 documents written between 1779 and 1835, including Marshall's most important judicial opinions, his influential rulings during the Aaron Burr treason trial, speeches, newspaper essays, and revealing letters to friends, fellow judges, and his beloved wife, Polly. It follows Marshall's varied career before becoming Chief Justice: as an officer in the Revolution, a supporter of the ratification of the Constitution, an envoy to France during the notorious "XYZ Affair," a congressman, and secretary of state in the Adams administration. The personal correspondence gathered here reveals the conviviality, good humor, and unpretentiousness that helped him unite the Court behind many of his landmark decisions, while selections from his biography of George Washington offer vivid descriptions of battles he fought in as a young man. Charles F. Hobson, editor, is the author of *The Great Chief Justice: John Marshall and the Rule of Law*. He is the editor of *The Law Papers of St. George Tucker* at the Omohundro Institute of Early American History and Culture and was the editor of *The Papers of John Marshall*. "A marvelous and much-needed single-volume collection of the writings of America's greatest Chief Justice, selected by the scholar who knows him best." - Gordon Wood, author of *Empire of Liberty* LIBRARY OF AMERICA is an

independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
