Rock Your World with the Divine Mother Bringing the Sacred Power of the Divine Mother into Our Lives

New World Library **The Divine Mother is known by many names and takes many forms. In Christianity, she is the Virgin Mary. In China, she is universally loved as the goddess of compassion, Quan Yin. In Hawaii, Pele, the goddess of fire, manifests in the form of a woman near the volcanoes. In India, she is embodied by Kali, Lakshmi, Tara, and other goddesses. The fusion of feminine qualities from all religions and traditions, the Divine Mother can be a nurturing presence and a powerful guide along your individual spiritual path. Through stories, prayers, and teachings, Sondra Ray enthusiastically escorts you into the profound reawakening of the sacred feminine in the hearts and minds of seekers throughout the world. Ray describes her pilgrimages to holy places where she has sought the divine feminine, from the revered Baca Valley in Colorado to the Himalayan foothills. Her reflections on Amma (the hugging saint), Mother Teresa, Mary Magdalene, and other Divine Mothers, as well as men like Shastriji and Babaji, who embrace the feminine aspect of divinity, provide insight and inspiration as well as suggestions for worship and renewal. Ray's delightful and awe-inspiring adventures, coupled with insightful teachings and prayers, show how embracing the Divine Mother can help attract more love, abundance, clarity, and wisdom into your life. In Rock Your World with the Divine Mother, Ray demonstrates that the Divine Mother's presence is essential for both inner peace and peace in the world.**

Finding Your Power to Be Happy: Seven Practices to Bring Unconditional Happiness into Your Life

[D.E. Hardesty](#) Learn to find the happiness that is natural to you, and enjoy better relationships, better health, more success and a longer life. The peculiar thing about us humans is, we spend a lot of time working to find people and things that will make us happy. In fact, we seem to spend the majority of our time doing this. However, there is no guarantee that any of this effort will work. There are lots of people who have hordes of people around them, and who have lots of things, but have been unable to make themselves happy. The truth is, happiness can be had with little effort. Have you ever been happy for no reason at all? Of course you have. Without anything changing in life, happiness just appears. We see it in young children all the time. In fact, we expect to see it in children. If you happen to ask a smiling child why he or she is so happy, at best the answer may be, "Because." For an adult this may be an unsatisfying answer, but for the child it is the truth -- happiness exists "just because." As we age we seem to lose touch with happiness-for-no-reason-at-all. We see a world where everyone is striving for stuff, striving for popularity, striving, striving, striving. The natural fount of happiness we once enjoyed disappears as we join them. However, that happiness is not gone. All that happened is we lost our connection to it. This book is about recovering that connection. We all grow up believing that if we work hard, and if we are good people, we will enjoy good relationships with others, good health, success and a long life. Obviously this is not true. There are a lot of rich old people who are not happy. What we have, what we do, and the other circumstances of our lives do not provide authentic happiness. Instead, happiness comes from inside of us, and all by itself enables us to have secure relationships, good health, more success and longer lives. So, what is the secret of being happy? Being happy is a little like flipping a switch. When it's on you are happy and when it's off you are not. It's so easy. How else can you explain being happy for no reason. What you

need to do is learn to turn it on, and keep it turned on. This book discusses seven practices that help you do that. There is a lot of wisdom available about how to be happy. Most of it is thousands of years old, but some is quite new. The seven practices we will look at incorporate this wisdom to help you learn how to turn on happiness in your life. This kind of happiness does not require changing anything in your life. All you have to do is learn to turn it on.

Religion and the Natural Sciences

The Range of Engagement

Wipf and Stock Publishers The first half of 'Religion and the Natural Sciences' is an introduction to the discussion of science and religion. Here the reader learns why there is any debate at all and what resources exist for responding to it. The second half deals with specific issues that arise in the individual sciences, from astronomy and physics to biology and ecology. Any project hoping to connect science and religion must supply the categories of connection, which are found primarily, although not exclusively, in philosophy. The simplicity of the arrangement and the nature of the selections are intended to make 'Religion and the Natural Sciences' available to as wide an audience as possible, including students from the sciences and technology, the professions, the humanities and liberal studies, and theology.

Harper's Novels

A collection of many select and Christian epistles, letters and testimonies, written on sundry occasions, by that ancient, eminent, faithful Friend and minister of Christ Jesus, George Fox

A Journey to the Centre of the Earth and more

5 Jules Verne Classics: Around the World in 80 Days, From the Earth to the Moon, The Mysterious Island & 20 000 Leagues under the Sea

DigiCat Writing in France in the nineteenth century, Jules Verne was fascinated by adventure and exploration. Collecting "A Journey to the Center of the Earth", "Around the World in 80 Days", "From the Earth to the Moon", "Twenty Thousand Leagues Under the Sea" and "The Mysterious Island", this omnibus offers a unique compilation of five of Verne's Voyages, stories in which he extrapolated developing technology and invention into marvellous fiction. This volume offers readers a generous introduction to Jules Verne, whose books are as alive today as they were for readers new to the ideas expressed in them during his time. Jules Gabriel Verne (1828 - 1905) was a French novelist, poet, and playwright best known for his adventure novels and his profound influence on the literary genre of science fiction.

A Journey to the Center of the Earth

High Interest Classics with Comprehension Activities

EDCON Publishing Group The intrepid Professor Lindenbrock embarks upon the strangest expedition of the nineteenth century: a journey down an extinct Icelandic volcano to the Earth's very core. In his quest to penetrate the planet's primordial secrets, the geologist - together with his quaking nephew Axel and their devoted guide, Hans - discovers an astonishing subterranean menagerie of prehistoric proportions. Verne's imaginative tale is at once the ultimate science fiction adventure and a reflection on the perfectibility of human understanding and the psychology of the questor.

The Cultivator & Country Gentleman

The Women's Study Bible

New Living Translation Second Edition

[Oxford University Press, USA](#) "Everyone knows about Noah, Moses, and Paul. But what about Hagar, Michal, and Priscilla, all women who had a direct influence in the story of God's people? The Bible is full of fascinating, powerful, and faithful women, as well as lessons that have unique meaning for women today." "In The Women's Study Bible, respected Bible scholars draw out these often overlooked stories and reveal the lives of women at the time and share lessons for women of today. Separate sidebars cover topics such as midwifery, women disciples, and female images of God. The Women's Study Bible doesn't shy away from the difficult issues, but helps readers to understand them better in both their original context and the modern world." "The New Living Translation of the Bible uses inclusive language for humanity and where it is clear that both male and female are meant to be included." --Book Jacket.

50 Maps of the World

Explore the World With 50 Fact-filled Maps!

[50 States](#) **50 Maps of the World** is an essential addition to the bookshelf of any young travel lover, map maestro, or geography genius. Spanning the world from Spain to Singapore, Colombia to Canada, Turkey to Tanzania, discover all you need to know about some of the most awesome places on Earth. Geography, history, and culture spill from the pages in this luxuriously illustrated treasure trove of travel knowledge. Each two-page spread is dedicated to a different country, providing both quick-fire facts and the chance to delve deeper into what makes every nation unique. Natural wonders, bustling metropolises, storied pasts, and cultural icons are all presented in expert detail by a pair of experienced explorers. Meet our earliest ancestors in Ethiopia, marvel at Machu Picchu in Peru, and visit the floating villages of Cambodia in this colorful guide to 50 fascinating countries. Each spread includes dozens of spotlighted locations, a timeline of the nation's history, and introductions to the people who have helped shape it. With the expertise of Ben Handicott (*Hello Atlas*, *Atlas of Adventures: Wonders of the World*) and Kalya Ryan, alongside the stunning illustrations of Sol Linero (*The 50 States*, *50 Cities of the U.S.A.*), experience the diversity of our world like never before. **50 Maps of the World** reimagines what maps can be, providing not just a geographical fact fest but a vivid insight into the history, culture, and wildlife that shape our living world. It is the perfect gift for young globetrotters and armchair travelers alike. Also available from the 50 States series: *The 50 States*, *The 50 States: Activity Book*, *The 50 States: Fun Facts*, *50 Cities of the U.S.A.*, *50 Trailblazers of the 50 States*, and *I Spy the 50 States*.
